12 organization of the United States; and
(B) manages the anti-doping program, results management processes, drug reference resources, and athlete education for all United States Olympic Committee-recognized national governing bodies and the athletes and events of such national governing bodies.

(2) The United States Anti-Doping Agency contributes to the advancement of clean sport through scientific research, anti-doping education, and outreach programs, and the mission of the United States Anti-Doping Agency is to preserve the integrity of competition and protect the rights of athletes.

(3) Participation in youth sports has the potential to equip young athletes with important skills and values necessary for success in life, and it is essential that the culture of youth sports emphasizes such skills and values.

(4) The TrueSport program of the United States Anti-Doping Agency partners with youth sport organizations across the United States to promote sportsmanship, character building, and healthy performance through the use of targeted educational materials designed to promote a positive youth sport experience.
(5) In modifying the authority of the United States Anti-Doping Agency to include the promotion of the positive values of youth sport, Congress sends a strong signal that the goals of youth sport should include instilling in young athletes the values of integrity, respect, teamwork, courage, and responsibility.

(6) Due to the unique leadership position of the United States in the global community, adequate funding of the anti-doping and clean sport programs of the United States Anti-Doping Agency is imperative to the preparation for the 2028 Summer Olympic Games, which will be held in Los Angeles, California.

(7) Increased appropriations for fiscal years 2022 through 2030 would enable the United States Anti-Doping Agency to directly affect the integrity and well-being of sport, both domestically and internationally.
