DIVISION __ – MILITARY CONSTRUCTION, VETERANS AFFAIRS, AND RELATED AGENCIES APPROPRIATIONS ACT, 2024

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 118-122 and Senate Report 118-43 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where House Report 118-122, Senate Report 118-43 or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Military Construction, Veterans Affairs, and Related Agencies and the Senate Subcommittee on Military Construction, Veterans Affairs, and Related Agencies.

TITLE I
DEPARTMENT OF DEFENSE

Military Construction Overview

Reprogramming Guidelines.—The following reprogramming guidelines apply for all military construction and family housing projects. A project or account (including the sub-elements of an account) which has been specifically reduced by the Congress in acting on the budget request is considered to be a congressional interest item and as such, prior approval is required. Accordingly, no reprogrammings to an item specifically reduced below the threshold by the Congress are permitted.

The reprogramming criteria that apply to military construction projects, as well as new housing construction projects and improvements, is \$6,000,000 or 25 percent of the funded amount, whichever is less. To provide the Services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement, lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, provided that such remediation requirements could not be reasonably anticipated at the time of the budget submission. This exclusion applies to projects authorized in this budget year, as well as projects authorized in prior years for which construction has not been completed.

Furthermore, in instances where prior approval of a reprogramming request for a project or account has been received from the Committees, the adjusted amount approved becomes the new base for any future increase or decrease via below-threshold reprogrammings (provided that the project or account is not a congressional interest item as defined above).

In addition to these guidelines, the Services are directed to adhere to the guidance for military construction reprogramming actions and notifications, including the pertinent statutory authorities contained in Department of Defense (DOD) Financial Management Regulation 7000.14-R and relevant updates and policy memoranda.

Facilities Sustainment, Restoration and Modernization (FSRM).—The Department of Defense is directed to continue describing on form 1390 the backlog of FSRM requirements at installations with future construction projects. For troop housing requests, form 1391 should describe any FSRM conducted in the past two years. Likewise, future requirements for unaccompanied housing at the corresponding installation should be included. Additionally, the forms should include English equivalent measurements for projects presented in metric measurement. Rules for funding repairs of facilities under the Operation and Maintenance accounts are described below:

- (1) components of the facility may be repaired by replacement. Such replacement can be up to current standards or codes;
- (2) interior arrangements and restorations may be included as repair;
- (3) additions and new facilities may be done concurrently with repair projects, as long as the final conjunctively funded project is a complete and usable facility; and
- (4) the appropriate Service Secretary shall notify the appropriate committees prior to carrying out any repair project with an estimated cost in excess of \$7,500,000.

This language replaces the language under the heading “FSRM” in House Report 118-122 and the language under the heading “Real Property Maintenance” in Senate Report 118-43.

Military Construction Funding.—The agreement includes \$18,675,000,000, which is \$2,000,056,000 above the budget request, in a continued effort to support current and future force readiness through critical infrastructure investments. This funds unfunded requirements and addresses other priorities that have been historically neglected in budget requests, such as resiliency and quality of life projects. While Congress continues to provide funding above the budget request for military construction, the Committees again encourage the Department to adequately resource these accounts.

Strategic Construction in the Indo-Pacific Region.—Since fiscal year 2020 the Committees have provided more than \$128,000,000 above the budget request to assist Indo-Pacific Command (INDOPACOM) in developing and executing military construction projects that enhance U.S. posture and partnerships in the region. The Committees are encouraged by the Department’s proposed INDOPACOM construction investments and continue to fund additive

efforts to effectively and efficiently address infrastructure requirements. The agreement provides \$69,000,000 in planning and design and \$62,000,000 in unspecified minor construction as identified on INDOPACOM's unfunded priorities list. Lastly, the Committees note that the additional unspecified minor construction funds provided are not limited to the Exercise Related Construction program but are available for any unspecified minor construction undertaken by INDOPACOM.

Military Installation Resilience.—Since fiscal year 2020 the Committees have provided dedicated planning and design and unspecified minor construction funding to support installation resilience. The primary intent of this funding has been to develop and carry out projects that mitigate climate change risks to military installations. The Committees believe that such investments are critical to installation readiness and therefore provide \$30,000,000 for planning and design and unspecified minor construction in section 128 to continue to develop projects, conduct studies and analyses, and update Unified Facility Criteria that will directly enhance military installation resilience.

Child Development Centers (CDCs).—The Committees continue to recognize the importance of access to childcare in improving both readiness and quality of life for service members and their families. The agreement includes \$336,320,000 for CDCs, which provides \$276,820,000 for construction of six new CDCs and \$59,500,000 in planning and design funding to help develop future construction projects. The Committees encourage the Services to continue to focus on improving and replacing aging facilities, especially at underserved installations.

Laboratory Infrastructure.—The Committees are concerned that aging laboratory infrastructure threatens the ability of Services to maintain the advanced technology necessary to keep ahead of U.S. adversaries across all domains. Accordingly, the agreement includes an additional \$30,000,000 in section 129 for planning and design and unspecified minor construction for laboratory infrastructure projects.

Condition of DOD Barracks.—The Committees recognize ensuring the quality of DOD unaccompanied housing as a priority and provide resources throughout this bill for the planning

and design and construction of barracks totaling \$662,375,000. In addition, the Committees are concerned about the findings identified in the Government Accountability Office (GAO) report entitled, “Military Barracks: Poor Living Conditions Undermine Quality of Life and Readiness” (GAO-23-105797), and urge DOD to expeditiously address the recommendations. The Committees believe that changes to DOD policies and practices, such as establishing consistent habitability standards, and consistently identifying and addressing health and safety issues across the Services are necessary to ensure quality unaccompanied housing for servicemembers. As such, the agreement directs a report from each of the Services on how they are addressing GAO’s recommendations, including a timeline for implementation, and how they are making systemic changes to the quality of barracks not later than 90 days after enactment of this Act.

Demolition of Excess Infrastructure.—The agreement includes \$45,000,000 for unspecified minor military construction for demolition to address excess and obsolete infrastructure found on installations. While the Committees understand the need to balance demolition with other infrastructure needs, excess infrastructure can be costly to maintain and diverts resources away from current requirements.

Incremental Funding.—The Committees recognize that providing full funding for military construction projects if they are executable is ideal. However, it continues to be the practice of the Committees to provide incremental funding for certain large projects to enable the Services to more efficiently allocate military construction dollars among projects that can be executed in the year of appropriation. Therefore, the agreement includes eleven projects that have been incrementally funded.

Military Construction Funding Initiatives.—The agreement includes funding to address important unfunded priorities and cost to completes included in DOD’s unfunded priority lists provided to Congress. This includes an additional \$8,214,000 for the Army, \$182,150,000 for the Navy and Marine Corps, \$166,300,000 for the Air Force, \$62,400,000 for Defense-Wide, \$66,815,000 for the Army National Guard, \$5,200,000 for the Air National Guard, and \$23,000,000 for the Army Reserve.

MILITARY CONSTRUCTION, ARMY

The agreement provides \$2,022,775,000 for “Military Construction, Army”, which is \$552,220,000 above the budget request. Within this amount, the agreement includes \$398,145,000 for study, planning, design, architecture, and engineering services, and host nation support. MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The agreement provides \$5,531,369,000 for “Military Construction, Navy and Marine Corps”, which is \$490,818,000 below the budget request. Within this amount, the agreement includes \$711,505,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Navy and Marine Corps, \$335,563,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AZ	Marine Corps Air Station Yuma.....	Water Treatment Plant: Planning and Design...	\$8,900,000
CA	Marine Corps Base Camp Pendleton.....	Fire/Emergency Response Station (53 Area) Replacement: Planning and Design.....	2,683,000

WA	Naval Air Station Whidbey Island.....	E/A-18G Aircraft Regional Service Facility: Planning and Design.....	11,100,000

Joint Base Pearl Harbor-Hickam Infrastructure Investments.—Reflecting concerns noted in House Report 118-122, the agreement directs the Assistant Secretary of the Navy for Energy, Installations, and Environment, in consultation with the Assistant Secretary of the Air Force for Energy, Installations, and Environment to submit the report requested in House Report 118-122.

Shipyard Infrastructure Optimization Plan (SIOP).—The Committees continue to recognize the importance of SIOP and the need to adequately resource investments in dry docks and shore infrastructure as well as the development of future projects. Therefore, in addition to fully funding the budget request of \$2,285,000,000, the agreement further provides \$164,080,000 above the request to advance design efforts and address additional construction costs.

The agreement reaffirms the Committees’ belief that the management and oversight of SIOP is key to the program’s success. As such, in lieu of the direction in House Report 118-122, the agreement directs the Comptroller General to submit a report or reports, as necessary, on options for improving the management and oversight of SIOP. The Comptroller General should assess, at a minimum, the following: (1) the Navy’s acquisition strategy for procuring services and managing projects for SIOP across the shipyards; (2) the Navy’s support to the public shipyards and local shipyard construction agents; and (3) how the Navy’s policies and procedures for large facility improvements greater than \$500,000,000 compare to those of other Federal agencies. The agreement further directs the Comptroller General to brief the Committees on Appropriations of both Houses of Congress on its preliminary findings not later than 180 days after enactment of this Act, and to provide a full report on the findings of each review to the Committees at a date agreed upon at the preliminary briefing.

MILITARY CONSTRUCTION, AIR FORCE

The agreement provides \$2,741,424,000 for “Military Construction, Air Force”, which is \$136,110,000 above the budget request. Within this amount, the agreement includes \$567,874,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air Force, \$193,610,000 is for the following projects in the following amounts:

State	Location	Project	Amount

Ground Based Strategic Deterrent (GBSD) Infrastructure.—The Committees support the Sentinel program and believe effective planning and deliberate budgeting for military construction are critical to the program’s success, but are concerned about potential cost growth and schedule delays. The agreement includes \$140,000,000, as requested, for three projects to construct integrated command and training centers, as well as a missile handling complex. Recognizing the significant future investments needed and complex military construction environment moving forward, the Committees direct the Secretary of the Air Force to continue providing quarterly briefings on the infrastructure needs related to the Sentinel program.

U.S. Space Command.—The Committees recognize Section 2889 of the 2024 National Defense Authorization Act addresses the selection of the location for the United States Space Command Headquarters and restricts authorization for facilities related to the Headquarters until June 30, 2024. The Committees look forward to the completion of the reviews of the site selection process being conducted by the Inspector General of the Department of Defense and the Comptroller General of the United States, and in addition to the report on obligations and expenditures requested in House Report 118-122 and in Senate Report 118-43, the Department shall report to the congressional defense committees on the permanent location of the United States Space Command and a plan to fully address all recommendations of the Inspector General and Comptroller General.

MILITARY CONSTRUCTION, DEFENSE-WIDE
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$3,161,782,000 for “Military Construction, Defense-Wide”, which is \$177,100,000 above the budget request. Within this amount, the agreement includes \$347,545,000 for study, planning, design, architecture, and engineering services. Within the total

for Military Construction, Defense-Wide, \$36,100,000 is for the following projects in the following amounts:

State	Location	Project	Amount
DE	Dover Air Force Base.....	Blood Processing Center Replacement.....	\$30,600,000
GA	Fort Moore (Fort Benning).....	Dexter Elementary School: Planning and Design.....	500,000
NE	Offutt Air Force Base.....	DPAA Laboratory: Planning and Design.....	5,000,000

Energy Resilience and Conservation Investment Program (ERCIP).—The agreement supports DOD’s investments in energy efficiency, resilience, renewable energy systems, and energy security, and as such provides \$634,250,000 for ERCIP.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The agreement provides \$620,647,000 for “Military Construction, Army National Guard”, which is \$280,461,000 above the budget request. Within this amount, the agreement includes \$79,221,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Army National Guard, \$270,461,000 is for the following projects in the following amounts:

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The agreement provides \$293,434,000 for the “North Atlantic Treaty Organization Security Investment Program,” which is equal to the budget request.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT

The agreement provides \$489,174,000 for the “Department of Defense Base Closure Account”, which is \$100,000,000 above the budget request.

Environmental Remediation.—As the Committees continue to be concerned about the extent of per- and polyfluoroalkyl substance (PFAS) contamination at closed U.S. military installations, the agreement includes an additional \$50,000,000 above the budget request to increase the pace of cleanup at the military installations affected by PFAS. Recognizing the active costs associated with ordnance disposal and other environmental cleanup requirements, the agreement also provides additional funding for the Services to remediate hazardous

environmental sites at installations closed under previous Base Closure and Realignment rounds. Further, the agreement recognizes the Navy's efforts towards the demolition and removal of non-historically designated buildings and structures under Navy control where the sampling or remediation of radiologically contaminated materials have been the subject of substantiated allegations of fraud. The Services are directed to submit a spend plan for all additional funding to the Committees no later than 60 days after enactment of this Act.

Family Housing

Item of Interest

Housing Oversight.—The Committees continue to be concerned about poor housing conditions, inadequate maintenance response times, and other issues affecting the wellbeing of servicemembers and their families. The Committees believe that robust oversight over Military Housing Privatization Initiative (MHPI) management companies is necessary to ensure that servicemembers and their families can live in quality housing that is properly maintained. The agreement provides \$30,000,000 above the budget request for oversight of DOD's housing portfolio, including government-owned and controlled family housing, privatized family, and unaccompanied housing. The Committees expect this funding to be utilized by the Services to improve their oversight of their housing portfolios, including housing inspections and improved training for individuals conducting those inspections. The Committees are concerned that current practices, such as inspections during tenant changes, are not being carried out consistently in all cases. The Committees recognize that changes in culture and procedures are necessary, in addition to funding, to achieve sufficient oversight of all DOD housing. The Committees direct the Services to continue to review their training and inspection processes, among other methods for ensuring quality housing and holding privatized housing partners accountable, to ensure they are providing proper management of their housing portfolios, and request a briefing on such efforts no later than 120 days after enactment of this Act.

FAMILY HOUSING CONSTRUCTION, ARMY

The agreement provides \$304,895,000 for “Family Housing Construction, Army”, which is equal to the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The agreement provides \$395,485,000 for “Family Housing Operation and Maintenance, Army”, which is \$10,000,000 above the budget request.

FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

The agreement provides \$277,142,000 for “Family Housing Construction, Navy and Marine Corps”, which is equal to the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

The agreement provides \$373,854,000 for “Family Housing Operation and Maintenance, Navy and Marine Corps”, which is \$10,000,000 above the budget request.

FAMILY HOUSING CONSTRUCTION, AIR FORCE

The agreement provides \$237,097,000 for “Family Housing Construction, Air Force”, which is equal to the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE

The agreement provides \$324,386,000 for “Family Housing Operation and Maintenance, Air Force”, which is \$10,000,000 above the budget request.

FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

The agreement provides \$50,785,000 for “Family Housing Operation and Maintenance, Defense-Wide”, which is equal to the budget request.

DEPARTMENT OF DEFENSE
FAMILY HOUSING IMPROVEMENT FUND

The agreement provides \$6,611,000 for the “Department of Defense Family Housing Improvement Fund”, which is equal to the budget request.

DEPARTMENT OF DEFENSE
MILITARY UNACCOMPANIED HOUSING IMPROVEMENT FUND

The agreement provides \$496,000 for the “Department of Defense Military Unaccompanied Housing Improvement Fund”, which is equal to the budget request.

The agreement includes section 120 extending the availability of funds in the Ford Island Improvement Account.

The agreement includes section 121 allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The agreement includes section 122 allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The agreement includes section 123 prohibiting the obligation or expenditure of funds provided to the Department of Defense for military construction for projects at Arlington National Cemetery.

The agreement includes section 124 providing additional construction funds for unfunded requirements.

The agreement includes section 125 directing all amounts appropriated to “Military Construction, Army”, “Military Construction, Navy and Marine Corps”, “Military Construction, Air Force”, and “Military Construction, Defense-Wide” accounts be immediately available and allotted for the full scope of authorized projects.

The agreement includes section 126 extending the eligibility of unobligated funding for fiscal year 2017, fiscal year 2018, and fiscal year 2019 projects that have not lapsed.

The agreement includes section 127 defining the congressional defense committees.

The agreement includes section 128 providing additional funds for planning and design and unspecified minor construction in order to improve military installation resilience.

The agreement includes section 129 providing additional funds for planning and design and unspecified minor construction for DOD laboratory facilities.

The agreement includes section 130 providing the Air Force with funds for natural disaster recovery.

The agreement includes section 131 providing additional funds for planning and design of child development centers.

The agreement includes section 132 providing additional funds for planning and design for barracks.

The agreement includes section 133 providing additional funds specified to address cost increases identified subsequent to the fiscal year 2024 budget request for authorized major construction projects.

The agreement includes section 134 providing additional funds for unspecified minor construction for demolition.

The agreement includes section 135 allowing the transfer of funds to the Secretary of the Navy from the Family Housing Improvement Fund.

The agreement includes section 136 providing funding for unfunded authorized major construction projects.

The agreement includes section 137 providing funds for planning and design and authorized major construction at future foreign military training sites.

The agreement includes section 138 prohibiting the use of funds in this Act to close or realign Naval Station Guantanamo Bay, Cuba.

TITLE II
DEPARTMENT OF VETERANS AFFAIRS

VETERANS BENEFITS ADMINISTRATION
COMPENSATION AND PENSIONS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$182,310,515,000 for Compensation and Pensions in advance for fiscal year 2025. Of the amount provided, not more than \$22,109,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration (VBA) and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38. The agreement provides an additional \$15,072,388,000 above the fiscal year 2024 advance appropriation for the Compensation and Pensions account.

READJUSTMENT BENEFITS

The agreement provides \$13,399,805,000 for Readjustment Benefits in advance for fiscal year 2025. The agreement provides an additional \$374,852,000 above the fiscal year 2024 advance appropriation for the Readjustment Benefits account.

Veteran Employment Through Technology Education Courses.—The Committees expect the Department to fully fund the program consistent with current law, and encourage VA to take steps to expand the program to address increased demand, by including additional providers, particularly in areas of the country where the initiative is not currently available, as well as to help train and employ women veterans and veterans with disabilities.

Veteran Transitional Assistance Grant Program (VTAG).—The Committees continue to support VTAG and include an additional \$5,000,000 above the fiscal year 2023 level, as requested.

VETERANS INSURANCE AND INDEMNITIES

The agreement provides \$135,119,422 for Veterans Insurance and Indemnities in advance for fiscal year 2025. The agreement provides an additional \$12,701,000 above the fiscal year 2024 advance appropriation for the Veterans Insurance and Indemnities account.

VETERANS HOUSING BENEFIT PROGRAM FUND

The agreement provides such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund. The agreement limits obligations for direct loans to not more than \$500,000 and provides \$316,742,419 to be available for administrative expenses.

Home Loan Guaranty Program.—The agreement notes the Committees are concerned about the impact that the expiration of emergency authorities is having on veterans who were seeking loan forbearance during the COVID-19 pandemic for VA-guaranteed loans. While understanding that VA lacks legal authority to require servicers to pause foreclosures, VA must do everything in its power to quickly institute regulations for a new program to assist veterans facing foreclosure. The Department is directed to provide a briefing to the Committees on Appropriations of both Houses of Congress, no later than 90 days after enactment of this Act, with information including the number of VA-guaranteed loans for which servicers will not pause foreclosures, and efforts undertaken to assist the nearly 4,000 veterans whose VA-guaranteed loans were foreclosed, as well as those who avoided foreclosure by accepting new loans with highly unfavorable terms.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The agreement provides \$78,337 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$460,698 to be paid to the appropriation for General Operating Expenses, Veterans Benefits Administration. The agreement provides for a direct loan limitation of \$2,026,000.

The agreement provides for loans of up to \$1,447 (based on the indexed chapter 31 subsistence allowance rate) to service-connected disabled veterans enrolled in vocational rehabilitation programs, as provided under 38 U.S.C. chapter 31.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The agreement provides \$2,718,546 for administrative expenses of the Native American Veteran Housing Loan Program Account. This is an increase of \$1,318,546 over the fiscal year 2023 level.

GENERAL OPERATING EXPENSES, VETERANS BENEFITS ADMINISTRATION

The agreement provides \$3,899,000,000 for General Operating Expenses, Veterans Benefits Administration and, of the amount provided, up to 10 percent is available for obligation until September 30, 2025. In addition, VA estimates to use \$1,769,000,000 from the Toxic Exposures Fund to support GOE, VBA activities related to toxic exposures in fiscal year 2024.

Compensation and Pension (C&P) Claims and Medical Exams.—The Committees are reassured that the expected increase in disability claim applications by veterans because of new eligibilities in the Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act of 2022 (Public Law 117-168) is being realized. However, the Committees are concerned about a growing disability claims backlog and limited oversight of contracted providers for medical exams. As described in House Report 118-122 and Senate Report 118-43, the agreement continues to strongly encourage the implementation of special training protocols and oversight of C&P medical exams, especially for claims related to military sexual trauma.

In addition to the reporting requirements in Senate Report 118-43 on “Contract Providers for Exams”, the agreement directs the Department to submit a report to the Committees on Appropriations of both Houses of Congress no later than 180 days after enactment of this Act on the use of third-party contractors to conduct medical disability examinations of veterans for purposes of obtaining disability compensation. The report should include the number of

contractors used in each state to conduct disability compensation exams; contract performance and quality measures; the average miles a veteran is required to travel to attend a contract medical disability examination disaggregated by state; the average wait time for an individual to receive an exam; and a description of the process at the Department for handling complaints of veterans about their experience with a contracted medical disability examiner.

VETERANS HEALTH ADMINISTRATION

For fiscal year 2024, the agreement provides a total of \$121,011,303,000 for VA's medical care, equal to the budget request, and in accordance with agreements related to the Fiscal Responsibility Act of 2023 (Public Law 118-5). In addition, VA estimates to use \$17,116,000,000 from the Toxic Exposures Fund to support medical care, for a total of \$138,127,303,000 in medical care funding in fiscal year 2024.

Items of Interest

American Indian/Alaska Native, Native Hawaiian, Pacific Islander and U.S.-Affiliated Pacific Islander Veterans.—The agreement reaffirms the Committees' appreciation for American Indian/Alaska Native, Native Hawaiian, Pacific Islander and U.S.-Affiliated Pacific Islander military service and recognizes the challenges they have in securing the benefits they have earned. As described in House Report 118-122 and Senate Report 118-43, the agreement continues to require reporting on efforts to improve and expand access to benefits, mental health, preventative and wellness programs, telehealth, among other programs, and reduce homelessness, among these veteran populations. The agreement continues to support the establishment of the Center for Native Hawaiians, Pacific Islanders, and U.S.-Affiliated Pacific Islanders Health.

Child Care Assistance Expansion.—The Committees are disappointed in the Department's slower than anticipated progress to expand child care assistance to veterans receiving healthcare at all VA medical facilities by January 5, 2026, as required by the Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020 (Public Law 116-315). The agreement directs the Department to brief the Committees on

Appropriations of both Houses of Congress no later than 30 days after enactment of this Act on the status of the regulatory process, the new timeline for expansion to the planned number of sites, and progress on completing the information technology systems necessary for this expansion. Further, the agreement directs the Department to include cost estimates, timelines, and actions taken by the Department in the justifications accompanying the fiscal year 2025 budget submission. The Committees encourage the Department to re-evaluate under which program office the child care program should reside.

Special Modes of Transportation.—The Committees acknowledge the Department’s actions to postpone the final effective date for reimbursement rates for ground and air ambulance services. Before modifying these rates in accordance with the new timeline, the Department is directed to communicate directly with service providers to fully understand the impact of the proposed rule change on veterans. Further, the Department should identify staff dedicated to facilitating contracting with providers of these services at fair and appropriate reimbursement rates, to include providing technical assistance on the contracting process, and to provide support for entities who are beginning the contracting process for the first time. The agreement directs the Department to report back to the Committees on Appropriations of both Houses of Congress no later than 90 days after enactment of this Act on the feedback received from industry stakeholders and its plan for ensuring zero harm to veterans.

Congressional Oversight.—The agreement does not include the direction regarding congressional oversight in the overview to Title II of House Report 118-122.

MEDICAL SERVICES
(INCLUDING RESCISSION OF FUNDS)

The agreement provides \$71,000,000,000 in advance for fiscal year 2025 for Medical Services, with \$2,000,000,000 available through fiscal year 2026. The Committees provided an advance appropriation of \$74,004,000,000 for fiscal year 2024 for the Medical Services account in Public Law 117-328. The agreement includes a negative adjustment to the fiscal year 2024 advance of \$3,034,205,000, which provides the Department with total budget authority of \$70,969,795,000, consistent with the revised request.

In addition, VA estimates to use \$9,525,428,000 from the Toxic Exposures Fund to support medical services in fiscal year 2024. VA also has the authority to retain co-payments and third-party collections.

Caregiver Support Program

The agreement includes \$2,422,410,000 for VA's Caregivers Program, and continues the requirement for quarterly reporting on obligations.

Program of Comprehensive Assistance for Family Caregivers (PCAFC) Program.—The Committees support the Department's decision to suspend reassessments and discharges for legacy PCAFC participants, and again urges the Secretary to permit recently disqualified and denied applicants with a history in the program to have their applications automatically reconsidered under current requirements, rather than go through the appeals process.

Centers of Excellence

Neurology Centers of Excellence.—The Committees recognize the increasing number of veterans affected by neurologic conditions, including epilepsy, headache, multiple sclerosis, and Parkinson's disease. The Neurology Centers of Excellence provide essential innovative clinical care, education, and research efforts focused on these conditions. Further investment and collaboration of the Centers across disciplines is encouraged, and the agreement includes \$70,000,000 for Neurology Centers of Excellence, \$10,460,000 over the budget request and \$20,460,000 over the fiscal year 2023 enacted level. This includes \$25,000,000 for epilepsy; \$24,000,000 for headache; \$14,500,000 for Parkinson's; and \$6,500,000 for multiple sclerosis.

National Center for Post-traumatic Stress Disorder (PTSD).—Recognizing the importance of VA's National Center for PTSD in promoting better prevention, diagnoses and treatment of PTSD, the agreement provides \$42,000,000 for the Center, as requested.

Airborne Hazards and Burn Pits Center of Excellence.—The agreement provides \$15,000,000 and continues to support the Airborne Hazards and Burn Pits Center of Excellence on diagnoses, mitigation, and treatment of conditions related to airborne hazards and burn pits.

Homeless Assistance Programs

The agreement supports \$3,113,530,000 for programs to prevent veteran homelessness, including \$774,744,000 for Supportive Services for Veterans Families (SSVF), \$620,000,000 for the Department of Housing and Urban Development-Veterans Affairs Supportive Housing (HUD-VASH), \$306,161,000 for Grant and Per Diem (GPD) programs, and \$109,721,000 for the Veterans Justice Outreach program and Legal Services for Veterans grants.

HUD-VASH Case Management.—As included in House Report 118-122 and Senate Report 118-43, the agreement directs VA to increase funding for case managers commensurate with increases in the Department of Housing and Urban Development's budget for new HUD-VASH vouchers. The Committees are frustrated by the lack of progress in publishing joint VA-HUD guidance regarding approval of a Public Housing Authority to be a designated service provider. The Committees expect to see the necessary guidance published not later than 90 days after enactment of this Act, and direct the Department to coordinate with the Department of Housing and Urban Development and brief the Committees on Appropriations of both Houses of Congress no later than 30 days after enactment of this Act with an update on the progress and timeline for publishing its guidance.

Mental Health and Suicide Prevention Programs

The agreement provides \$16,243,469,000 in discretionary funds for mental health programs, of which \$558,794,000 is for suicide prevention outreach, including \$300,500,000 for the Veterans Crisis Line (VCL), fully supporting the request. In addition to reporting requirements outlined in House Report 118-122 and Senate Report 118-43, VA is directed to ensure appropriate staffing for call centers and back-up centers, provide training necessary for

the VCL staff to assist veterans in crisis, and ensure staff are able to respond to the needs of veterans appropriately and effectively. Additionally, the Committees direct VA to enable the VCL to utilize geolocation capabilities to facilitate accurate emergency dispatch to persons at risk of imminent harm to self or others. The Committees direct VA to focus on efforts to address parking lot suicides and to connect veterans to care. The Committees recognize the importance of suicide prevention coordinators and direct VA to fully staff these positions and improve veterans' access to these coordinators.

Opioid Safety Initiatives and Substance Use Disorder Care

The Committees recognize the importance of intervention and support programs for at-risk veterans and their families. The agreement includes \$715,365,000 for Opioid Prevention and Treatment programs, which is \$52,560,000 above the fiscal year 2023 enacted level. Of this total, \$254,487,000 is to continue implementation of the Jason Simcakoski Memorial and Promise Act, as part of the Comprehensive Addiction and Recovery Act of 2016 (Public Law 114–198) and \$230,947,000 for Substance Use Disorder programs.

Rural Health

The agreement provides \$342,455,000 for the Office of Rural Health and the Rural Health Initiative, which is \$5,000,000 above both the fiscal year 2023 enacted level and budget request. The Committees recognize the challenges and barriers to care for more than 3,000,000 enrolled rural and remote veterans and directs the Office of Rural Health to expand and improve transportation access to and from facilities that serve rural veterans.

Rural Access Network for Growth Enhancement (RANGE).—The RANGE Program provides case management and treatment services to mentally ill veterans in rural areas. The agreement includes sufficient funding to maintain the three new centers of the RANGE Program, as authorized by the Sgt. Ketchum Rural Veterans Mental Health Act of 2021 (Public Law 117–21).

Telehealth and Connected Care

The agreement provides \$5,170,336,000 for Telehealth and Connected Care services, which is \$5,000,000 above the budget request. The Committees direct VA to continue to expand telehealth availability, including mental health, primary care, and rehabilitation services as a means to deliver care, including in rural and underserved communities. In addition to fully funding costs associated with telehealth treatment, the agreement directs \$5,000,000 for the purpose of expanding veteran access to telehealth technologies, including through new and innovative measures. The Department is directed to provide an expenditure plan for these funds no later than 180 days after enactment of this Act.

Whole Health

The agreement provides \$107,848,000 for Whole Health, as requested, which is \$21,997,000 above the fiscal year 2023 enacted level. The Committees support the Whole Health model of care and the expansion of Whole Health to all VA facilities.

Creative Arts Therapies.—The Committees continue to acknowledge the effective use of creative arts therapies and arts and humanities partnerships in treating veterans with traumatic brain injuries and psychological health conditions and provide up to \$5,000,000 to do so.

Women Veterans Health Care

The agreement includes \$990,446,000 to support gender-specific care for women, as well as funding for the program office and initiatives, including the expansion of the childcare initiative. The Department is directed to provide a spend plan detailing how this funding will be allocated and describing all planned activities related to care for women veterans to the Committees no later than 90 days after enactment of this Act. In addition, the Department is directed to provide quarterly briefings to the Committees on the expenditure of the funds. The Department is further directed to continue upgrading medical facilities for women veterans.

Mobile Mammography.—The Committees direct the Department to develop a plan to expand access to mammography for veterans, including through the use of a mobile mammography unit, by the end of fiscal year 2025. The plan should include data related to the cost of expansion, including for mobile mammography units, and be provided to the Committees on Appropriations of both Houses of Congress no later than 180 days after enactment of this Act. As noted in House Report 118-122, the Committees commend VA’s decision to offer breast cancer screening and mammography to eligible women veterans and urge the Department to include younger veterans, as appropriate.

Workforce and Staffing Issues

VHA Staffing.—The Committees recognize the challenge VA has in recruiting and retaining physicians, physician assistants, nurses, mental health providers, other healthcare professionals, and related support staff, and encourage VA to explore all potential options to enhance recruitment and retention. Also, the Committees remind the Department to submit its annual staffing report to address critical workforce issues, as required by the Joint Explanatory Statement accompanying Public Law 117-103.

Long-Term Care

The agreement provides \$12,940,784,000 for institutional and non-institutional care, equal to the budget request. The Committees are aware of the aging veteran population and support long-term care that focuses on facilitating veteran independence, enhancing quality of life, and supporting the family members of veterans. As such, the Committees support the Department’s efforts to broaden veterans’ options regarding non-institutional long-term care support and services, and to accommodate veterans’ preferences in how and where they receive care and other services.

Data Sharing with State Cancer Registries.—The Committees direct the Secretary of Veterans Affairs to provide a plan no later than 90 days after enactment of this Act on how the

Department will begin to share qualifying cancer related data with the State cancer registry of each state before the end of the fiscal year.

MEDICAL COMMUNITY CARE
(INCLUDING RESCISSION OF FUNDS)

The agreement provides \$20,382,000,000 in advance for fiscal year 2025 for Medical Community Care, with \$2,000,000,000 available through fiscal year 2026. The Committees provided an advance appropriation of \$33,000,000,000 for fiscal year 2024 for the Medical Community Care account in Public Law 117-328. The agreement includes a negative adjustment to the fiscal year 2024 advance of \$2,657,977,000, which provides the Department with total budget authority of \$30,342,023,000, consistent with the revised request.

In addition, VA estimates to use \$6,740,264,000 from the Toxic Exposures Fund to support medical community care in fiscal year 2024.

State Veterans Homes Per Diem.—The Committees understand the Department intends to revise the formula used for determining per diem rates at state veterans homes, and support this effort.

MEDICAL SUPPORT AND COMPLIANCE
(INCLUDING RESCISSION OF FUNDS)

The agreement provides \$11,800,000,000 in advance for fiscal year 2025 for Medical Support and Compliance, with \$350,000,000 available through fiscal year 2026. The Committees provided an advance appropriation of \$12,300,000,000 for fiscal year 2024 for the Medical Support and Compliance account in Public Law 117-328. The agreement includes a negative adjustment to the fiscal year 2024 advance of \$1,550,000,000, which provides the Department with total budget authority of \$10,750,000,000 consistent with the revised request.

In addition, VA estimates to use \$850,000,000 from the Toxic Exposures Fund for medical support and compliance activities in fiscal year 2024.

MEDICAL FACILITIES

The agreement provides \$9,400,000,000 in advance for fiscal year 2025 for Medical Facilities, with \$500,000,000 made available through fiscal year 2026. The agreement provides an additional \$149,485,000 above the fiscal year 2024 advance appropriation for this account, bringing the Department's total budget authority for fiscal year 2024 to \$8,949,485,000, consistent with the revised request.

The Committees expect VA to provide, no later than 30 days after enactment of this Act, an expenditure plan detailing the planned use of the funds provided, and further, the Committees request a quarterly update of the plan if the funding for any single project changes by more than \$3,000,000 during that time period.

The Department is directed to continue upgrading medical facilities to meet the needs of women veterans and is reminded of the annual reporting requirement included in the Joint Explanatory Statement accompanying Public Law 116-94 related to women's healthcare facilities.

Community-Based Outpatient Clinic in Bakersfield, California.—The Committees remain concerned that a new Bakersfield CBOC remains unbuilt more than a decade after Congress authorized this facility in Public Law 111-82. Recognizing the constraints due to ongoing litigation, the Committees direct the Secretary to expeditiously execute Lease No. 36C10F20L0008 and commence construction of the CBOC as soon as possible. The Committees direct the Secretary to provide monthly reports on the CBOC's progress until completion and activation.

MEDICAL AND PROSTHETIC RESEARCH

The agreement provides \$943,000,000 for Medical and Prosthetic Research, available until September 30, 2025, which is \$5,000,000 above the request. Bill language is included to ensure that the Secretary allocates adequate funding for prosthetic research specifically for female veterans. In addition, VA estimates to use \$46,000,000 from the Toxic Exposures Fund to support medical and prosthetic research activities related to toxic exposures in fiscal year 2024.

Access to Clinical Oncology Trials.—The Committees continue to support the ongoing collaborative efforts between VA medical centers and National Cancer Institute (NCI)-designated comprehensive cancer centers, but notes the lack of infrastructure for clinical trials in other areas of the country. Expanding access to clinical oncology trials remains a priority and as such the Committees direct that not less than \$10,000,000 be allocated to support partnerships between VA medical centers and NCI-designated comprehensive cancer centers.

Due to the lack of capacity to enhance and increase current clinical cancer trials into additional areas of the country, the Committees direct that up to an additional \$5,000,000 be allocated to expand the Precision Oncology Program for Cancer of the Prostate (POPCaP) program to new sites in order to facilitate additional partnerships between VA medical centers and university cancer centers.

Animal Research.—As included in House Report 118-122, the agreement directs the Department to include in any report to Congress describing animal research details on the specific alternatives to animals that were considered, why those alternatives were not chosen, and an explanation for why these animal subjects were the only viable option for this research. The Committees remind the Department of the requirement to eliminate research conducted using canines, felines, or non-human primates by March 2026, and request a briefing on a plan to do so within 90 days of enactment of this Act.

Women Veterans Research.—The Committees continue to encourage VA to expand its research on the effects of toxic exposure and ensure women are appropriately represented in these efforts. The agreement directs VA to provide a briefing to the Committees on Appropriations on both Houses of Congress on how the Department is continuing to pursue efforts to be more inclusive of women in its research within 90 days of enactment of this Act.

Toxic Exposures Research.—As included in House Report 118-122 and Senate Report 118-43, the Committees encourage the Department to continue research on the effects of and treatments for veterans exposed to toxins, such as Agent Orange, burn pits, Per- and polyfluoroalkyl substances (PFAS), radiation, asbestos, and aqueous Film Forming

Foam (AFFF), and looks forward to the requested report. The Committees continue to direct VA to collaborate with the Department of Defense PFAS Task Force, academia, and other health institutions and agencies to monitor research activities, results, and publications on the health effects from PFAS.

MEDICAL CARE COLLECTIONS FUND

The agreement includes the authority for the Medical Care Collections Fund to retain co-payments and third-party collections, estimated to total \$3,991,000,000 in fiscal year 2024.

NATIONAL CEMETERY ADMINISTRATION

The agreement provides \$480,000,000 for the National Cemetery Administration (NCA). Of the amount provided, up to 10 percent is available until September 30, 2025.

Rural Initiative National Cemetery Facilities.— The Committees support the National Cemetery Administration’s efforts to construct additional infrastructure at its Rural Initiative national cemeteries. In order to ensure that these infrastructure projects are meeting the needs of veterans, volunteers, and visitors, the Department should conduct an assessment at each Rural Initiative National Cemetery site, with feedback from community stakeholders – to include veterans, veterans service organizations, volunteers, local leadership, adjacent landowners, and visitors, to determine if it is advisable to construct permanent support infrastructure. The Committees strongly encourage the Department to work with State and local entities, and non-profit organizations interested in constructing and donating facilities or donating funding for VA-built facilities, to include funds for construction and future operations and maintenance costs, to help meet location-specific needs, as appropriate.

DEPARTMENTAL ADMINISTRATION

GENERAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$475,000,000 for General Administration. Of the amount provided, up to 10 percent is available for obligation until September 30, 2025. In addition, VA estimates to use \$89,799,000 from the Toxic Exposures Fund to support administrative activities related to toxic exposures in fiscal year 2024. The agreement continues to include bill language permitting the transfer of funds from this account to General Operating Expenses, Veterans Benefits Administration.

The Committees direct the Secretary to provide a spend plan on how the Department allocates the General Administration funding by office to the Committees within 30 days of enactment of this Act. The Secretary may alter these allocations if the Committees have been notified and written approval is provided.

Lobbying Congress.—In lieu of language included in House Report 118-122, the Department is reminded of the statutory anti-lobbying restrictions in place in 18 U.S.C. 1913, which prohibits lobbying by federal agencies. The Secretary is directed to ensure compliance with these laws on all public statements, and to make all central office based employees of the Office of Public Affairs receive training on the Hatch Act and its application to ensure official Department resources are being used in a nonpartisan manner.

Office of Resolution Management, Diversity, and Inclusion (ORMDI).—In lieu of the direction in House Report 118–122, the agreement includes an additional \$58,927,000 above the fiscal year enacted 2023 level to support compliance with Section 402 of Division U of the Consolidated Appropriations Act, 2023. The agreement does not include additional funds above the fiscal year 2023 level for diversity and inclusion programming for ORMDI. The agreement does not include the additional direction under this heading in House Report 118-122.

Predatory Representational Services to Veterans.—The Committees remain concerned about individuals and organizations aggressively marketing representational services to veterans using predatory tactics, often resulting in veterans having to pay exorbitant fees for representation for disability compensation claims, appeals, and Camp Lejeune related lawsuits. The VA Office of General Counsel is strongly encouraged to increase efforts to properly oversee claims representative accreditation, as well as ensure veterans are fully aware of their due

process rights, VA's duty to assist, and the free representational services offered by accredited veterans service organizations.

BOARD OF VETERANS APPEALS

The agreement provides \$287,000,000 for the Board of Veterans Appeals (BVA), of which up to 10 percent shall remain available until September 30, 2025. In addition, VA estimates to use \$4,000,000 from the Toxic Exposures Fund to support BVA activities related to toxic exposures in fiscal year 2024.

INFORMATION TECHNOLOGY SYSTEMS (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$6,401,000,000 for the Information Technology (IT) Systems account. The agreement includes \$1,606,977,000 for staff salaries and expenses, \$4,668,373,000 for operation and maintenance of existing programs, of which \$75,288,000 is available through fiscal year 2028 for facility activations related projects, and \$125,650,000 for program development. In addition, VA estimates to use \$1,243,000,000 from the Toxic Exposures Fund to support information technology systems activities related to toxic exposures in fiscal year 2024.

The agreement makes no more than 3 percent of pay and associated costs funding available through fiscal year 2025, no more than 5 percent of operations and maintenance funding available through fiscal year 2025, and all IT systems development funding available through fiscal year 2025.

The agreement continues to include language permitting funding to be transferred among the three IT subaccounts, subject to approval from the Committees, and allowing funding to be transferred among development projects or to new projects subject to the Committees' approval. Further, the agreement prohibits increasing or decreasing a development project by more than \$3,000,000 prior to receiving approval of the Committees or after a period of 30 days has elapsed.

This table is intended to serve as the approved list of development projects; as noted above, any requested changes exceeding \$3,000,000 to a project are subject to reprogramming requirements.

VETERANS ELECTRONIC HEALTH RECORD

The agreement provides \$1,334,142,000 for the Veterans Electronic Health Record, equal to the revised request, for activities related to the development and rollout of VA's Electronic Health Record Modernization (EHRM) initiative, the associated contractual costs, and the salaries and expenses of employees hired under titles 5 and 38, United States Code. The agreement makes 25 percent of funds contingent upon the Secretary providing certain information to the Committees.

The agreement continues quarterly reporting of obligations, expenditures, and deployment schedule by facility. The Committees expect the Department to continue quarterly briefings on program implementation, including updates on progress resolving outstanding issues, and to provide quarterly updates to review timelines, performance milestones, implementation, and change management progress. The agreement continues to direct the Government Accountability Office to conduct quarterly performance reviews of EHRM deployment and to report to the Committees each quarter.

The agreement further directs the Secretary to submit a report containing an earned value analysis of the Veterans Electronic Health Record system, including a graphic performance report, a schedule and cost performance indexes, an estimate of completion and a budget at completion, and a variance analysis for cost and schedule.

Contractor Accountability.—The Committees expect VA will hold Oracle Cerner accountable and work with them to improve usability of the system and training. Additionally, the Committees support the modifications to the Department's updated contract with Oracle Cerner and request semiannual reports on any financial penalties the contractor has incurred.

Support for Operations at Sites Utilizing the New EHR.—For each site using the new EHR, the Committees direct the Department to ensure that implementation of the new EHR has not had negative impacts on the relevant facilities, especially with respect to any formulaic funding or staffing models. The Department is directed to periodically report to the Committees

on Appropriations of both Houses of Congress on changes to staffing levels, productivity compared to pre-implementation levels, and wait times for access to VA care and care in the community. The Committees also discourage the Department from retaliation against employees who raise patient safety concerns related to the EHR Modernization activities.

Enterprise Integration and Standardization.—In addition to the direction included in House Report 118-122, the Department is directed to provide a report within 45 days of enactment of this Act on its plans to ensure modifications and system customization at individual facilities is extremely limited. The report should provide an understanding of what the base standardized system entails, and report quarterly on deviations from this standard, and the reasons such deviations are necessary.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$296,000,000 for the Office of Inspector General. Of the amount provided, up to 10 percent is available for obligation until September 30, 2025.

The Committees continue to request robust oversight of the Electronic Health Record Modernization initiative.

CONSTRUCTION, MAJOR PROJECTS

The agreement provides \$961,218,560 for Construction, Major Projects. The agreement makes this funding available through fiscal year 2028, except that \$507,904,000 is made available until expended, of which \$110,000,000 shall be available for seismic improvement projects. The agreement provides the requested new authority for VHA land acquisition.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$600,000,000 of the Recurring Expenses Transformational Fund balances to support facilities improvements at existing medical facilities, and includes an additional

\$46,000,000 for planning and design for a new VA medical facility in St. Louis, MO, for a total of \$646,000,000 from the Fund.

The agreement funds the following items requested in the budget submission:

Community-Based Outpatient Clinic in Alameda, California.—The Committees are concerned about the status of the Alameda Point Community Based Outpatient Clinic project and reiterate the direction included in House Report 118-122 to provide monthly reports to the Committees on Appropriations of both Houses of Congress on the progress of the project. The bill contains a provision to allow for the execution of funds provided in prior fiscal years for Alameda.

CONSTRUCTION, MINOR PROJECTS

The agreement provides \$692,000,000 for Construction, Minor Projects, which is \$12,000,000 above the request. The agreement makes this funding available through fiscal year 2028, except that \$80,000,000 is made available until expended. The agreement provides \$346,150,000 for the Veterans Health Administration, \$182,560,000 for the National Cemetery Administration, \$62,070,000 for the Veterans Benefits Administration, and \$101,220,000 for staff offices (including the Office of Information Technology). The agreement directs the Department to provide an expenditure plan to the Committees no later than 30 days after enactment of this Act.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The agreement provides \$171,000,000 for Grants for Construction of State Extended Care Facilities, which is \$7,000,000 above the request, to remain available until expended.

GRANTS FOR CONSTRUCTION OF VETERANS CEMETERIES

The agreement provides \$60,000,000 for Grants for Construction of Veterans Cemeteries, to remain available until expended.

COST OF WAR TOXIC EXPOSURES FUND

The Cost of War Toxic Exposures Fund (the Fund) was established to support new costs related to providing veterans and their families the benefits and care associated with the eligibility expansion included in the Honoring our PACT Act of 2022 (Public Law 117-168). The agreement supports the appropriations provided for fiscal years 2024 and 2025 included in the Fiscal Responsibility Act of 2023 (Public Law 118-5), and includes a provision with a new quarterly reporting requirement on the status of the Toxic Exposures Fund. Further, the Committees expect a consolidated section in future budget requests outlining the proposed spending from the Toxic Exposures Fund, consistent with requirements in Public Law 117-168.

The intent of the Fund is to address the costs associated with implementing the PACT Act, including additional future eligibilities that result from the process changes enacted. This Fund is intended to be used to cover the costs of care and delivery of benefits that are related to toxic exposure. The appropriations provided to this Fund supplement VA's ongoing efforts to provide toxic exposure-related healthcare or other benefits that VA had authority for prior to passage of the PACT Act.

Kosovo Veterans Toxic Exposures.—The Department is directed to submit a report to the Committees on Appropriations of both Houses of Congress no later than 1 year after enactment of this Act on the timeline under which the Department plans to use the new rulemaking process to undertake a review of evidence related to toxic exposures, including studies conducted by the Department of Defense, of veterans who served in Kosovo since June 1999.

ADMINISTRATIVE PROVISIONS (INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

The agreement includes section 201 allowing for the transfer of funds among the three mandatory accounts.

The agreement includes section 202 allowing for the transfer of funds among the four medical accounts.

The agreement includes section 203 allowing salaries and expenses funds to be used for the hire of passenger vehicles, lease of facilities or land, and purchase of uniforms.

The agreement includes section 204 restricting the accounts that may be used for the acquisition of land or the construction of any new hospital or home.

The agreement includes section 205 limiting the use of funds in the Medical Services account only for entitled beneficiaries unless reimbursement is made to the Department.

The agreement includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The agreement includes section 207 allowing the use of appropriations available in this title to pay prior year obligations.

The agreement includes section 208 allowing the Department to use surplus earnings from the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund to administer these programs.

The agreement includes section 209 allowing the Department to cover the administrative expenses of enhanced-use leases and provides authority to obligate these reimbursements until expended.

The agreement includes section 210 limiting the amount of reimbursement the Office of Resolution Management, Diversity and Inclusion, the Office of Employment Discrimination Complaint Adjudication, and the Alternative Dispute Resolution function within the Office of

Human Resources and Administration can charge other offices of the Department for services provided.

The agreement includes section 211 requiring the Department to collect third-party payer information for persons treated for a non-service-connected disability.

The agreement includes section 212 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The agreement includes section 213 outlining authorized uses for Medical Services funds.

The agreement includes section 214 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services and Medical Community Care accounts.

The agreement includes section 215 allowing Alaskan veterans to use medical facilities of the Indian Health Service or Tribal organizations.

The agreement includes section 216 permitting the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The agreement includes section 217 requiring the Secretary to submit financial status quarterly reports for the Department. The specific data requested is similar to that requested in the fiscal year 2017 conference report.

The agreement includes section 218 requiring the Department to notify and receive approval from the Committees of any proposed transfer of funding to or from the Information Technology Systems account and limits the aggregate annual increase in the account to no more than 10 percent of the funding appropriated to the account in this Act.

The agreement includes section 219 providing up to \$430,532,000 of specified fiscal year 2024 funds for transfer to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 220 which permits up to \$456,547,000 of specified fiscal year 2024 medical care funding provided in advance to be transferred to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 221 which authorizes transfers from the Medical Care Collections Fund to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 222 which transfers at least \$15,000,000 from VA medical accounts to the DOD-VA Health Care Sharing Incentive Fund.

The agreement includes section 223 prohibiting funds from being used to replace the current system by which VISNs select and contract for diabetes monitoring supplies and equipment.

The agreement includes section 224 requiring that the Department notify the Committees of bid savings in a major construction project of at least \$5,000,000, or 5 percent, whichever is less, 14 days prior to the obligation of the bid savings and describe their anticipated use.

The agreement includes section 225 which prohibits VA from increasing the scope of work for a major construction project above the scope specified in the original budget request unless the Secretary receives approval from the Committees.

The agreement includes section 226 requiring a quarterly report from each VBA regional office on pending disability claims, both initial and supplemental; error rates; the number of claims processing personnel; corrective actions taken; training programs; and review team audit results. It also requires a quarterly report on the number of appeals pending at the Veterans Benefits Administration and the Board of Veterans Appeals.

The agreement includes section 227 requiring VA to notify the Committees 15 days prior to any staff office relocations within VA of 25 or more full-time-equivalent staff.

The agreement includes section 228 requiring the Secretary to report to the Committees each quarter about any single national outreach and awareness marketing campaign exceeding \$1,000,000.

The agreement includes section 229 permitting the transfer to the Medical Services account of fiscal year discretionary 2024 funds appropriated in this Act or available from advance fiscal year 2024 funds already appropriated, except for funds appropriated to General Operating Expenses, VBA, to address possible unmet, high priority needs in Medical Services, upon approval of the Committees.

The agreement includes section 230 permitting the transfer of funding between the General Operating Expenses, Veterans Benefits Administration account and the Board of Veterans Appeals account upon approval of the Committees.

The agreement includes section 231 prohibiting the Secretary from reprogramming funds in excess of \$7,000,000 among the major construction projects or programs unless the reprogramming is approved by the Committees.

The agreement includes section 232 maintaining certain professional standards for the veterans crisis hotline and requiring a study to assess its effectiveness.

The agreement includes section 233 prohibiting the use of funds, from the period October 1, 2018, through January 1, 2025, in contravention of VHA's guidelines on breast cancer screening published on May 10, 2017.

The agreement includes section 234 addressing the use of funding for assisted reproductive technology treatment and adoption reimbursement.

The agreement includes section 235 prohibiting any funds being used in a manner that is inconsistent with statutory limitations on outsourcing.

The agreement includes section 236 pertaining to exceptions for Indian- or Native Hawaiian-owned businesses contracting with VA.

The agreement includes section 237 directing the elimination of the use of social security numbers in VA programs not later than September 30, 2024.

The agreement includes section 238 referencing the provision in the 2017 Appropriations Act pertaining to certification of marriage and family therapists.

The agreement includes section 239, which prohibits funds from being used to transfer funding from the Filipino Veterans Equity Compensation Fund to any other VA account.

The agreement includes section 240 permitting funding to be used in fiscal years 2024 and 2025 to carry out and expand the child care pilot program authorized by section 205 of Public Law 111-163.

The agreement includes section 241 prohibiting VA from using funds to enter into an agreement to resolve a dispute or claim with an individual that would restrict the individual from speaking to members of Congress or their staff on any topic, except those required to be kept secret in the interest of national defense or the conduct of foreign affairs.

The agreement includes section 242 referencing language in the 2017 Appropriations Act requiring certain data to be included in budget justifications for major construction projects.

The agreement includes section 243 prohibiting the use of funds to deny the Inspector General timely access to information unless a provision of law expressly refers to the Inspector General and expressly limits such access.

The agreement includes section 244 prohibiting funding from being used in a manner that would increase wait times for veterans at medical facilities.

The agreement includes section 245 prohibiting the use of funds in fiscal year 2024 to convert any program which received specific purpose funds in fiscal year 2023 to a general purpose-funded program without the approval of the Committees on Appropriations at least 30 days prior to any such action.

The agreement includes section 246 referencing language in the 2017 Appropriations Act regarding the verification of service for coastwise merchant seamen.

The agreement includes section 247 addressing animal research at the Department of Veterans Affairs.

The agreement includes section 248 requiring the ratio of veterans to full-time employment equivalents in any rehabilitation program not to exceed 125 veterans to one full-time employment equivalent.

The agreement includes section 249 allowing fiscal year 2024 and 2025 “Medical Community Care” funds to be used to cover obligations that otherwise would be paid by the Veterans Choice Fund, if necessary.

The agreement includes section 250 allowing obligations and expenditures applicable to the “Medical Services” account in fiscal years 2017 through 2019 for aid to state homes to remain in the “Medical Community Care” account.

The agreement includes section 251 specifying \$990,446,000 from the four medical care accounts for gender-specific care for women.

The agreement includes section 252 allocating funds from the “Recurring Expenses Transformational Fund” established in section 243 of division J of Public Law 114-113.

The agreement includes section 253 requiring quarterly reports on the status of section 8006 of the American Rescue Plan.

The agreement includes section 254 requiring an expenditure plan for funds made available through the Fiscal Responsibility Act of 2023 (P.L. 118-5) for the Cost of War Toxic Exposures Fund for fiscal year 2024.

The agreement includes section 255 providing contributions from other Federal agencies to VA Non-Profit Corporations for research with an extended distribution authority on valid obligations.

The agreement includes section 256 rescinding unobligated balances.

The agreement includes section 257 to limit funds from being used to close medical facilities.

The agreement includes section 258 to allow use of unobligated balances to support construction projects in the CHIP-IN program.

The agreement includes section 259 rescinding unobligated balances.

The agreement includes section 260 rescinding unobligated balances.

The agreement includes section 261 requiring funds transferred to the U.S. Army Corps of Engineers for certain construction projects be returned.

TITLE III
RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION
SALARIES AND EXPENSES

The agreement provides \$158,630,000 for Salaries and Expenses of the American Battle Monuments Commission (ABMC). The funds will allow ABMC to not only maintain the cemeteries and monuments honoring America's war dead, but also to preserve and communicate these veterans' stories of courage and sacrifice.

The agreement provides \$47,200,000 for Salaries and Expenses for the United States Court of Appeals for Veterans Claims (CAVC). The funding supports a planned expansion of CAVC's authorization for additional judges, which will help address growing caseloads.

DEPARTMENT OF DEFENSE—CIVIL
CEMETERIAL EXPENSES, ARMY
SALARIES AND EXPENSES

The agreement provides \$99,880,000 for Cemeterial Expenses, Army - Salaries and Expenses. Within that amount, up to \$15,000,000 in funding is available until September 30, 2026.

CONSTRUCTION

The agreement provides \$88,600,000 for Construction, for planning and design and construction associated with Arlington National Cemetery's Southern Expansion project. When completed, this project will provide approximately 80,000 additional burial opportunities to extend the life of the active cemetery into the 2060s.

ARMED FORCES RETIREMENT HOME

TRUST FUND

The agreement provides a total of \$77,000,000 for the Armed Forces Retirement Home (AFRH). This funding supports high-priority capital projects, particularly those currently under design, as well as operations and maintenance requirements. The agreement requires AFRH to provide an expenditure plan detailing the planned use of the funds provided for capital projects, as directed in House Report 118-122. The agreement also includes two-year availability of funds for operations and maintenance.

Land Redevelopment.—In lieu of the report required under this heading in House Report 118–122 regarding the AFRH's previous land redevelopment plan, the Committees direct AFRH to provide a briefing not later than 60 days after enactment of the Act on options for, and timelines associated with, the future use of the 80-acre master planned parcel, including how such options will improve financial sustainability of AFRH while continuing to prioritize its responsibilities to its residents.

ADMINISTRATIVE PROVISION

The agreement includes section 301 permitting funds from concessions at Army National Military Cemeteries to be used to support activities at the Cemeteries.

TITLE IV
GENERAL PROVISIONS

The agreement includes section 401 prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The agreement includes section 402 prohibiting the use of the funds in this Act for programs, projects, or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The agreement includes section 403 encouraging all departments and agencies funded in this Act to expand the use of "E-Commerce" technologies and procedures.

The agreement includes section 404 specifying the congressional committees that are to receive all reports and notifications.

The agreement includes section 405 prohibiting the transfer of funds to any department, agency, or instrumentality of the United States Government without authority from an appropriations Act.

The agreement includes section 406 prohibiting the use of funds for a project or program named for a serving Member, Delegate, or Resident Commissioner of the United States House of Representatives.

The agreement includes section 407 requiring all reports submitted to Congress to be posted on official web sites of the submitting agency.

The agreement includes section 408 prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The agreement includes section 409 prohibiting the use of funds for the payment of first-class air travel by an employee of the executive branch.

The agreement includes section 410 prohibiting the use of funds in this Act for any contract where the contractor has not complied with E-Verify requirements.

The agreement includes section 411 prohibiting the use of funds in this Act to construct facilities on military installations that do not meet resiliency standards.

The agreement includes section 412 prohibiting the use of funds in this Act for the renovation, expansion, or construction of any facility in the continental United States for the purpose of housing any individual who has been detained at the United States Naval Station, Guantanamo Bay, Cuba.

The agreement includes section 413 prohibiting the use of funds in this Act to report a veteran to the Department of Justice National Instant Criminal Background Check System without a judicial determination.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
