

**DIVISION – COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES  
APPROPRIATIONS ACT, 2024**

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in Senate Report 118–62 (“the Senate report”) carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement or the act. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. In cases where the Senate report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this act shall follow the directions set forth in this act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this act; unobligated balances from previous appropriations acts that are available for obligation or expenditure in fiscal year 2024; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2024. These procedures are specified in section 505 of this act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project, or activity cited in this explanatory statement, or in the Senate report and not changed by this act, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies shall not submit reprogramming notifications after July 1, 2024, except in extraordinary

circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 528 of this act, each department and agency funded in this act shall submit spending plans, signed by the respective department or agency head, for the ~~Committees~~ review not later than 45 days after the date of enactment of this act.

The Government Accountability Office (GAO) shall conduct ongoing reviews of large National Aeronautics and Space Administration (NASA) projects and major research equipment and facilities construction at the National Science Foundation, with reports to the Committees on a semiannual basis. The agencies shall provide access to all necessary data, as determined by GAO, in order for these reviews to be completed and provided to the Committees in a timely manner.

The departments and agencies funded in this act are directed to submit reports by the deadlines detailed herein or to provide advance notification if there is sufficient reason why deadlines cannot be met, along with the expected date of submission.

Some enduring reporting requirements from previous appropriations laws may no longer be necessary for congressional oversight purposes. In the interest of reducing government waste and expediting responses to current report mandates, each department or agency is invited to submit a list of reporting requirements that it considers outdated or no longer relevant for the review of the Committees. Any list submitted for review shall cite the original authority, as well as a justification for eliminating each reporting requirement.

For fiscal year 2024, all agencies and departments funded in this act are directed to follow prior year direction adopted in Public Law 116–93, on the following topics for this fiscal year: “Fighting Waste, Fraud, and Abuse,” “Federal Vehicle Fleet Management,” “Reducing Duplication and Improving Efficiencies,” “Reprogrammings, Reorganizations, and Relocations,” “Congressional Budget Justifications,” “Reporting Requirements” and “Reductions-in-Force.”

The agreement urges the Departments of Commerce and Justice, the National Science Foundation, and NASA to work with the Office of Management and Budget to reduce printing and reproduction costs and directs each agency to report to the Committees within 60 days of enactment of this act on the steps it has taken to achieve this goal. The report should specifically identify how much funding each agency expects to save by implementing these measures.

The agreement directs each of the agencies funded by this act to comply with 31 U.S.C. 1115, including the development of their organizational priority goals and outcomes such as performance outcome measures, output measures, efficiency measures, and customer service measures. The agreement further directs agencies funded in this act to report on their plans to comply with the requirements of 31 U.S.C. 1115 within 90 days of enactment of this act.

C.F.R. Each agency funded in this act shall ensure that its employees understand and are in compliance with 5 ~~CFR~~ 2635.101.

**TITLE I**  
**DEPARTMENT OF COMMERCE**

INTERNATIONAL TRADE ADMINISTRATION

OPERATIONS AND ADMINISTRATION

The agreement includes \$623,000,000 in total resources for the International Trade Administration (ITA). This amount is offset by \$12,000,000 in estimated fee collections, resulting in a direct appropriation of \$611,000,000.

For fiscal year 2024, ITA is directed to continue following the directive under the heading “Antidumping and Countervailing Duties (AD/CVD) Evasion” in the joint explanatory statement accompanying Public Law 117–328.

*Travel and Tourism.*—The agreement provides up to the requested level of \$3,500,000 for ITA to implement the “Visit America Act.”

*Aluminum Import Monitoring (AIM).*—The agreement encourages ITA to regularly consult with U.S. aluminum manufacturers to ensure the AIM system supports the full value chain of the U.S. aluminum industry.

*Indo-Pacific Operations.*—The agreement notes that trade is an area of cooperation frequently requested by Pacific Islands nations and provides an opportunity for the United States to reinforce itself as the partner of choice in a region with increasing competition from the People’s Republic of China (PRC). The agreement directs ITA to provide a report to the Committees, no later than 180 days after the enactment of this act, that summarizes Foreign Commercial Service (FCS) operations in the Indo-Pacific and details any proposals for increasing U.S. business and investment in the region.

*State Department Coordination.*—The agreement acknowledges the PRC’s unfair trade practices and economic coercion, in particular, as part of its Belt and Road Initiative. The agreement directs FCS to coordinate with the U.S. Department of State to ensure FCS officers are aligning their activities with U.S. foreign policy and located in regions critical to strategic competition, including competition with the PRC. The agreement further directs ITA to provide a report to the Committees, no later than 180 days after the enactment of this act, summarizing its coordination efforts with the State Department.

*Ukraine.*—The agreement directs ITA to provide a report to the Committees, no later than 180 days after enactment of this act, identifying ways to facilitate the expansion of U.S. economic engagement with Ukraine. The report should identify ways to increase direct engagement with Ukrainian businesses and ITA programs that could be harnessed to assist with Ukraine’s agricultural sector while enhancing U.S. export competitiveness.

*Supply Chain Resilience.*—The Senate report language under this same heading is clarified to encourage ITA, within the funds provided, to establish a supply chain resiliency office within Industry and Analysis. The agreement also encourages ITA, within funds provided, to prioritize efforts to support the resilience of supply chains that are critical to U.S. national security and economic competitiveness.

*United States-Mexico-Canada Agreement (USMCA) Secretariat.*—The agreement provides up to the fiscal year 2023 enacted level for ITA to continue to support the U.S. Section of the Secretariat, authorized by the USMCA Implementation Act (Public Law 116–113).

*Rural Export Assistance.*—The agreement encourages ITA to prioritize expanding international trade opportunities for rural businesses. The agreement provides no less than the fiscal year 2023 enacted level for rural export centers (REC) and no less than \$1,500,000 for the national rural export center. Prior to obligating funds to open any new REC, hire additional staff based at such new centers, and modify existing rural export centers, ITA shall submit a detailed spending plan, which shall include a staffing plan and a justification for the establishment of any new center or modification of an existing center.

*Section 232 Tariff Exclusions.*—The Senate report language under this heading is clarified to provide up to the fiscal year 2023 enacted level to support the review of requests for exclusion from steel and aluminum tariffs applied under section 232 of the Trade Expansion Act of 1962.

## BUREAU OF INDUSTRY AND SECURITY

### OPERATIONS AND ADMINISTRATION

The agreement includes \$191,000,000 for the Bureau of Industry and Security (BIS).

*Supply Chain Security.*—The agreement supports the enforcement and implementation of BIS’s responsibilities related to Executive Order 13873, “Securing the Information and Communications Technology and Services Supply Chain.”

*Export Control Reform Act.*—BIS is encouraged to identify emerging foundational technologies and establish appropriate controls pursuant to section 1758 of Public Law 115–232.

*Multilateral Export Control Regimes.*—The agreement directs BIS to report to the Committees, not later than 180 days after enactment of this act, on a strategy for working with partners and allies on a bilateral or plurilateral basis to secure binding commitments to control technologies of foreign adversaries that could support military modernization or human rights abuses.

*BIS Efforts Relating to the PRC.*—BIS is directed to report to the Committees, no later than 90 days after enactment of this act, on the resources, staffing, and operational capability needed to adequately conduct licensing, review, targeting, and enforcement activities as they relate to entities under the control of the PRC.

*American Manufacturing.*—The agreement encourages BIS to continue engagement with Congress on efforts to reinvigorate American manufacturing.

*Export Control Regulatory Compliance Assistance.*—In addition to the language in the Senate report under the same heading, the agreement clarifies that BIS shall also work with ITA U.S. Export Assistance Centers as BIS engages with small- and medium-sized exporters to conduct export control outreach and education events that target small- and medium-sized exporters.

#### ECONOMIC DEVELOPMENT ADMINISTRATION

The agreement includes \$468,000,000 for the programs and administrative expenses of the Economic Development Administration (EDA).

#### ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

The agreement includes \$400,000,000 for Economic Development Assistance Programs. Any deviation of funds shall be subject to the procedures set forth in section 505 of this act. Funds are to be distributed as follows:

## ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

(IN THOUSANDS OF DOLLARS)

Program	Amount
Public Works.....	\$100,000
Partnership Planning.....	34,500
Technical Assistance.....	14,000
Research and Evaluation.....	2,000
Trade Adjustment Assistance.....	13,500
Economic Adjustment Assistance.....	33,000
Assistance to Indigenous Communities.....	5,000
Assistance to Coal Communities.....	75,000
Assistance to Biomass Communities.....	4,500
Regional Innovation Program Grants.....	50,000
Good Jobs Challenge.....	25,000
Regional Technology and Innovation Hubs.....	41,000
STEM Apprenticeship Program.....	2,500
Total, Economic Development Assistance Programs.....	\$400,000

*Economic Assistance for Communities.*—The agreement encourages EDA to treat as acceptable, any funding provided by other Federal programs that are explicitly authorized to be used for any required non-Federal share of the cost of a project so that funding from both agencies may be used if necessary and to the extent permitted by law.

*Assistance to Coal Communities.*—The agreement provides \$75,000,000 for Assistance to Coal Communities. To diversify and enhance economic opportunities within the Appalachian region and within other regions across the country that have been economically impacted by job losses in coal mining, plant operations, and related supply chains, the agreement expects EDA to work creatively to transform historic and transitioning coal communities.

*Regional Innovation Program (RIP).*—The agreement provides \$50,000,000 for RIP grants. The agreement also urges EDA to invest in university based, high-tech business incubators to diversify distressed manufacturing communities and legacy urban and rural communities by encouraging entrepreneurship and patent creation, and promoting technology commercialization through business startups. The agreement further encourages EDA to support the development of regional innovation clusters that focus on advanced wood products.

*Regional Technology and Innovation Hubs (Tech Hubs).*—The agreement provides \$41,000,000 for the Tech Hubs program and clarifies that EDA may award planning grants and implementation grants. The agreement encourages EDA to support consortia that have developed proven regional strategies that bridge urban and rural economies to deliver innovative solutions in partnership with rural areas.

*Working Waterfronts.*—Working waterfronts have long been an important component of the U.S. economy supporting commercial and recreational activities. Within funding provided, no less than \$5,000,000 is for projects to revitalize, expand, and upgrade the physical infrastructure of working waterfronts to attract new industry, encourage business expansion, diversify local economies, and generate or retain long-term private sector jobs and investment.

#### SALARIES AND EXPENSES

The agreement includes \$68,000,000 for EDA salaries and expenses.

### MINORITY BUSINESS DEVELOPMENT AGENCY

#### MINORITY BUSINESS DEVELOPMENT

The agreement includes \$68,250,000 for the Minority Business Development Agency (MBDA).

*Business Center and Specialty Project Center Programs.*—The agreement adopts the Senate language under the heading “Native Entities” and encourages MBDA to coordinate with the Department’s Office of Native American Business Development on these efforts.

### ECONOMIC AND STATISTICAL ANALYSIS

#### SALARIES AND EXPENSES

The agreement includes \$125,000,000 for Economic and Statistical Analysis (ESA).

*Data Transparency.*—The agreement provides up to \$5,000,000 for private data acquisition and directs ESA to use a competitive process when soliciting private sector data.

## BUREAU OF THE CENSUS

The agreement includes \$1,382,500,000 for the Bureau of the Census (“Census Bureau”). The agreement approves the requested technical adjustments (transfers) in the agency’s congressional budget submission.

*Cyber Vulnerabilities.*—The agreement directs the Census Bureau to prioritize cyber protections and high standards of data differential privacy, while also maintaining the accuracy of the data. The Census Bureau is expected to keep the Committees updated on these efforts.

### CURRENT SURVEYS AND PROGRAMS

The bill provides \$328,500,000 for the Current Surveys and Programs account.

*Population Estimate Challenge Program.*—The agreement provides up to \$6,200,000 to support the Population Estimates program and to improve the annual estimates upon which communities across the country rely.

### PERIODIC CENSUSES AND PROGRAMS

The bill provides \$1,054,000,000 in direct appropriations for the Periodic Censuses and Programs account.

*Ask U.S. Panel Survey.*—The Census Bureau is directed to provide a report to the Committees, not later than 90 days after enactment of this act, on the Ask U.S. Panel Survey’s methodology, data collection processes, implementation, incurred and projected costs, procurement strategy, and plans to address any recommendations made by the Department’s Office of Inspector General (OIG).

## NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION

### SALARIES AND EXPENSES

The agreement includes \$57,000,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA).

*Advanced Communications Research.*—The agreement provides up to the fiscal year 2023 enacted level for Advanced Communications Research.

*Office of Internet Connectivity and Growth.*—The agreement provides up to the fiscal year 2023 enacted level for the Office of Internet Connectivity and Growth.

*Rural Broadband Coordination.*—The agreement encourages NTIA to equally prioritize the deployment of the Nationwide Public Safety Broadband Network (NPSBN) in rural communities and in urban areas.

*Broadband Equity, Access, and Deployment Program.*—The agreement directs NTIA to conduct a cost-benefit analysis of the most efficient and economical means of broadband deployment to connect unserved rural areas and report to the Committees on its findings no later than 180 days after the enactment of this act.

#### FACILITIES MANAGEMENT AND CONSTRUCTION

The agreement includes \$2,000,000 for necessary expenses for the design, construction, alteration, improvement, maintenance, and repair of buildings and facilities managed by NTIA.

#### UNITED STATES PATENT AND TRADEMARK OFFICE

##### SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes language making available to the United States Patent and Trademark Office (USPTO) \$4,195,799,000, to be derived from offsetting fee collections estimated for fiscal year 2024 by the Congressional Budget Office.

#### NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

The agreement includes \$1,460,000,000 for the National Institute of Standards and Technology (NIST).

##### SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$1,080,000,000 for NIST's Scientific and Technical Research and Services (STRS) account. Unless otherwise specified, the agreement clarifies that all programs identified in the Senate report are funded up to the fiscal year 2023 enacted levels.

*Forensic Sciences.*—The agreement provides funding for forensic science research, including up to \$3,500,000 to support the Organization of Scientific Area Committees, up to

\$1,500,000 for a competitive Standards Development Organization grant, and up to \$1,500,000 to support technical merit evaluations.

*Digital Twins.*—The agreement supports digital twins as a tool for intelligent decision-making in key U.S. industries and encourages NIST to partner with non-governmental organizations and other Federal agencies to create a testbed for development of best practices and interoperability standards for the implementation of digital twins throughout U.S. industry and across the Federal Government.

*Synthetic Biology.*—The agreement encourages NIST to sustain and expand its work to develop synthetic biology metrology and standards in alignment with Public Law 117–167. The agreement directs NIST to provide a report to the Committees, no later than 180 days after the enactment of this act, detailing its five-year plan to advance research innovation in synthetic biology and the resources required, including projected and out year costs, as well as staffing to implement this plan.

*Cybersecurity and Privacy Standards.*—The agreement supports the following areas up to the fiscal year 2023 enacted level: vulnerability management; cryptography and privacy programs; identity and access management; software security; infrastructure with a particular focus on Domain Name System and Border Gateway Protocol security; improving usability of cybersecurity; the National Initiative for Cybersecurity Education with a particular focus on expanding the office and personnel capacity to support the workforce requirements authorized in Public Law 116–238; and Internet of Things security.

*Critical and Emerging Technologies.*—The agreement includes no less than the fiscal year 2023 enacted level to support NIST’s standards development work across areas of critical and emerging technology. Within the funds provided, NIST is encouraged to increase support for the four areas outlined in the agency’s budget submission: artificial intelligence, quantum information science, biotechnology, and advanced communications research and standards.

*Cybersecurity Education.*—In addition to the directive in the Senate report under the heading “Cybersecurity” the agreement encourages NIST to support regional alliances and multistakeholder partnerships as detailed in section 303(f) of the Cybersecurity Enhancement Act (Public Law 113–274). The agreement further encourages NIST to support national cybersecurity challenges as authorized in section 205 of the Cybersecurity Enhancement Act.

*Cloud Computing.*—The agreement encourages NIST to publish descriptions and definitions of the latest cloud characteristics, service models, deployment models, and multi-cloud. The agreement encourages NIST to include in its description of “multi-cloud” the characteristics of software technology that allow for data, application, and program portability. Additionally, the agreement encourages NIST to consider interoperability between multiple cloud computing software vendors and between public, private, and edge cloud environments.

*Research on Age Verification and Age Estimation Technologies.*—The agreement directs NIST, as part of its ongoing research and testing under sections 10226 and 10223 of Public Law 117–167, to include research and testing of age verification and age estimation technologies, in consultation with the Federal Trade Commission, and in compliance with all applicable laws.

*Cybersecurity.*—Consistent with the recommendations adopted in Public Law 117–328, the agreement encourages NIST to provide updates on reducing its Cryptographic Module Validation Program (CMVP) backlog. Additionally, the agreement urges NIST to consider liaising with or detailing qualified cryptographic professionals from other parts of the Federal Government. The current CMVP backlogs pose a potential security risk to Federal Information Processing Standards, which will only increase as emerging quantum computing challenges grow. The agreement encourages NIST to continue its ongoing efforts to streamline the review process and provide updates about planning for new announcements and future requirements.

*Sustainable Mass Timber Construction Materials.*—The agreement encourages NIST to continue support for emerging industries, including cross-laminated timber.

*Artificial Intelligence (AI).*—The agreement provides no less than the fiscal year 2023 enacted level for NIST’s ongoing AI research and measurement science efforts and to execute its responsibilities pursuant to Executive Order 14110, “Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence.” Within the funds provided, up to \$10,000,000 is available for the establishment of a U.S. AI Safety Institute.

*Blockchain Research at the National Cybersecurity Center of Excellence (NCCOE).*—The agreement encourages the NCCOE to research challenges with blockchain and distributed ledger technologies and to leverage the resources at the NCCOE to explore the advancement of distributed ledger technologies. Further, the agreement encourages the NCCOE to consider these technologies in relation to the competitive position of the United States, to research the ability to

adoption

foster uniform standards that allow for global collaboration in communications and free trade, and to explore any government use cases with the potential for ancillary adoption by the private sector.

*Addressing Wildfire Risks.*—The agreement includes up to the fiscal year 2023 enacted level for Wildfire and the Wildland-Urban Interface-related research and directs NIST to develop improved Wildland-Urban Interface risk exposure metrics and tools to better assess and mitigate the fire vulnerability of structures to protect at-risk communities.

*NIST Center for Neutron Research (NCNR).*—The agreement provides up to the requested level for the NCNR for the development and operation of innovative advanced neutron instrumentation and expertise.

*NIST STRS Community Project Funding/NIST External Projects.*—The agreement includes \$222,841,000 for NIST STRS Community Project Funding/NIST External Projects. The agreement directs NIST to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NIST to perform the same level of oversight and due diligence as with any other external partners.

#### INDUSTRIAL TECHNOLOGY SERVICES

The agreement includes \$212,000,000 for Industrial Technology Services (ITS), including \$175,000,000 for the Hollings Manufacturing Extension Partnership (MEP). The agreement also provides \$37,000,000 for the Manufacturing USA Program.

*National Manufacturing Extension Partnership Supply Chain Database.*—The agreement directs NIST to create a permanent, centralized database so that manufacturers have access to a comprehensive MEP database network, as required by Public Law 117–167.

*Creating Helpful Incentives to Produce Semiconductors (CHIPS) Environmental Review Process.*—The agreement urges NIST to continue exploring opportunities to expedite the National Environmental Policy Act (NEPA) review process to ensure grant funds are expeditiously distributed to qualified projects and semiconductor fabrication plant construction continues without delay. The agreement directs NIST to provide to the Committees, no later than 90 days after the enactment of this act, a report detailing a strategy that identifies potentially applicable NEPA categorical exclusions and streamlined environmental assessment procedures, including an analysis with criteria and funding thresholds, that details how NIST is determining which projects are covered under the definition of “major federal action” as amended by Public Law 118–5.

*CHIPS Awards Supporting the Semiconductor Supply Chain.*—The agreement encourages NIST to support geographically-diverse investments in small- and medium-sized semiconductor companies as it continues advancing CHIPS incentive awards to develop domestic semiconductor manufacturing capability and its corresponding supply chain.

*Reporting on CHIPS Awards Upside Sharing and Funding Milestones.*—Within 60 days of the enactment of this act, the agreement directs NIST to provide a briefing on any upside sharing agreements made between NIST and a recipient of CHIPS funds, as detailed in the Department of Commerce’s Notice of Funding Opportunity (NOFO) entitled, “CHIPS Incentives Program—Commercial Fabrication Facilities,” and in compliance with all applicable laws. Further, the agreement directs NIST to provide quarterly reports to the Committees on any amounts received by the agency through upside sharing agreements, including a detailed description of how NIST plans to use these funds, and directs NIST to include in these reports updates on funds clawed back or withheld from an applicant due to a failure to meet designated milestones highlighted in the NOFO.

*The National Semiconductor Technology Center (NSTC).*—The agreement urges NIST to ensure the establishment of the NSTC is transparent, competitive, and operated by a qualified entity. The agreement directs NIST to consider the importance of geographic diversity in the selection of NSTC facilities and affiliated technical centers.

#### CONSTRUCTION OF RESEARCH FACILITIES

The agreement provides \$168,000,000 for NIST construction, of which \$87,758,000 is available for Safety, Capacity, Maintenance, and Major Repairs (SCMMR). The agreement acknowledges an additional \$57,400,000 is available through prior year unobligated balances for SCMMR in fiscal year 2024 and directs NIST to prioritize addressing the growing backlog of facilities maintenance and improvements, including those highlighted in the budget request.

*NIST Extramural Construction.*—The agreement includes \$80,242,000 for NIST Extramural Construction and directs NIST to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NIST to perform the same level of oversight and due diligence as with any other external partners.

## NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

The agreement directs NOAA to incorporate the funding levels established in both the table and the narrative direction when executing its budget for fiscal year 2024.

### OPERATIONS, RESEARCH, AND FACILITIES

#### (INCLUDING TRANSFER OF FUNDS)

The agreement includes a total program level of \$4,946,007,000 under this account, for NOAA's coastal, fisheries, marine, weather, satellite, and other programs. This total funding level includes \$4,548,485,000 in direct appropriations, a transfer of \$369,522,000 from balances in the "Promote and Develop Fishery Products and Research Pertaining to American Fisheries" fund, and \$28,000,000 derived from recoveries of prior year obligations. The following narrative descriptions and tables identify the specific activities and funding levels included in this act.

*Fire Weather.*—The Senate language on "Fire Weather" is adopted. In addition, NOAA is encouraged to utilize and share its satellite imagery and weather forecasts with interested Federal, state, Tribal, and local partners, and land managers, to improve information dissemination related to wildfire events. Real-time data on wildfire smoke levels could improve Federal agencies' ability to develop strategies to mitigate smoke hazards and allow NOAA to issue more accurate and timely wildfire smoke alerts.

*Management and Administrative Costs.*—To ensure financial transparency, NOAA is strongly encouraged to limit management and administrative (M&A) and NOAA-wide support service costs charged to programs, projects, and activities (PPAs) to cover shared expenses and administrative staff, with a goal of limiting to 5 percent of annual appropriations. As part of the spending plan, NOAA is directed to include the M&A and NOAA-wide support service amounts charged within each line office as well as the methodologies used to assess costs. Further, as part of the fiscal year 2025 budget request, NOAA is directed to include estimated costs as well as to propose how to consolidate these costs either through existing or new PPAs.

*National Ocean Service (NOS).*—\$671,502,000 is for NOS Operations, Research, and Facilities.

*Hydrographic Charting.*—The Senate direction regarding “Hydrographic Charting” is adopted. Further, NOAA is encouraged to enter into charter agreements for the services of not less than two private sector vessels to supplement its charting and survey efforts to address the growing backlog of unfulfilled missions, particularly those in Arctic waters.

*Marine Debris.*—The agreement provides no less than the fiscal year 2023 enacted level for the Marine Debris Program.

In addition, the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117–58) provides \$150,000,000 over five years for marine debris assessment, prevention, mitigation, and removal, including \$30,000,000 in fiscal year 2024.

*National Centers for Coastal Ocean Science (NCCOS).*—The agreement adopts Senate direction and provides not less than \$54,500,000 for NCCOS.

*Harmful Algal Blooms (HABs).*—Within funding for Competitive Research, the agreement provides up to \$14,000,000 to accelerate deployment of effective methods of intervention and mitigation to reduce the frequency, severity, and impact of HAB events in marine and freshwater systems. Due to concern with duplication, incompatibility, and separation of data related to the causes and effects of HABs, NOAA is directed to submit a report, no later than 180 days after the enactment of this act, that includes a survey of all existing large freshwater body HAB-related data. NOAA is encouraged to include recommendations for streamlining access to this data, creating a centralized, all-in-one access point, and cost effective synthesis and hosting of disparate data sets.

*National Harmful Algal Bloom Observing Network.*—The agreement provides not less than \$3,500,000 for the National Harmful Algal Bloom Observing Network.

*Gulf of Mexico Hypoxic Mapping.*—The agreement provides up to \$1,500,000 for the annual Gulf of Mexico Hypoxic Zone Mapping Cruise.

*Blue Carbon Research.*—The agreement encourages NOAA to use previously appropriated funds to support a pilot program on blue carbon to advance NOAA's work to assess the carbon sequestration potential of various coastal habitats, account for regional differences, and identify some of the biophysical, social, and economic pathways and impediments to coastal blue carbon ecosystem protection, management, or restoration.

*Coral Reef Conservation Act.*—The agreement adopts the Senate direction regarding “Coral Reef Program” and directs NOAA to report to the Committees not later than 60 days after enactment of this act on the establishment of the Atlantic Reef Research Coordination Institute and the Pacific Reef Research Coordination Institute, as required under section 212 of the Reauthorization of the Coral Reef Conservation Act of 2000 (title C of division J of Public Law 117–263).

*NERRS Blue Ribbon Panel.*—The agreement acknowledges the National Estuarine Research Reserve System (NERRS) Blue Ribbon Panel recommendations and directs NOAA to report to the Committees, not later than 180 days after the enactment of this act, on the number of research reserves that are unable to meet Federal match requirements.

*Marine Mammal Unusual Mortality Event (UME) Contingency Fund.*—Given the high number of active UMEs for marine mammals, NMFS is encouraged to request funding for the Fund as part of the fiscal year 2025 budget request.

*Vessel Strike Reduction Actions.*—NMFS issued a proposed rule to amend the North Atlantic right whale (NARW) vessel strike reduction rule in August 2022 (87 FR 46921). Separately, in October 2023, NMFS denied a petition to establish vessel speed measures to protect the Rice’s whale in the Gulf of Mexico. As directed in the Senate report, before NOAA issues interim or final rules to protect endangered whales, the agency shall engage with affected stakeholders and incorporate relevant comments, including the U.S. Coast Guard and U.S.

Maritime Administration, as appropriate, consistent with requirements under the Administrative Procedure Act (Public Law 79–404).

In addition, NOAA is encouraged to use previously appropriated funds to support a near real-time monitoring and mitigation pilot program for NARWs as authorized under section 11303 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117–263). NOAA is further encouraged to work with other Federal agencies, including the Office of Naval Research, the U.S. Coast Guard, and the Bureau of Ocean Energy Management, as well as industry and academia, to support technology development, test and evaluation of whale monitoring technologies through the National Oceanographic Partnership Program. NOAA is encouraged to include funding for a pilot program and a research and development initiative as part of the fiscal year 2025 budget request.

*Fishery Survey Contingency Fund.*—The Senate language regarding “Fishery Survey Contingency Fund” is adopted, and the agreement provides \$1,000,000 for this purpose.

*Recreational Fishery Data.*—The Senate language regarding “Data Collection for Recreational Fisheries” is adopted, and the agreement directs NOAA to provide updates on the agency’s efforts to improve fishery data and modernize stock assessments as part of NMFS quarterly briefings.

*South Atlantic Reef Fish.*—The Senate language regarding “South Atlantic Reef Fish” is adopted, and the agreement further directs NMFS to prioritize the incorporation of data from the South Atlantic Great Red Snapper Count into the agency’s stock assessment expeditiously to better inform fishery management decisions. NOAA shall provide the Committees with a progress update no later than 90 days after enactment of this act.

*State Management for Recreational Red Snapper.*—In lieu of the Senate language regarding “State Management for Recreational Red Snapper”, the agreement supports the full integration of the Great Red Snapper Count data and Gulf States catch data into stock assessment and directs NMFS to continue to work with the Gulf States to ensure successful implementation of state management for red snapper.

*Gulf of Mexico Fisheries Research.*—The Senate language on “Gulf of Mexico Fisheries Research” is amended to include not less than \$5,000,000 for fishery-independent grants to academic partners.

*Infrastructure to Support Sustainable Fisheries.*—The Senate language on “North Atlantic Right Whales” is clarified to provide \$36,000,000 to states through the Atlantic States Marine Fisheries Commission, of which, given the impacts of coastal erosion and increasing frequency and severity of coastal storms, \$10,000,000 shall be provided through Fisheries Management Programs and Services to be used to repair and renovate infrastructure to support more sustainable fisheries.

*Seafood Import Monitoring Program (SIMP).*—The agreement provides not less than the fiscal year 2023 enacted level for SIMP.

*Habitat Conservation and Restoration.*—The agreement provides \$1,500,000 for management, intervention, and mitigation of invasive European green crab. The Senate report language on “Northwest Straits Initiative” is also adopted.

*Office of Oceanic and Atmospheric Research (OAR).*—\$656,053,000 is for OAR Operations, Research, and Facilities.

*Geostationary Extended Observations (GeoXO).*—NOAA is directed to focus the delivery of the next-generation geostationary satellite fleet, known as GeoXO, on improved data for its weather forecasting missions, and to leverage private sector advancements and innovative solutions to the greatest extent possible. NOAA is encouraged to continue partnering with NASA on the Geostationary Littoral Imaging and Monitoring Radiometer (GLIMR) mission to de-risk the ocean color instrument, as appropriate, for the GeoXO program.

*Systems/Services Architecture and Engineering.*—The agreement provides \$500,000 above the fiscal year 2023 enacted level for the commercial data purchase and commercial weather data pilot programs, which is to be divided between the two programs as deemed appropriate. NOAA is encouraged to evaluate commercial capabilities for hyperspectral microwave sounder data through the commercial weather data pilot program.

*Vessel Recapitalization and Construction.*—The Senate language on “Vessel Recapitalization and Construction” is clarified to direct NOAA to design the Class C vessels to meet primary mission requirements for fishery surveys and avoid additional requirements that add to complexity and cost of the vessels. NOAA is encouraged to work with the regional fishery commissions to conduct an independent analysis to assess other fishery survey architectures that can improve the reliability and resiliency of data acquisition via partnerships with industry, academia, and states.

*Aircraft Recapitalization.*—In lieu of the funding level in the Senate report for the replacement of the WP-3D Hurricane Hunter aircraft, the agreement supports NOAA’s acquisition of two green aircraft to replace the existing WP-3D Hurricane Hunter aircraft and expects the fiscal year 2025 budget request to include sufficient funding for the modification and instrumentation of those green aircraft.

## PACIFIC COASTAL SALMON RECOVERY

The agreement includes \$65,000,000 for the Pacific Coastal Salmon Recovery Fund (PCSRF) and directs that funds will be available to Tribes without a matching requirement. NOAA is directed to report on how its current priorities meet the intent of the PCSRF to support the recovery and protection of all declining salmon stocks.

## FISHERIES DISASTER ASSISTANCE

The agreement provides \$300,000 for Fisheries Disaster Assistance.

## FISHERMEN'S CONTINGENCY FUND

The agreement includes \$349,000 for the Fishermen's Contingency Fund.

## FISHERIES FINANCE PROGRAM ACCOUNT

The agreement includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$150,000,000 for traditional direct loans.

## RECREATIONAL QUOTA ENTITY FUND

The agreement allows for the establishment of a halibut recreational quota entity as authorized under section 106 of the Driftnet Modernization and Bycatch Reduction Act (title I of division S of Public Law 117-328).

## DEPARTMENTAL MANAGEMENT

### SALARIES AND EXPENSES

The agreement includes \$94,500,000 for Departmental Management salaries and expenses.

*United States-Ukraine Infrastructure Task Force.*—The agreement encourages the Department, in coordination with the Departments of Transportation and State, to submit an update to the Committees on the status of the potential U.S.-Ukraine Infrastructure Task Force, specifically detailing: (1) activities the U.S.-Ukraine Infrastructure Task Force is considering to address Ukraine's immediate and long-term infrastructure and reconstruction needs, including the identification of any gaps or needs for infrastructure projects and associated investment estimates,

with a focus on Ukraine's transportation infrastructure; (2) analysis of how U.S. private sector infrastructure stakeholders can be further leveraged, including consideration of possible private sector development initiatives; and (3) any barriers preventing the Department from working with relevant agencies on these tasks.

*National Strategy to Combat Antisemitism.*—The agreement directs the Secretary to continue supporting the National Strategy to Combat Antisemitism released on May 25, 2023.

#### RENOVATION AND MODERNIZATION

The agreement includes a total of \$1,142,000 for the Renovation and Modernization account.

#### OFFICE OF INSPECTOR GENERAL

The agreement includes a total of \$48,000,000 for the Office of Inspector General (OIG).

#### GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Commerce:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest.

Section 102 makes appropriations for Department of Commerce salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15 days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides congressional notification requirements for NOAA satellite programs and includes life cycle cost estimates for certain weather satellite programs.

Section 105 provides for reimbursement for services within Department of Commerce buildings.

Section 106 clarifies that grant recipients under the Department of Commerce may deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 107 provides the NOAA Administrator with the authority to avail NOAA of resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 108 prohibits the National Technical Information Service from charging for certain services.

Section 109 allows NOAA to be reimbursed by Federal and non-Federal entities for performing certain activities.

Section 110 provides the Economics and Statistics Administration certain authority to enter into cooperative agreements.

Section 111 allows the Secretary of Commerce to waive up to 50 percent of the cost sharing requirements for funds provided in this act under section 315 of the Coastal Zone Management Act of 1972.

Section 112 sets limitations on the Department's ability to obligate unobligated balances of expired discretionary funds transferred to the Nonrecurring Expenses Fund.

Section 113 allows for the establishment of Cooperative Aviation Centers to aid in the recruitment of aviators for the NOAA Commissioned Officer Corps.

Section 114 allows for the modification of the Ketchikan port facility.

Section 115 allows the NOAA Administrator to establish an alternative or fixed rate for relocation allowance, including permanent change of station allowance.

## **TITLE II**

### **DEPARTMENT OF JUSTICE**

#### **JUSTICE OPERATIONS, MANAGEMENT, AND ACCOUNTABILITY**

##### **SALARIES AND EXPENSES**

The agreement includes \$142,000,000 for Justice Operations, Management, and Accountability.

For fiscal year 2024, the agreement adopts the language in the joint explanatory statement accompanying Public Law 117-103 on "Office of Legal Counsel (OLC) Opinions." In lieu of language in the Senate report directing that funding for programs, projects, and activities, across

all Department of Justice (DOJ) appropriations accounts, is provided at no less than the fiscal year 2023 enacted levels, the agreement directs the Department to prioritize such programs, projects, and activities to the extent practicable.

*Protecting Children from Online Predators.*—The agreement directs the Department to report to the Committees, within 120 days of the enactment of this act, its recommendations for a coordinated approach between the Department, other government entities, technology companies, and victim services providers to address the rising prevalence of the production and distribution of online child sexual abuse materials (CSAM). Additionally, the agreement encourages the Department to include in the report recommendations on victim-centered policing strategies, a general assessment of the resource needs of the Department and ~~their~~ State, local, and Tribal law enforcement partner agencies to identify and rescue victims of CSAM, and recommendations for other strategies and best practices.

*Combating Domestic Terrorism.*—In lieu of Senate report language under this same heading, the agreement directs the Department to brief the Committees, within 90 days of the enactment of this act, on the Department's assessment and analysis, as previously directed in Senate Report 116–127, under “Combating Domestic Terrorism,” and adopted by Public Law 116–93.

*Human Rights Crimes.*—The agreement directs the Criminal Division (CRM) and the U.S. Attorneys' Office (USAO) to increase efforts to investigate and prosecute human rights violations, including genocide, torture, use or recruitment of child soldiers, war crimes, and other crimes committed by human rights violators, particularly to support the newly-established War Crimes Accountability Team's efforts to respond to war crimes and other atrocities committed during Russia's invasion of Ukraine, efforts to investigate and prosecute war crimes committed during Hamas' October 7, 2023 attack on Israel, and the added responsibilities of CRM to prosecute war criminals under the Justice for Victims of War Crimes Act (Public Law 117–351). For this purpose, the agreement supports continued funding for CRM and USAO to investigate and prosecute these cases.

The agreement directs the Department to report to the Committees, within 120 days of enactment of this act, on all investigations and prosecutions of human rights offenses and other offenses committed by serious human rights violators within each of the last five fiscal years, including the efforts of CRM and USAO to increase the number of prosecutions. The report should

also include any organizational or legal impediments to investigating and prosecuting more human rights violators.

*Combating Violent Crime in Indian Country.*—The agreement encourages the USAO to prioritize efforts to investigate and prosecute violent crimes within their jurisdiction against Native Americans and Alaska Natives that occur in Indian Country, to maintain communication with victims and family members about the status of ongoing investigations and cases, and to provide as much information as possible on any declinations. The agreement encourages DOJ and the Federal Bureau of Investigation (FBI), in consultation with the Bureau of Indian Affairs and state, local, and Tribal law enforcement agencies, to notify the Committees of necessary resources and cost estimates, including additional FBI agents, to investigate, respond to, and prevent crimes in Indian Country. The agreement further encourages the FBI to increase recruitment, retention, and placement efforts in order to fill existing positions in areas with large land-based Tribes or with high instances of missing and murdered Indigenous persons cases.

*Emmett Till Unsolved Civil Rights Crimes Act.*—The agreement directs that the Department provide up to \$14,500,000 for Emmett Till Act activities, including up to \$10,000,000 for the FBI and the Civil Rights Division’s Cold Case Initiative; up to \$1,500,000 for Community Relations Service to partner with law enforcement agencies and communities to help resolve conflicts resulting from the investigation of unsolved civil rights era cases; and \$3,000,000 for grants to State and local law enforcement agencies for the use of modern DNA and forensic tools to aid civil rights era cold case investigations.

— *McGirt v. Oklahoma.*—The agreement directs the Department to ensure all *McGirt*-related needs are met, and further directs the Department to allocate no less than the fiscal year 2023 enacted levels for *McGirt*-related activities, by component. The Department is directed to keep the Committees apprised of any additional resources or needs relating to *McGirt*, and, within 90 days of enactment of this act, the Department shall update and submit the report required under this heading in the joint explanatory statement accompanying Public Law 117–328.

*Voting Rights and Election Administrator Threats.*—The agreement encourages the Department to devote appropriate resources to investigate credible threats made against individuals associated with the electoral process, such as election administrators, and encourages the Department to make all policies and procedures related to the rights and protections offered to such individuals publicly available on its website. The agreement further encourages the Attorney

General to provide appropriate resources to ensure voting rights are protected, pursuant to the U.S. Constitution, Federal law, and proper adherence to the precedents of the U.S. Supreme Court.

*Analysis of Digital Evidence.*—The agreement adopts the directive under this heading in the Senate report, and further directs the Department to brief the Committees, no later than 90 days after the enactment of this act, regarding the use of evidence from digital devices in the course of its investigations.

*Illegal Gambling.*—In addition to the directive in the Senate report under this same heading, the Department is encouraged to pursue cases against illegal online sportsbooks and casinos, as appropriate.

*Update on Required Agency Research.*—Consistent with the directive contained under this heading in House Report 117–395, as adopted by Public Law 117–328, the agreement directs the Department to update the Committees on the progress toward expanded researcher access to samples and strains of marijuana for scientific research on marijuana-impaired driving. The agreement expects the Department to provide the briefing to the Committees, no later than 60 days after the enactment of this act, and in advance of the publication of the report, and recommendations required by Public Law 117–58.

*Third Party Settlements.*—The agreement directs the Department to report to the Committees, no later than 30 days after the end of fiscal year 2024, on each settlement negotiated or concluded by the Department during fiscal year 2024 that includes terms requiring the defendant to donate or contribute funds to an organization or individual.

*Felony Convictions.*—The agreement directs the Department to provide a briefing to the Committees, no later than 180 days after the enactment of this act, on the number of Department employees who have been convicted of a felony since January 1, 2017, and of that number, how many remain employed and how many have been terminated by the Department.

*Federal Law Enforcement Operations in the U.S. Caribbean.*—The agreement acknowledges the elevated homicide rates in Puerto Rico and the U.S. Virgin Islands, and the link of such crimes to illegal narcotics trafficking in the region. The agreement expects the Department and the Organized Crime Drug Enforcement Task Forces (OCDETF) to continue prioritizing resources and joint operations to dismantle and prosecute drug trafficking and money laundering organizations in the region, including through the Caribbean Corridor Strike Force.

*Blockchain Analysis Tools.*—In an effort to reduce crimes involving the illicit use of cryptocurrency, the agreement encourages the Department to acquire blockchain analysis tools, attributed blockchain data, training on cryptocurrency-related investigations, and cryptocurrency-related investigative and analytical support. The agreement directs the Department, including the FBI, the United States Marshals Services, and the Asset Forfeiture Program, to provide a briefing on its cryptocurrency-related activities within 90 days of the enactment of this act.

*Department of Justice Recusal Policies.*—The agreement directs the Department to continue implementing the policies and procedures specified under this heading in the joint explanatory statement accompanying Public Law 117–328. The Department is further directed to continue to submit, no later than 60 days after the enactment of this act, the annual report as specified under this heading in the joint explanatory statement accompanying Public Law 117–103. The agreement clarifies that these policies and procedures are to pertain to attorney recusals, formal or informal, predicated on statutory, regulatory, and professional responsibility requirements, conflicting financial interests, or concerns related to impartiality or the appearance of impartiality.

*Office of Inspector General (OIG) Referrals.*—The agreement adopts the language in the joint explanatory statement accompanying Public Law 117–103 under the same heading. In addition, the Department is directed to review the data provided by OIG under section 405(b)(17) of title 5, United States Code. OIG is directed, in its transmission of the semiannual report under section 405(c) of title 5, United States Code, to provide a statistical table showing the number of OIG referrals that were declined for prosecution, including, if practicable, an explanation of why cases were declined for prosecution.

*Countering Antisemitism.*—The Department is directed to report, within 60 days of the enactment of this act, its plans to implement the National Strategy to Counter Antisemitism released May 25, 2023.

*Department of Justice Firearms and Ammunition.*—The agreement directs the Government Accountability Office to update its 2018 report “Purchases and Inventory Controls of Firearms, Ammunition, and Tactical Equipment” (GAO-19-175), as it pertains to the Department.

*Savanna’s Act.*—The agreement directs the Department to provide recommendations on how data collection on missing or murdered Indigenous people can be improved, consistent with

Savanna's Act (Public Law 116–165), and, within 90 days of enactment of this act, directs the Department to brief the Committees on its progress in implementing this legislation.

*State Regulatory Frameworks.*—The agreement urges the Department, in coordination with the Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau, and other agencies which may have relevant regulatory expertise, to coordinate an assessment of the adequacy of State marijuana regulatory frameworks, including commonalities and novel approaches to enforcement and oversight.

*Illegal Vaping Products from the People's Republic of China.*—The agreement directs the Department, in coordination with U.S. Customs and Border Protection, the Food and Drug Administration, and other relevant agencies, to submit a report, within 180 days of the enactment of this act, on enforcement actions taken to halt, reduce, and prevent illegal electronic nicotine delivery system (ENDS) products from entering the stream of commerce within the United States. The report shall assess: (1) all civil or criminal actions filed in Federal court; (2) the volume of ENDS products seized at ports of entry; and (3) civil monetary penalties imposed.

*Wildlife Trafficking.*—In lieu of the Senate report language, the agreement encourages the Attorney General to continue submitting an annual report on the specific steps the Department is taking to further address wildlife trafficking and the illegal natural resources trade. The agreement further encourages the Department to continue to provide dedicated resources for investigating and prosecuting wildlife trafficking crimes.

*Recorded Law Enforcement Interviews.*—The agreement directs the Department to submit a report to the Committees, within 90 days of the enactment of this act, on the feasibility of implementing procedures and protocols for conducting recorded interviews using electronic audio and video recording equipment of a target, subject, witness, or victim in connection with an investigation of a Federal offense, or an investigation in which a Department component is assisting a state, local or Tribal law enforcement agency. The report shall be specific to each of the Department's Federal law enforcement components in terms of types of investigations, interviewee notifications and consent requirements, and exceptions required for those investigations, including when audio- or video-recorded interviews are not practicable, would interfere with the conduct of the investigation, or would compromise the life or safety of the interviewee. Finally, the agreement directs the Department to include in the report cost estimates and timelines associated with implementation, including equipment and data storage.

satisfies

*DOJ Grants Oversight.*—The agreement directs the Department to provide, in the fiscal year 2024 spend plan submitted pursuant to section 528 of this act, a clear explanation of how each solicitation for funds reserved under section 506(b)(1) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10157) ~~satisfy~~ the requirement that such funds be used “to combat, address, or otherwise respond to precipitous or extraordinary increases in crime, or in a type or types of crime.”

*District of Columbia Resources.*—The agreement directs the Department to submit to the Committees, within 90 days of enactment of this act, a report on the Department’s investments in addressing increased crime in the District of Columbia, as announced by the Department in January 2024. The report should include data over the last five fiscal years regarding prosecution rates for the offenses of homicide, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, carjackings, and arson in the District of Columbia.

#### JUSTICE INFORMATION SHARING TECHNOLOGY

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$30,000,000 for Justice Information Sharing Technology.

#### EXECUTIVE OFFICE FOR IMMIGRATION REVIEW

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$844,000,000 for the Executive Office for Immigration Review (EOIR), of which \$4,000,000 is derived by a transfer from the U.S. Citizenship and Immigration Services Immigration Examinations Fee Account.

*Disposition of EOIR Adjudications.*—The agreement adopts the directive in the Senate report under this heading. In addition, the agreement directs EOIR to report to the Committees, monthly throughout fiscal year 2024, the number of cases, disaggregated by category, that have been terminated, administratively closed, or dismissed.

*Immigration Judge Training.*—EOIR is directed to follow the directive in the joint explanatory statement accompanying Public Law 117–103 under this heading. In addition, the agreement directs EOIR to ensure consistency in its training for all current and new immigration judges (IJs).

*Immigration Judge Hiring.*—EOIR is directed to follow the directive in the joint explanatory statement accompanying Public Law 117–103 under this heading. In addition, the agreement directs EOIR to report the number of IJs who did not hear cases during the preceding month.

*Immigration Case Backlog.*—In addition to the directives under “Case Backlog and Reporting Requirements” in the Senate report, the agreement directs EOIR to report to the Committees where and when the hiring procedures referred to in the directive have been posted. The agreement further directs EOIR to provide, no later than 120 days after the enactment of this act, and monthly thereafter throughout fiscal year 2024, all data from the IJ performance dashboard from fiscal years 2020 through 2024. The agreement also notes that EOIR’s backlog of cases delays due process and justice—in many cases, for years—for those who have a valid claim to immigration benefits. Given the impact of the current backlog of over 2,300,000 cases on EOIR’s workforce, the agreement directs EOIR to implement a performance appraisal program for IJs, Assistant Chief IJs, and Appellate IJs, consistent with recommendations made by the Government Accountability Office (GAO-23-105431) with respect to workforce planning and management best practices and OPM guidance. EOIR shall submit a report to the Committees on the results of the performance appraisal program and any modifications made following the evaluation. Additionally, to assist with the backlog reduction effort, the agreement directs EOIR to utilize Assistant Chief IJs in the same capacity as IJs for the purposes of maintaining a docket for master and individual hearing cases, and further directs the Attorney General to ensure that IJs hired in fiscal year 2024 will adjudicate cases as their primary function.

*EOIR Personnel Practices.*—The agreement directs EOIR to provide the Committees a report, no later than 90 days after enactment of this act, on the practices related to the hiring and terminations of IJs.

*Legal Orientation Program (LOP).*—In lieu of the Senate language under the same heading, the agreement provides no less than \$28,000,000 for services provided by LOP. The agreement requests an evaluation of the resources necessary to provide LOP services at additional sites and notes the particular need for legal services at more remote immigration detention sites that are far from legal service providers in urban centers. The agreement directs the Department to utilize all appropriated funds solely for legitimate program purposes.

*Videoteleconferencing (VTC).*—The agreement adopts the Senate language under the same heading but does not adopt the recommendation that EOIR work in conjunction with a stakeholder working group in its creation of uniform standards for VTC procedures.

*GAO Update on VTC Data.*—In lieu of the Senate language under the heading “VTC Data and Reporting”, the agreement directs the Government Accountability Office to update the VTC portion of its 2017 report “Immigration Courts Actions Needed to Reduce Case Backlog and Address Long-Standing Management and Operational Challenges” (GAO-17-438).

*Unified Immigration Portal (UIP).*—The agreement acknowledges ongoing investments by the Department of Homeland Security (DHS) in technology and data integration, including UIP data sharing. Such investments improve the business process between DHS and EOIR through operational efficiencies, potential cost and time savings in court scheduling, and the elimination of mismatched data. The agreement directs EOIR to provide a status update on its UIP-related efforts no later than 60 days after the enactment of this act.

#### OFFICE OF INSPECTOR GENERAL

The agreement includes \$139,000,000 for the Office of Inspector General.

*Audits of Grant Programs.*—The agreement directs the OIG to thoroughly audit the Department’s grant making components and provide quarterly reports to the Committees regarding the Department’s implementation of grant programs.

#### UNITED STATES PAROLE COMMISSION

##### SALARIES AND EXPENSES

The agreement includes \$14,000,000 for the salaries and expenses of the United States Parole Commission.

#### LEGAL ACTIVITIES

##### SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$1,090,000,000 for General Legal Activities. For fiscal year 2024, the agreement adopts the language in House Report 117–395 on “Deinstitutionalization.”

*Office of Immigration Litigation (OIL) Performance.*—The agreement directs OIL, District Court and Appellate Sections, no later than 120 days after the enactment of this act, to provide the Committees all training materials for OIL trial attorneys, special litigation counsels, and assistant directors. The agreement further directs the Appellate Section to provide, no later than 90 days after the date of enactment of this act, a report, with data from fiscal year 2018 through fiscal year 2024 year to date, that includes the number of cases that the OIL District and Appellate Sections agreed to resolve through judicial administrative closure, Jacobson remand, or dismissal without prejudice.

*U.S. Forest Service Litigation.*—The agreement encourages the Department to provide dedicated resources for litigation regarding national forest restoration projects of the U.S. Forest Service. The agreement further encourages the Department to prioritize efforts based on regions of the U.S. Forest Service with high volumes of litigation and to draw from litigators with experience with national forest restoration projects.

#### VACCINE INJURY COMPENSATION TRUST FUND

The agreement includes a reimbursement of \$22,700,000 for Department expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660).

#### SALARIES AND EXPENSES, ANTITRUST DIVISION

The agreement includes \$233,000,000 for the Antitrust Division. This appropriation reflects a current estimated projection of actual fee collections for fiscal year 2024.

*Pre-merger Filing Fees.*—In lieu of language in the Senate report under the same heading, the agreement acknowledges the inherent structural challenges of providing predictable, sustainable appropriations to fee-funded agencies, including the Antitrust Division, as fee collections are inherently unpredictable and vary based on economic conditions and other factors. The agreement recognizes the importance of predictable, sustainable funding for the Antitrust Division, and encourages the Department to work with Congressional committees of jurisdiction to address such challenges.

SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

The agreement includes \$2,611,000,000 for the Executive Office for United States Attorneys and the 94 United States Attorneys' offices.

UNITED STATES TRUSTEE SYSTEM FUND

The agreement includes \$245,000,000 for the United States Trustee Program.

SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

The agreement includes \$2,504,000 for the Foreign Claims Settlement Commission.

FEES AND EXPENSES OF WITNESSES

The agreement includes \$270,000,000 for Fees and Expenses of Witnesses. The agreement expects that no funds will be obligated for expert witness services, including the payment of fees and expenses of expert witnesses, from any other DOJ accounts other than Fees and Expenses of Witnesses.

SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$24,000,000 for the Community Relations Service.

ASSETS FORFEITURE FUND

The agreement includes \$20,514,000 for the Assets Forfeiture Fund.

UNITED STATES MARSHALS SERVICE

SALARIES AND EXPENSES

The agreement includes \$1,692,000,000 for the salaries and expenses of the United States Marshals Service (USMS).

*International Megan's Law.*—Within the funding provided, the agreement supports the enforcement of laws relating to international travel of sex offenders, including through the Angel Watch Center.

*Judicial Security and Protective Operations.*—The agreement acknowledges USMS' important responsibility to protect the life and safety of Federal judges, their families, and Federal

judiciary employees. The agreement directs the USMS to fully enforce all applicable laws to provide for the appropriate protection of the Federal judiciary. Within the funds provided, the agreement expects the USMS to dedicate the requisite resources for this protection mission. The agreement further supports USMS implementation of its responsibilities described in section 5936(b) of the Daniel Aderl Judicial Security and Privacy Act of 2022 (Public Law 117–263), within funds provided.

*Regional Fugitive Task Forces (RFTF).*—The agreement directs the USMS to submit an updated report on the expansion of the RFTF program. In contemplating the establishment of new RFTFs, the USMS is encouraged to give consideration to regions of the United States that are not currently served by a RFTF including the Midwest and New England.

#### CONSTRUCTION

The agreement includes \$15,000,000 for construction and related expenses in space controlled, occupied, or utilized by the USMS for prisoner holding and related support.

#### FEDERAL PRISONER DETENTION

The agreement includes \$2,100,000,000 for Federal Prisoner Detention.

#### NATIONAL SECURITY DIVISION

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$128,000,000 for the salaries and expenses of the National Security Division (NSD).

*Countering Espionage by the People's Republic of China (PRC).*—The agreement directs the NSD to provide a report to the Committees, within 60 days of enactment of this act, outlining all efforts undertaken to continue the identification and prosecution of espionage efforts against American businesses, research institutions, and academia emanating from the PRC.

#### INTERAGENCY LAW ENFORCEMENT

##### ORGANIZED CRIME DRUG ENFORCEMENT TASK FORCES

The agreement includes \$547,000,000 for the Organized Crime Drug Enforcement Task Forces.

## FEDERAL BUREAU OF INVESTIGATION

### SALARIES AND EXPENSES

The agreement includes \$10,643,713,000 for the salaries and expenses of the Federal Bureau of Investigation (FBI).

*Field Integration Study.*—The agreement directs the FBI to conduct a study and provide a report to the Committees, no later than 270 days after the enactment of this act, on the feasibility of expanding the FBI operations in regional offices around the country. Such study should also examine the existing resources and infrastructure of FBI facilities with the capacity for expansion throughout the United States. The agreement directs the FBI to include in the report an assessment of the utility and costs associated with such expansions of resources and personnel.

*National Instant Criminal Background Check System.*—Within the amounts provided, the agreement expects the FBI to allocate the full amount of resources necessary for all statutorily required firearm background checks through its National Instant Criminal Background Check System (NICS).

*Network Investigative Techniques.*—The agreement directs the FBI to provide the Committees, not later than 90 days after the date of the enactment of this act, a classified briefing that addresses the following matters, over the last three fiscal years: (1) the number of operations in which the FBI has used network investigative techniques; (2) the number of such instances that were court-authorized; (3) the number of such instances that were authorized by the Foreign Intelligence Surveillance Court; and (4) the number of individuals, devices, and accounts that were searched remotely by the FBI.

*Targeting Fentanyl.*—The agreement directs the FBI, within funds provided, to allocate the maximum amount of available resources, as practicable, to support a comprehensive, multi-pronged criminal enterprise strategy to target fentanyl and opioid trafficking on Darknet and Clearnet, enhance intelligence and anti-money laundering activities, and support investigations that focus on identifying, targeting, disrupting, degrading, and dismantling transnational criminal organizations (TCOs).

*TCOs and Counternarcotics Investigations.*—The agreement urges the FBI to continue its efforts to address TCOs and counternarcotics investigations in Central America.

*Child Exploitation and Trafficking.*—The agreement acknowledges the increased use of digital services for child exploitation and trafficking. The agreement encourages the FBI to consider using a biometric identification system to bridge current information gaps and enhance investigation efforts within the FBI, through the procurement of a software-related database to share information across law enforcement agencies. The system should create a standardized vetting process and provide data visualization tools to help expedite and recover victims of exploitation.

*Terrorist Explosive Device Analytical Center (TEDAC) and Hazardous Device School (HDS).*—The agreement provides up to the fiscal year 2023 enacted levels for TEDAC and HDS.

*National Bioforensic Analysis Center (NBFAC).*—The agreement provides up to \$21,840,000 for the FBI's role at the NBFAC.

*Combatting Modern Slavery and Human Trafficking.*—The agreement directs the FBI to allocate additional staff dedicated to human trafficking at its field offices with the largest geographic areas of responsibility.

## CONSTRUCTION

The agreement includes \$30,000,000 for FBI construction.

## DRUG ENFORCEMENT ADMINISTRATION

### SALARIES AND EXPENSES

The agreement includes a direct appropriation of \$2,567,000,000 for the salaries and expenses of the Drug Enforcement Administration (DEA). In addition, DEA expects to derive \$620,000,000 from fees deposited in the Diversion Control Fee Account to carry out the Diversion Control Program, resulting in \$3,187,000,000 in total spending authority.

*Digital Evidence to Combat the Fentanyl Crisis.*—The agreement urges DEA to establish and formalize a tiered digital evidence enterprise program. The agreement directs DEA to report to the Committees on the cost of establishing and formalizing a tiered digital evidence program encompassing the entire digital evidence workflow in which DEA personnel would uniformly deploy digital evidence technical capabilities and training across all 23 DEA divisions. The agreement further directs DEA to report to the Committees on its strategic plan on the utilization of established internationally and nationally recognized training programs and policy and

procedures development utilizing already established national best practices. Finally, the agreement directs the DEA to report its strategic plan on its current state and future state partnerships with state and local digital laboratories and to develop a collaborative and comprehensive best practices document.

*Supply Shortage of Amphetamine Formulations.*—The agreement directs DEA to issue a report to the Committees, no later than 90 days after the enactment of this act, on the impact DEA production quotas are having on the current supply shortage, and whether such production quotas will, or should, be modified.

*Opioid Takeback Programs.*—The agreement encourages DEA to consider updating regulations within its jurisdiction to enhance and expand opioid takeback programs, thereby improving the options for safely disposing unused opioid medications.

*Appropriations Liaison.*—The agreement directs DEA to maintain a dedicated appropriations liaison office within the Office of the Chief Financial Officer.

*Counter Threat Teams.*—The agreement directs DEA, within funding provided, to continue developing its Counter Threat Teams (CTT) initiative. DEA is further directed to submit a report on all associated costs to fully implement this initiative nationwide and the costs associated with implementation in the current fiscal year within 90 days of enactment of this act. The agreement directs DEA to brief the Committees no later than 120 days after the enactment of the act on the CTTs.

## BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

### SALARIES AND EXPENSES

The agreement includes \$1,625,000,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

*Electronic Forms (“eForms”) Application Process.*—The agreement strongly urges ATF to provide a mechanism for allowing eForms applicants to correct mistakes without having to resubmit their application.

*National Firearms Act Application Processing Times.*—The agreement directs ATF and the FBI to continue collaboration to improve the process for consideration of applications to address ongoing delays in application processing times.

*National Integrated Ballistic Information Network (NIBIN).*—The agreement directs the continued expansion of NIBIN, including additional entry stations, additional law enforcement coordination, expanded training and technology investments to Tribal law enforcement, within funds provided. The agreement directs that ATF examine ways to expand access to NIBIN to state and local agencies in the New England and southwest border regions.

*Enhancing Capacity of Ballistic Matches.*—Within the funds provided, the agreement encourages ATF to prioritize the development and implementation of technologies that enhance the efficiency and accuracy of ballistics imaging triage, reduce turnaround times for analysis of ballistics evidence, and improve the sharing of information and data among law enforcement agencies. ATF is further encouraged to prioritize the implementation of currently available technologies that enhance the efficiency and accuracy of bullet imaging comparisons. The agreement encourages ATF to ensure such efforts support NIBIN and Crime Gun Intelligence Center (CGIC) initiatives to address gun violence. The agreement further encourages ATF to coordinate with state and local law enforcement agencies on the adoption of technology that aligns with their needs. Finally, the agreement directs ATF to report to the Committees, no later than one year after the date of the enactment of this act, on the availability and viability of such technology, including by assessing its effectiveness in providing real-time forensic-based intelligence to law enforcement and any challenges associated with its adoption, and any recommendations for improvements.

*Facilities.*—In lieu of Senate report language regarding the National Services Center, the agreement directs ATF to submit a report to the Committees, within 120 days of enactment of this act, on the needs, including occupational hazards and risks as well as impact on ATF's mission, associated with mission-critical facilities.

## FEDERAL PRISON SYSTEM

### SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$8,392,588,000 for the salaries and expenses of the Federal Prison System. Of the amount made available under this heading, no less than the fiscal year 2023 level shall be used for land mobile radio (LMR) communication and video security upgrades. The

agreement recommends no less than fiscal year 2023 enacted levels to sustain and increase Bureau of Prisons (BOP) hiring efforts.

*Report on Sexual Harassment.*—The agreement directs BOP to submit a report, no later than 90 days after the enactment of this act, on its continued efforts to address sexual harassment and assault of female inmates in BOP facilities, resources necessary to keep female inmates safe, and other measures to ensure all BOP employees are aware of their responsibilities.

*Hiring and Vacancies.*—The agreement adopts the directive in the Senate report on “Hiring and Staff Reports.” In addition, the agreement directs the Department to coordinate with the Office of Personnel Management (OPM) to enable expedited hiring for BOP facilities with vacancy rates exceeding 10 percent and to make use of recruitment and retention bonuses. The agreement instructs BOP to describe such efforts in the report.

*Staffing at Medium Security Institutions.*—The agreement encourages BOP to increase the number of correctional officers at medium-security institutions. The agreement further encourages BOP to add one additional officer per two housing units, per shift, per day, at all medium-security institutions and institutions housing female inmates. The agreement further encourages BOP to supplement current staffing numbers and encourages BOP to staff all housing units or occupied parts of the housing units. The agreement further urges BOP to cease the practice of vacating housing units after-hours while offenders are secure in cells.

*Augmentation.*—The agreement adopts the directives in the Senate report under the same heading, and directs BOP to submit a report outlining the agency’s augmentation usage practices, no later than 60 days after the enactment of this act. The agreement further directs BOP to provide a briefing regarding the report no later than 15 days after its submission.

*Officer Pay.*—The agreement directs BOP to share with the Committees the results of its review required under the heading “Direct Hire Authority” in the Senate report on correctional officer pay scales ~~with the Committees~~ immediately upon its completion.

*Overtime Pay Rate.*—In lieu of the directive in the Senate report under the same heading, the agreement adopts the directives in the joint explanatory statement accompanying Public Law 117–103 on “Overtime Pay Rate.”

*First Step Act (FSA) Staffing.*—The agreement encourages BOP to hire additional programming staff to successfully provide these key programs and ensure that each facility has a Special Education Teacher on staff. The agreement further encourages BOP to hire a Special

Populations Manager at each BOP institution to ensure that additional FSA programming can be provided. Positions that are vital to the FSA should be added to institution staffing requirements and not taken from existing staffing complements.

*Restrictive Housing.*—The agreement encourages BOP to significantly reduce the number of Federal inmates in restricted housing, including by opening transition units and other specialized units for populations often sent to restricted housing, and by working with regional directors and wardens to address the widespread reliance on restricted housing.

*Open GAO Recommendations.*—The agreement directs BOP to provide to the Committees, no later than 180 days after the enactment of this act, a report that: (1) identifies all BOP-related recommendations issued by the GAO over the last ten fiscal years that remain open; and (2) describes the steps BOP is taking to implement all recommended actions and close out each open recommendation.

*Camera and Radio Systems in Federal Prison Facilities.*—The agreement directs BOP to submit, no later than 90 days after the enactment of this act, a three-year plan to upgrade its security camera, LMR communication, and public address (PA) systems at all BOP correctional facilities. Such plan should address current system deficiencies, including a lack of functioning systems, blind spots, or radios lacking a “man down” function; the need for, and cost of, planned system maintenance and upgrades, including analog-to-digital system conversion; needed upgrades to ensure storage, logging, preservation, and accessibility of records for investigators or courts; and any other enterprise-wide considerations for such technologies and systems. Additionally, the agreement directs BOP to incorporate into the plan a cost projection and prioritization of facilities for security camera, LMR, and PA system upgrades.

*Government Identification.*—The agreement directs the BOP to identify key stakeholders and leverage their expertise to help ensure that BOP maximizes the potential uses of the new Federal ID card. Further, the agreement directs BOP to provide a report, no later than 180 days after the enactment of this act, on its efforts to leverage stakeholder expertise to ensure the rollout of the new Federal ID card is successful.

*Healthcare Reentry.*—The agreement directs BOP to conduct a comprehensive assessment of the effectiveness of BOP’s policies and procedures for facilitating enrollment in Medicaid or other health care coverage for inmates nearing reentry, and for helping to ensure continuity of care upon release from BOP custody. The agreement directs BOP to report on these efforts no later than

90 days after the enactment of this act. The agreement further directs BOP to assess the effectiveness of Federal prison healthcare, including any targeted assistance for facilitating enrollment in Medicaid or other health coverage for inmates nearing reentry. The agreement also encourages BOP to establish a communication or coordination mechanism with state Medicaid agencies, or the Centers for Medicare & Medicaid Services, to facilitate the application and enrollment process for individuals leaving incarceration.

*Social Workers.*—The agreement encourages BOP to establish procedures to improve the staffing levels for social workers, including by working with OPM.

*Staffing Shortages.*—The agreement adopts the directive in the Senate report under this same heading. In addition, as part of the report required under such directive, the agreement directs BOP to research the feasibility of a retention incentive, not to exceed 10 percent, for non-supervisory law enforcement employees nearing retirement.

*Naloxone.*—The agreement directs BOP to develop policies and procedures to train all staff in administering naloxone. The agreement further directs BOP to provide a report, no later than 180 days after the enactment of this act, detailing all efforts to train BOP employees to administer naloxone, how many BOP employees carry naloxone, how many times naloxone has been administered in BOP facilities during the previous 12 months, and how many overdoses occurred in BOP facilities during the previous 12 months.

*Inmate Treatment.*—The agreement encourages BOP to make abstinence-based relapse prevention treatment options available to inmates with a history of opioid dependence.

*Mail Scanning.*—The agreement directs BOP to submit a report to the Committees, no later than 60 days after the enactment of this act, detailing the cost of deploying digital mail scanning technology at all BOP detention facilities, including potential cost savings or benefits that may result from having fewer staff involved in the mail scanning process.

*Inmate Trust Accounts.*—The agreement directs the Department to report to the Committees, no later than 180 days after the enactment of this act, on the number of inmate trust fund accounts with a balance over \$5,000.

*Roadmap to Reentry.*—The agreement encourages BOP to reestablish the principles identified in the Justice Department’s “Roadmap to Reentry,” and to begin the process of implementing these principles to improve the correctional practices and programs, including providing the following: (1) individualized reentry plans for individuals; (2) access to education,

employment training, life skills, substance abuse, mental health, and other programs; (3) resources and opportunities to build and maintain family relationships; (4) individualized continuity of care; and (5) comprehensive reentry-related information and access to resources.

*Swift-Certain-Fair (SCF) Model in the Federal Prison System.*—The agreement encourages the BOP to establish SCF pilot programs in BOP housing units based upon best practices developed by other applicable corrections agencies, and to collect data on the effectiveness of the program. The agreement directs BOP to provide, within 90 days of the enactment of this act, a report evaluating the pilot and making recommendations on its replication.

#### BUILDINGS AND FACILITIES

The agreement includes \$179,762,000 for the construction, acquisition, modernization, maintenance, and repair of prison and detention facilities housing Federal inmates.

*Modernization and Repair of Existing Facilities.*—The agreement expects BOP to apply funds provided in fiscal year 2024 to reduce its longstanding Modernization and Repair (M&R) backlog and directs BOP to prioritize funding for repairs that protect life and safety. The agreement further directs BOP to continue providing a schedule and timeline for repairs of facilities with geological and seismic deficiencies, and to include updates in the monthly M&R reports.

*Taft, California.*—The agreement encourages the BOP to expeditiously advance repairs at this facility consistent with the timeline established in 2021. Accordingly, the agreement directs BOP to provide the Committees, no later than 60 days after the enactment of this act, a detailed timeline of all work related to repairing, rebuilding, renovating, or otherwise required for this facility.

*Deferred Maintenance and FSA Needs.*—The agreement directs BOP to provide to the Committees, no later than 180 days after the enactment of this act, a facilities investment plan to address BOP's current facility requirements. The agreement further directs BOP to include in such plan an assessment of the condition of all BOP facilities, any BOP plans to address deferred maintenance backlogs with repair estimates broken out by priority categories, explanations of how appropriated funding will be applied in fiscal year 2024 to address the backlog, and a multi-year outlook on investment in its current facilities. The agreement encourages BOP to also include details on how Public Law 115–391 impacts building and facility requirements and reentry program implementation.

## LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

The agreement includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

## STATE AND LOCAL LAW ENFORCEMENT ACTIVITIES

In total, the agreement includes \$4,501,377,000 for state and local law enforcement and crime prevention programs. This amount includes \$4,247,377,000 in discretionary budget authority, \$80,000,000 derived by transfer from the Crime Victims Fund, and \$174,000,000 scored as mandatory for Public Safety Officer Benefits. The Department is directed to submit an annual report on grant programs that have not received a sufficient number of qualified applicants.

*Bipartisan Safer Communities Act.*—In addition to the resources provided in this act, the agreement recognizes that additional funds have been made available to certain grant programs by Public Law 117–159.

*STOP School Violence Act.*—The agreement directs the Department to continue following the directives in the joint explanatory statement accompanying Public Law 117–103 under the heading “STOP School Violence Act.” Additionally, the agreement directs BJA to prioritize mental health crisis intervention, applicants from rural and low-resourced school districts, and applicants incorporating crisis centers and evidence-based trainings for students and staff within their anonymous reporting systems, as permitted under the act. Recognizing that the STOP School Violence Act was enacted in 2018, BJA is directed to report, no later than 180 days after the enactment of this act, on the demographics of recipient schools, strategies employed to reach low-resourced communities (such as microgrants), and efforts to improve technical assistance in support of grantee capacity.

*Grant Programs Crosswalks.*—The Department is directed to provide the Committees, as part of the spend plan submitted pursuant to section 528 of this act, a crosswalk of the Office on Violence Against Women (OVW), Office of Justice Programs (OJP), and Community Oriented Policing Services Office (COPS) grant program solicitations, which includes the same level of information and detail as was provided to the Committee with respect to the solicitations of the Department’s grant program offices in fiscal year 2023.

*Improving Grant Reporting.*—The agreement notes the recent GAO report entitled, “Grants Management: Actions Needed to Improve Agency Reporting of Expired Grants,” and

Programs

highlights the recommendation that the Department “should resume reporting on undisbursed balances from expired grants in its annual Agency Financial Report or Performance and Accountability Report and annual performance plan,” as required by section 524 of this act. The Department is expected to fulfill this recommendation and to resume reporting this information.

*Tribal Grants and Victim Assistance.*—The agreement provides a total of \$118,000,000 in discretionary grant funding for Tribes as follows: \$50,000,000 within the Office of Justice (OJP) for Tribal assistance; \$16,000,000 for a Tribal youth program within the Office of Juvenile Justice and Delinquency Prevention (OJJDP); \$34,000,000 for Tribal resources and \$4,000,000 for a Tribal Access Program within the COPS Office; and \$11,000,000 for a special domestic violence criminal jurisdiction program and \$3,000,000 for a Special Assistant U.S. Attorney on Tribal land program within the OVW. In addition, a total of \$67,650,000 is provided to Tribal governments and Tribal coalitions in OVC funding as part of set-asides determined by program statute. For fiscal year 2024, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 for “Tribal Grants and Victim Assistance.”

*Crime Victims Fund.*—The agreement allows for obligations of \$1,353,000,000 from the Crime Victims Fund, \$153,000,000 above the amount requested by the Department for fiscal year 2024. In an effort to appropriately balance support for the breadth of victims and related services, the agreement provides \$80,000,000 of this amount to support Violence Against Women Prevention and Prosecution Programs. The agreement underscores this one-time transfer

is not intended as a funding mechanism in future years but as a means to provide critical support for victims in the current fiscal environment.

*Access to Sexual Assault Nurse Exams.*—The agreement includes \$10,000,000 for grants for regional sexual assault nurse examiner (SANE) training, salaries for SANEs and sexual assault forensic examiners (SAFEs), and technical assistance and resources to increase access to SANEs and SAFEs, as authorized by the Violence Against Women Act of 2022 (division W of Public Law 117–103). OVW is further directed to follow the directives described in the Senate report under the same heading.

*Sexual Assault Survivors' Bill of Rights.*—The agreement again provides \$10,000,000 as part of the STOP grants for the recently enacted Sexual Assault Survivors' Bill of Rights, a new and consequential grant program that incentivizes states to codify and standardize survivor rights. OVW did not request funding for this new program in fiscal year 2024, and the agreement notes this gap in funding and OVW's reported challenges in implementing this new program. The agreement directs the Department to submit a report to the Committee, within 120 days of enactment of this act, detailing any applicants deemed by OVW as ineligible for this funding <sup>the</sup> reasons for the ineligibility. and

*Suicide Prevention.*—The Department is directed to report to the Committees regarding its efforts, in consultation with the Substance Abuse and Mental Health Services Administration, to establish best practices to prevent suicide by survivors of sexual assault, domestic violence, dating violence, and stalking.

*Statutory Set-Asides.*—The underlying statutes for several grant programs, including Services, Training, Officers, and Prosecutors (STOP) Grants and Sexual Assault Services Program (SASP) grants, outline set-asides for Tribal governments and coalitions, culturally specific community-based organizations, and organizations providing services to underserved populations. These set-asides provide a total of \$88,998,535 for fiscal year 2024, with \$65,513,535 for Tribal governments and coalitions, \$17,175,000 for culturally specific organizations, and \$6,310,000 to meet the needs of underserved populations. OVW shall ensure that the full amounts provided for in the authorizing statutes are awarded expeditiously.

OFFICE OF JUSTICE PROGRAMS  
RESEARCH, EVALUATIONS AND STATISTICS

The agreement provides \$65,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

RESEARCH, EVALUATION AND STATISTICS  
(IN THOUSANDS OF DOLLARS)

Program	Amount (\$000)
Bureau of Justice Statistics.....	\$35,000
National Institute of Justice .....	30,000
Research on Multidisciplinary Partnerships.....	(1,500)
Forensic Research .....	(1,500)
<b>TOTAL, Research, Evaluation and Statistics</b>	<b>\$65,000</b>

*Research at National Institute of Justice (NIJ).*—In addition to \$3,500,000 transferred from the OVW for research and evaluation on violence against women and Indian women, the agreement provides \$1,500,000 for a study on the current landscape of multidisciplinary teams working on sexual exploitation crimes against children as described in the Senate report under the heading, “Study on Multidisciplinary Teams.” Further, the agreement includes no less than \$1,500,000 for NIJ to research forensic science for criminal justice purposes.

*Bail and Pretrial Release Statistics.*—The Bureau of Justice Statistics (BJS) is directed, within 90 days of the enactment of this act to provide a report, if feasible, containing information relating to individuals granted bail and pretrial release that are charged with one or more violent felony offenses. The report shall include data on bail or pretrial release as follows: (1) the number of individuals that are charged with one or more violent felony offenses that are granted bail or pretrial release, (2) the number of individuals who, after being granted bail or pretrial release, are rearrested or charged with an additional violent felony offense, (3) the percentage of individuals granted bail or pretrial release who are charged with a violent felony offense and have a prior arrest or conviction for a violent felony offense, (4) the number of missed court appearances by such individuals charged with a violent felony offense and (5) the classification of the violent felony offenses. In addition, the report shall detail the National Pretrial Reporting Program’s work on this

issue and provide an accounting of the amounts spent on this in fiscal year 2023, including transfers. Further, the report shall include information on bail and pretrial release, including any grants or contracts awarded for that purpose, and the amount and purpose of each grant or contract.

*Forensic Science Operational Needs Assessment.*—NIJ shall provide a report to the Committees on the projected workload, backlog, personnel, workforce, resources, necessary turnaround times for law enforcement officers and officers of the court, and equipment needs of forensic science providers and forensic medical service providers, no later than 180 days after the enactment of this act. The report should be conducted in conjunction with the Forensic Laboratory Needs Technology Working Group and the Federal Interagency Medicolegal Death Investigation Working Group. Further, the Department shall consider in its reporting the most recent BJS census reports on publicly funded forensic science service providers, digital forensic science service providers, and medical examiner and coroner offices; the NIJ report entitled, “Report to Congress: Needs Assessment of Forensic Laboratories and Medical Examiner/Coroner Offices” <sup>and</sup> any other relevant studies; and the practical and applied implications of any other scientific reports on forensic science with relevance to the operational, quality management, and practical needs of the forensic science community.

*Edward Byrne Memorial Justice Assistance Grant Program.*—The Department is directed to continue following the directives in House Report 117–97 adopted by Public Law 117–103 on “Byrne Memorial Justice Assistance Grant (Byrne JAG) Formula program”, and in the joint explanatory statement accompanying Public Law 117–103 on “Uses of Byrne-JAG Funds.” The agreement reinforces that Byrne JAG funds may be used by state, local, and Tribal law enforcement to combat and prevent hate crimes, to hire and train cybercrime personnel, and to train law enforcement and emergency dispatch personnel in cybercrime and encourages the use of these funds to support canine programs. The agreement urges the Department to release Byrne JAG funds as expeditiously as possible and clarifies that Byrne JAG funding may not be made available for luxury items, real estate, or construction projects.

*Medication-assisted Treatment.*—The agreement acknowledges concern about the impact of the growing epidemic of opioid and synthetic drug abuse and misuse on the law enforcement community and supports the use of Byrne JAG funds for the implementation of medication-assisted treatment programs to assist individuals in maintaining abstinence from all abused or misused drugs.

*Forensic Genetic Genealogical (FGG) DNA Analysis.*—Within amounts provided for the Office of Justice Programs, the agreement directs the Department to support efforts to use FGG to investigate unsolved violent crimes, without regard to the status of an applicant agency’s sexual assault kit inventory. The Department is directed to track and report regularly on the number of FGG samples analyzed, the types of DNA technology deployed, and the number of perpetrators or

human remains identified as a result. Further, the Department is encouraged to fund additional grants for the use of FGG technology under other appropriate programs including, but not limited to, the National Missing and Unidentified Persons System (NamUs) program.

*Body-worn Camera Policy and Implementation Program.*—The agreement encourages the Department to prioritize body-worn camera grant funding for agencies serving jurisdictions with populations of less than 50,000.

*Rapid DNA at Booking Stations.*—The agreement recognizes that the implementation of booking station Rapid DNA programs are an eligible use of Byrne JAG and SAKI funds and strongly supports the allocation of funds for this purpose within the funds provided and at a level not less than fiscal year 2023. The agreement directs the Department to assist with the initial costs associated with updating criminal history systems, integration with booking station systems, and purchasing new technologies associated with Rapid DNA.

*Prescription Drug Monitoring Programs.*—The agreement strongly supports the goals of the Harold Rogers Prescription Drug Monitoring Program and is concerned that a recent BJA reinterpretation of grant rules has effectively prohibited states from using PDMP grant funding to operate their PDMPs by requiring states to connect to a specific data hub solution in order to receive funding. The agreement notes that this is not consistent with allowing states to choose and operate the PDMP and data sharing hubs of their choice and directs BJA to allow states to utilize PDMP grant funding from the Harold Rogers Prescription Drug Monitoring Program to finance the PDMP of their choice and to connect to the interstate data exchange hub of their choice.

*Mentally Ill Offender Act.*—The Department is encouraged to prioritize Mentally Ill Offender Act grant funds for the operational expenses of mental health centers that assist those with severe mental health needs who are at risk of recidivism, such as crisis care, residential treatment, outpatient mental health and primary care services, and community re-entry support, and supports funding levels for grants be commensurate with demonstrated community needs.

*De-escalation Technology.*—The agreement supports the advancement of de-escalation technology that can better equip law enforcement officers to utilize less-than-lethal force in appropriate circumstances.

*Drug Court Grants.*—When administering drug court grants, the Department is encouraged to prioritize grants in rural and low-income areas with high rates of substance abuse and the Department is directed to submit a report, no later than 90 days after the enactment of this

act, on the distribution of drug court grants authorized by Public Law 114–198, and that details the number of applications for awards, the grantees, and the funding levels of awards from fiscal years 2019 to 2024.

*Addressing Data Gaps on Missing and Murdered Indigenous Women and Girls.*—The agreement directs the Department, in collaboration with relevant Federal agencies, to report to the Committees, no later than 90 days after the enactment of this act, on a plan to update publicly available data on the crisis of missing and murdered Indigenous women and girls, the steps taken to implement ongoing analyses of relevant data, as well as education and outreach to improve future data. The agreement further directs the Department to, no later than 120 days after the enactment of this act, issue a public report and analysis of up-to-date data on missing and murdered Indigenous women and girls.

*Justice Reinvestment Initiative.*—The agreement provides \$32,000,000 for the Justice Reinvestment Initiative (JRI) and notes that OJP does not plan to support a program that promotes the closing or repurposing of youth detention facilities in fiscal year 2024. The agreement emphasizes that the Department should clearly detail how grant funds are being used in its spend plan prior to allocation, including JRI funds, and notify the Committees within 30 days of any intention to deviate from the previously proposed spend plan.

*Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP).*—The agreement provides \$10,000,000 within COSSUP for grants to local nonprofits preventing substance use and misuse. BJA shall provide awards to local nonprofits working with law enforcement and community coalitions to educate youth in schools and in extracurricular programming on drug prevention. The agreement further directs the Department to prioritize nonprofit organizations with comprehensive approaches to combatting substance use, including investigations, treatment, and education.

*Daniel Anderl Act.*—The agreement directs OJP to begin the implementation of the grant program described in section 5934(c) of the Daniel Anderl Judicial Security and Privacy Act of 2022 (Public Law 117–263). The agreement further directs OJP to submit a report, within 180 days of the enactment of this act, on its progress in implementing this program.

*Presidential Nominating Conventions.*—The agreement includes a total of \$150,000,000 for host cities of the 2024 presidential nominating conventions by providing \$125,000,000 within

Byrne JAG and an additional \$25,000,000 from the unobligated balances in the Presidential Election Campaign Fund established by section 9006(a) of title 26, United States Code.

*Byrne Discretionary Community Project Grants/Byrne Discretionary Grants (“projects”).*—The agreement provides \$350,028,000 for projects to prevent crime, improve the criminal justice system, provide victim services, and for other related activities. The agreement directs the Department to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts, which are incorporated by reference in this act.

### JUVENILE JUSTICE PROGRAMS

The agreement includes \$375,000,000 for Juvenile Justice programs. These funds are distributed as follows:

### JUVENILE JUSTICE PROGRAM

(IN THOUSANDS OF DOLLARS)

Program	Amount (\$000)
Part B – State Formula Grants.....	\$65,000

<b>TOTAL, Juvenile Justice Programs .....</b>	<b>\$375,000</b>

*Internet Crimes Against Children (ICAC) Task Forces.*—The agreement supports the ICAC program and encourages the Department to prioritize proactive investigations of suspects possessing, distributing, or producing violent child sexual abuse imagery.

*Preventing Trafficking of Girls.*—The agreement encourages the Department to make grants to nonprofits and other non-governmental entities that have undergone rigorous evaluation and have a successful track record of administering research-based prevention and early intervention programs for girls who are vulnerable to trafficking, at a state level, and to scale up and replicate these programs.

**PUBLIC SAFETY OFFICER BENEFITS**

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$208,800,000 for the Public Safety Officer Benefits program for fiscal year 2024.

**COMMUNITY ORIENTED POLICING SERVICES**

COMMUNITY ORIENTED POLICING SERVICES PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$664,516,000 for Community Oriented Policing Services (COPS) programs, as follows:

TOTAL, Community Oriented Policing Services..... \$664,516

*Additional Technical Assistance.*—The Committee urges the COPS Office to provide increased technical assistance to applicants who have not previously received COPS grants or otherwise indicate that they are newly establishing community-oriented policing programs.

*Community Oriented Policing Services, Technology and Equipment Community Projects/COPS Law Enforcement Technology and Equipment (“projects”).*—The agreement provides \$247,347,161 for grants to state, local, Tribal, territorial, and other entities to develop and acquire effective equipment, technologies, and interoperable communications that assist in responding to and preventing crime. The agreement notes that the projects included in this statement should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve. Equipment funded under this program should meet any applicable requirements of the National Institute of Standards and Technology’s Office of Law Enforcement Standards. ~~The accompanying table details funding for congressionally designated activities, which are incorporated by reference in this act.~~

INSERT  
G/A

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or incest, or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes that the Director of the Bureau of Prisons is obliged to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

INSERT 61a

The agreement directs the Department to provide the funding for the projects listed in the table titled, "Community Project Funding/Congressionally Directed Spending" at the end of this joint explanatory statement in the corresponding amounts, which are incorporated by reference in this act.

Section 207 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious, or educational purposes.

Section 208 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 209 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts specified in this title or the reuse of specified deobligated funds provided in previous years.

Section 210 prohibits the use of funds for A-76 competitions for work performed by employees of BOP or Federal Prison Industries, Inc.

Section 211 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 212 permits up to 2 percent of grant funds made available to be used for criminal justice research, evaluation and statistics by the National Institute of Justice and the Bureau of Justice Statistics and designates up to 2 percent of grant funds for training and technical assistance.

Section 213 provides cost-share waivers for certain grant programs.

Section 214 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 215 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facilitate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 216 places limitations on the obligation of funds from certain DOJ accounts and funding sources.

Section 217 allows certain funding to be made available for use in Performance Partnership Pilots.

Section 218 establishes reporting requirements for the Department's Crime Victims Fund, the Working Capital Fund, the Three Percent Fund, and the Asset Forfeiture Fund.

Section 219 places limitations on the Department's performance of live tissue training.

Section 220 prohibits the Department from targeting or investigating parents who peacefully protest at school board meetings and are not suspected of engaging in unlawful activity.

Section 221 prohibits the Department from investigating or prosecuting religious institutions on the basis of their religious beliefs.

Section 222 provides for a transfer of \$25,000,000 from the fund established by section 9006(a) of title 26, United States Code.

### TITLE III

### SCIENCE

#### OFFICE OF SCIENCE AND TECHNOLOGY POLICY

The agreement includes \$7,965,000 for the Office of Science and Technology Policy (OSTP).

*Extreme Weather.*—The agreement urges OSTP to ensure that existing government efforts to address extreme weather form a cohesive, lasting strategic approach to manage the risks posed by extreme weather across Federal activities, including financial risks, and risks to agriculture, infrastructure, commerce, and human safety.

*Tribal Nations and Indigenous People.*—OSTP shall provide the Committees with a briefing, no later than 120 days after the enactment of this act, regarding efforts of Federal agencies to (1) grow or maintain mutually beneficial relationships with Tribal Nations and Indigenous peoples to understand Indigenous knowledge and (2) incorporate or apply Indigenous knowledge in Federal research, policies, and decision-making.

*National Engineering Biology Research and Development Initiative.*—The agreement directs OSTP to establish the Initiative Coordination Office (ICO), to support the National Engineering Biology Research and Development Initiative, as directed under Public Law 117–167. The agreement recommends that ICO represent the variety of stakeholders across the Federal Government, including agencies that promote economic development, sponsor fundamental research, facilitate technology commercialization, focus on safety and security, or engage in workforce training.

*Alternative Protein Research.*—The agreement directs OSTP to ensure that alternative protein research is coordinated across the Federal Government to avoid duplication and overlap.

*Open Access.*—The agreement directs OSTP to produce an in-depth financial analysis of the August 25, 2022, Memorandum to Executive Departments and Agencies titled, “Ensuring Free, Immediate, and Equitable Access to Federally Funded Research” including the policy’s anticipated impact on Federal research investments, research integrity, and the peer review process, as was previously directed in House Report 117–395, no later than 100 days after the enactment of this act. If OSTP fails to provide the Committees with the report within 100 days, then OSTP must pause implementation of the memorandum until the agency produces the report.

### NATIONAL SPACE COUNCIL

The agreement includes \$1,965,000 for the activities of the National Space Council.

### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The agreement includes \$24,875,000,000 for the National Aeronautics and Space Administration (NASA).

## SCIENCE

The agreement includes \$7,334,200,000 for Science and directs NASA to provide funding as described in the table above and text below.

*University Small Satellite Missions.*—The agreement supports NASA’s collaborative efforts with U.S. colleges and universities to conduct research through small spacecraft missions and provides not less than \$30,000,000 for these missions.

*Earth Science.*—In lieu of the funds designated in the Senate report for Earth Science, the agreement provides up to the request level for Plankton, Aerosol, Cloud, ocean Ecosystem (PACE), Earth System Explorers, the four Earth System Observatory missions, and Commercial SmallSat Data Acquisition. Further, as recommended in the 2023 Senior Review, NASA is directed to continue supporting the Terra, Aqua, and Aura missions at a level sufficient to provide high quality data to the scientific community.

*Space-Based Wildfire Detection Technologies.*—The Senate language is clarified to provide up to the fiscal year 2023 enacted level for space-based wildfire detection and warning systems.

*Geosynchronous Littoral Imaging and Monitoring Radiometer (GLIMR).*—The Senate language regarding GLIMR is adopted.

*Planetary Science.*—The agreement provides the request level for Planetary Defense, including \$209,700,000 for the Near Earth Object Surveyor Mission, and up to the fiscal year 2023 enacted level for New Frontiers, including not less than \$360,000,000 for Dragonfly.

*Mars Sample Return (MSR).*—The Senate language on “Mars Sample Return” is not adopted. MSR is the highest priority of the 2022 Planetary Science Decadal Survey but there is concern that the expected launch schedule continues to slip. The agreement notes that there has not been consultation with some Members of Congress about NASA’s decision to move forward with workforce reductions before a fiscal year 2024 bill was enacted and notes concern that NASA’s actions have contributed to serious losses in NASA’s high-skilled workforce.

The Independent Review Board did not recommend cancelling MSR, and NASA has convened a MSR Independent Review Board Response Team (MIRT) to determine a revised architecture for this Decadal Survey flagship mission. The agreement directs NASA to report no later than 60 days following completion of the MIRT report on the recommended path forward for MSR, within a balanced Science portfolio. The report should include a year-by-year funding

profile for MSR and any necessary reprogramming or transfer requests to support the re-scoped MSR program in fiscal year 2024. The agreement further directs NASA to not engage in further workforce reductions of the MSR program until such report is provided and directs NASA to provide at least 30 days of advance notification of such actions to the Committees. The agreement provides no less than \$300,000,000, and up to the President's budget request level, to support the MSR program pursuant to these directives in fiscal year 2024.

*MSR Receiving Facility.*—The MSR program is under review following an Independent Review Board report. In addition, the MSR receiving facility requirements are also under review by NASA. Given this, the agreement directs NASA to consider how changes to the scope of the MSR program will impact the needs and qualifications of a MSR receiving facility.

In lieu of the direction in the Senate report to submit a plan on the MSR facility, the agreement directs NASA to provide the Committees a plan, not later than 60 days after the conclusion of the MSR Independent Review Board Response Team report, outlining the updated MSR receiving facility requirements, including the factors NASA is weighing for the site selection, potential partnering approaches, an expected construction schedule, the estimated cost, and any other criteria that will be used to determine the facility location.

*Small Innovative Missions for Planetary Exploration (SIMPLEx).*—The agreement continues support for SIMPLEx and encourages NASA to consider a second SIMPLEx mission and to develop a five-year plan to increase the volume of solicitations in support of the program. NASA shall brief the Committees, no later than September 1, 2025, on a plan for increasing the volume of solicitations.

*Venus Emissivity, Radio Science, InSAR, Topography, and Spectrometry (VERITAS) Mission.*—The agreement supports the Discovery Program, including competitively selected missions such as VERITAS. As part of the fiscal year 2025 budget request, the agreement encourages NASA to request sufficient funding to ensure a launch by the end of the decade. Further, no later than 180 days after the enactment of this act, the agreement directs NASA to provide a budget profile and schedule for the VERITAS mission.

*Small Satellite Platforms.*—The agreement directs NASA to assess the feasibility of utilizing small satellites for missions of greater complexity and importance, including flagship class objectives in furtherance of decadal science priorities. If feasible, the agreement directs

NASA to identify a mission that could be accomplished through this type of architecture, and to report on such findings to the Committees no later than 180 days after the enactment of this act.

*Geostationary Carbon Cycle Observatory (GeoCarb).*—The agreement encourages NASA to work with the GeoCarb mission’s science team on pre-flight testing and characterization of the instrument upon its delivery to NASA, to store it appropriately, and to develop and execute a plan to obtain a cost-effective launch.

*Habitable Worlds Observatory.*—The Senate report language regarding “Habitable Worlds Observatory” is adopted, and the agreement provides no less than \$10,000,000 for the mission. In addition, the agreement directs NASA to establish a Habitable Worlds Observatory project office at Goddard Space Flight Center to leverage existing expertise in astrophysics and segmented mirror technology.

*Heliophysics.*—In lieu of the funds designated within the Senate report for Heliophysics, the agreement provides no less than the fiscal year 2023 enacted level for Heliophysics Research, Space Weather, and Heliophysics Technology. Further, the agreement provides up to the fiscal year 2023 enacted level for Solar Terrestrial Probes, including up to \$26,000,000 for the Magnetospheric Multiscale mission. The agreement also directs NASA to make awards under the announcement of opportunity for the Dynamic Neutral Atmosphere-Ionosphere Coupling (DYNAMIC) mission.

*Heliophysics Explorers.*—The agreement provides no less than \$215,000,000 for Heliophysics Explorers to achieve flagship level science through the program. This amount includes no less than the request level for HelioSwarm.

*Geospace Dynamics Constellation (GDC).*—Not later than 180 days after the enactment of this act, the agreement directs NASA to provide the Committees with a schedule and budget profile to launch the GDC mission by the end of the decade to fulfill the recommendations of the Heliophysics decadal survey through improved understanding of the variability of the space weather environment surrounding Earth.

*Biological and Physical Science.*—The Senate report language on “Biological and Physical Science” is adopted, and the agreement provides \$2,500,000 to establish a consortium including academic institutions with demonstrated expertise within the human health, animal, and plant sciences.

## AERONAUTICS

The agreement includes \$935,000,000 for Aeronautics.

*Advanced Air Mobility Systems.*—The agreement includes up to the request level for the Advanced Air Vehicles Program and the Advanced Air Mobility (AAM) National Campaign, including no less than \$5,000,000 for safe autonomous flight enabling infrastructure.

*Vertical Lift Research.*—The agreement supports NASA’s Vertical Lift Research Centers of Excellence (VLRCOE) cooperative agreements to advance fundamental research at universities across the country and directs NASA to continue its work with government agencies, academia, and industry to build and maintain a modeling and simulation environment to analyze various aviation demand scenarios and associated supply chain ecosystem needs. Additionally, the agreement directs NASA to provide a report on these actions to the Committees no later than 180 days after the enactment of this act. In developing this report, NASA is encouraged to consult with government, academia, and industry to identify any policy recommendations.

*Trusted Autonomy-enabled Technologies Flight Demonstrator.*—The agreement supports the Integrated Aviation Systems Program and directs NASA to allocate up to \$10,000,000 for the continued development and flight testing of technologies necessary to support a trusted, semi-autonomous aircraft architecture with aviation safety management system capabilities.

*Electric Air Flight.*—The agreement encourages NASA to strengthen its collaborations with the Department of Energy, national laboratories, and universities to overcome energy storage challenges for mobility technologies such as electric air flight including through the Electrified Powertrain Flight Demonstration project.

*Advanced Technologies for Sustainable Aviation.*—The Senate language regarding “Sustainable Aviation” is adopted. In addition, the agreement encourages NASA to prioritize funding for Advanced Engine and Vehicle Technologies for Sustainable Aviation initiatives, including Electrified Aircraft Propulsion activities, the Hybrid Thermally Efficient Core (HyTEC) project, the Advanced Aircraft Concepts for Environmental Sustainability (AACES) studies, and the advancement of sustainable aviation fuels.

*Hypersonic Technology Program (HTP).*—The agreement supports the HTP and encourages NASA to advance hypersonic research and strengthen commercial hypersonic capabilities. The agreement provides up to \$15,000,000 to establish the Making Advancements in Commercial Hypersonics (MACH) Program and directs NASA to submit a report, no later than

60 days after the enactment of this act, that details a strategy and efforts to consult and collaborate with the Department of Defense on hypersonic technology. The agreement also provides up to \$10,000,000 for collaborative work between industry and academia for carbon/carbon material testing and up to \$5,000,000 to develop and mature automation of high-temperature ceramic matrix composites.

*Revitalization of High-performance Chase Aircraft and Infrastructure.*—The agreement directs NASA to provide regular updates to the Committees on its chase aircraft fleet; engage in regular consultations with the Department of Defense on strategies to improve the fleet including through aircraft transfers; and evaluate administrative and legislative steps to facilitate such actions, including through the interagency and budget processes. Additionally, the agreement directs NASA to provide the Committees with a report, no later than 60 days after the enactment of this act, outlining plans to improve the Aeronautics Research Mission Directorate’s physical infrastructure, including hangars, runways and taxiways, research facilities, and other structures and equipment.

#### SPACE TECHNOLOGY

The agreement includes \$1,100,000,000 for Space Technology.

*Regional Economic Development.*—The Senate language regarding “Regional Economic Development” is adopted, and the agreement provides up to \$10,000,000 for the Regional Economic Development Initiative.

*Space Nuclear Propulsion Program Office.*—The agreement notes the intent of the Space Technology Mission Directorate to establish a Space Nuclear Propulsion Technology Program Office, to coordinate the development and demonstration of Nuclear Thermal Propulsion (NTP) and Nuclear Electric Propulsion (NEP) capabilities. The agreement encourages the Space Technology Mission Directorate to expedite the establishment of this important Program Office.

*Nuclear Thermal Propulsion.*—The agreement provides \$110,000,000 for NTP, including not less than \$10,000,000 to continue to accelerate the development of an operational system with commercial partners as directed in the Senate report. Subsequent NASA budget submissions and future year projections should reflect the urgency that this program’s objectives and goals demand over the next 48 months. In addition, NASA is directed to provide a detailed spending plan for NTP as well as a plan for the design of a flight demonstration.

*Nuclear Electric Propulsion.*—The agreement includes up to \$50,000,000 for NEP to continue efforts toward the development of a high-power nuclear electric propulsion demonstration, of which up to \$10,000,000 is for the design of test articles to enable a flight demonstration. The agreement supports the commencement of accelerated development of this technology, consistent with the recommendations of the National Academies of Sciences.

*Lunar Surface Power.*—The agreement provides up to \$40,000,000 and no less than the fiscal year 2023 enacted level for Lunar Surface Power, including up to \$20,000,000 for Fission Surface Power. NASA is directed to use Lunar Surface Power demonstration funding for payload development and associated delivery services via the Commercial Lunar Payload Services program.

*On-Orbit Servicing, Assembly, and Manufacturing-1 (OSAM-1).*—In lieu of the Senate report language, the agreement provides \$227,000,000 for OSAM-1 to adjust the mission to ensure a 2026 launch within the cost profile assumed in the fiscal year 2024 budget request. Consistent with recommendations by the OSAM-1 Standing Review Board, NASA is directed to reduce testing requirements and make the necessary technical decisions, including potential de-scoping of some non-essential capabilities, to meet these launch and budget requirements. If this is not possible, NASA should initiate another Continuation Review in September 2024. Further, NASA is directed to work with the Department of Defense on a plan for a potential use, as practicable, of OSAM-1 for space mobility capability, and to provide the Committees with the plan not later than 180 days after enactment of this act.

*Small Business Innovation Research (SBIR).*—In lieu of Senate direction regarding SBIR, NASA shall continue to fulfill statutory obligations for SBIR funding and place an increased focus on awarding SBIR awards to firms with fewer than 50 employees.

*Flight Opportunities Program.*—The agreement includes not less than \$27,000,000 for the Flight Opportunities Program, including up to \$5,000,000 to support payload development and flight of K-12 and collegiate educational payloads.

*Alternative Propellants and Multimode Propulsion.*—The United States is overly reliant on xenon and krypton for in-space propulsion which are in limited supply, extremely expensive, and produced in China and Russia. The agreement encourages investments in innovative small spacecraft propulsion to achieve in-flight demonstrations of alternative propellants and turn-key

multimode in-space propulsion as soon as practicable, including, as practicable, those that use domestically produced fuel and cathode-less electric propulsion technology.

*Autonomous System Modeling and Simulation.*—NASA is commended for its partnerships with educational institutions for the purpose of developing more reliable autonomous capabilities at NASA facilities. The agreement recommends NASA continue to fund these programs.

*Tipping Point Program.*—NASA is directed to meet all contractual obligations for the Tipping Point program in fiscal year 2024. In addition, NASA is encouraged to continue funding for capability development that grows in-Earth orbit platform ecosystems.

*Innovative Nanomaterials.*—The Senate language regarding “Innovative Nanomaterials” is clarified to provide up to \$5,000,000 to advance large scale production and use of innovative nanomaterials. In addition, NASA is directed to submit a report to the Committees, no later than 180 days after the enactment of this act, detailing a plan to ensure mission critical systems utilize and leverage carbon nanotube technology.

*Orbital Debris Inspection Mission.*—In lieu of the Senate language on “Orbital Debris Removal”, the agreement provides up to \$5,000,000 for the development of an Orbital Debris Inspection mission, in partnership with the private sector, to demonstrate technologies that track, characterize, and inspect multiple objects in space.

#### EXPLORATION

The agreement includes \$7,666,200,000 for Exploration and notes the strong support for the Artemis missions that will establish the first long-term human presence on the Moon, accomplishing the Presidential direction carried in Space Policy Directive-1. In lieu of the amounts provided in the Senate report within Exploration, the agreement provides up to the fiscal year 2023 enacted level for the Orion Multi-purpose Crew Vehicle and the Space Launch System (SLS), including up to \$600,000,000 for the SLS Block 1B Development.

*Human Landing System (HLS).*—The agreement provides up to \$1,880,500,000 for the HLS program, including full funding for NASA to meet all contractual obligations for both HLS providers in fiscal year 2024.

*Next Generation Extravehicular Activity (EVA) Spacesuits.*—The agreement provides up to \$379,900,000 for the Extravehicular Activity and Human Surface Mobility program to maintain schedule for the International Space Station and Artemis missions. NASA is encouraged to support

competition and redundancy for future Artemis missions by providing the Committees with a plan, including a task order and funding roadmap, to have both EVA spacesuits developed and certified for lunar surface missions in time for the selection of the EVA space suit for the Artemis IV mission.

*Fabrication Laboratory (FabLab) Demonstration.*—NASA is encouraged to provide up to \$10,000,000 for the FabLab demonstration of metal and electronic manufacturing in space.

*Exploration Review.*—In January 2024, NASA announced a delay of the Artemis II and Artemis III missions to September 2025 and September 2026, respectively. With all elements necessary to achieve a successful return to the Moon under development, the agreement requests a review by NASA to ensure the current mission schedule can be achieved, while ensuring astronaut safety.

The agreement directs NASA to provide this review to the Committees no later than 270 days of enactment of this act. The review should focus on NASA’s ability to coordinate the schedule and milestones for each Artemis program element to ensure mission success in the current constrained fiscal environment. The review should also include an analysis and evaluation of both current and future workforce requirements and supply chain management needs to ensure the program elements are aligned in a manner that reduces technical, cost, and schedule risk.

#### SPACE OPERATIONS

The agreement provides \$4,220,000,000 for Space Operations, which includes sufficient funding for the continuation of International Space Station and Human Space Flight Operations and directs NASA to maintain its high-skilled workforce for the support of human space flight.

*Payload Processing Capacity.*—The Senate language regarding “Payload Processing Capacity” is adopted within Space Operations.

*21st Century Launch Complex Program.*—The agreement includes up to the fiscal year 2023 enacted level for the 21st Century Launch Complex Program.

*Suborbital Crew.*—The Senate report language regarding “Suborbital Crew” is clarified such that NASA shall continue its Suborbital Crew Office to perform safety assessments to enable NASA personnel to procure flights for civil servants on licensed U.S. suborbital vehicles.

*Small Satellite Cross-Link Systems.*—The agreement includes \$15,000,000 to align NASA’s relay networks to transmit large volumes of science and Earth remote sensing data to

users via high-speed (V-band), low latency links. This should provide an expanded educational opportunity for individuals studying SmallSat Cross-Link Systems.

#### SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS ENGAGEMENT

The agreement includes \$143,000,000 for Science, Technology, Engineering, and Mathematics (STEM) Engagement. Of this amount, \$58,000,000 is for the Space Grant Program, \$26,000,000 is for Established Program to Stimulate Competitive Research (EPSCoR), and \$45,500,000 is for the Minority University Research and Education Project. the

#### SAFETY, SECURITY AND MISSION SERVICES

The agreement includes \$3,129,000,000 for Safety, Security and Mission Services (SSMS).

*NASA Community Projects/NASA Special Projects.*—Within the appropriation for SSMS, the agreement provides \$56,673,000 for NASA Community Projects/NASA Special Projects. The agreement directs NASA to provide the funding for the projects listed in the table titled, “Community Project Funding/Congressionally Directed Spending” at the end of this joint explanatory statement in the corresponding amounts. The agreement further directs NASA to perform the same level of oversight and due diligence as with any other external partners.

#### CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

The agreement includes \$300,000,000 for Construction and Environmental Compliance and Restoration. Senate language regarding Exploration and Space Operations Construction of Facilities is not adopted.

*Center Commodity Infrastructure.*—Within available funds, NASA is encouraged to upgrade pipelines and supporting commodities infrastructure in fiscal year 2024.

*Hypersonic Flight Capability Ground Infrastructure.*—The agreement recognizes the planned testing of the low boom flight demonstrator hypersonic vehicle in fiscal year 2024 and encourages NASA to identify necessary improvements associated with planned hypersonic test flight and ground infrastructure.

*Wallops PFAS Contamination.*—The Senate language is modified to clarify that not later than 180 days after the enactment of this act, NASA shall provide a status report to the Committees regarding the plan by the Town of Chincoteague to identify and acquire suitable property for

location and construction of new drinking water wells under administrative control and lease, ownership or easement, of the Town of Chincoteague, and NASA's plan to reimburse the Town of Chincoteague for costs directly associated with the removal and relocation of those drinking water wells subject to enactment of proposed legislative authority.

#### OFFICE OF INSPECTOR GENERAL

The agreement includes \$47,600,000 for the Office of Inspector General.

#### ADMINISTRATIVE PROVISIONS

##### (INCLUDING TRANSFERS OF FUNDS)

The agreement allows for certain transfers of funds.

The agreement includes a provision providing NASA the authority to combine amounts from one or more of its Science, Aeronautics, Space Technology, Exploration, and Space Operations appropriations with amounts from the STEM Engagement appropriation to jointly fund discrete projects or activities, through contracts, grants, or cooperative agreements, that serve these purposes. NASA is directed to provide notification of the Agency's intent to award a contract, grant, or cooperative agreement that would be jointly funded under this authority, no less than 15 days prior to award.

The agreement permits a transfer of funds into NASA's Working Capital Fund.

The agreement includes two provisions to extend the period of availability for certain funds.

#### NATIONAL SCIENCE FOUNDATION

The agreement includes \$9,060,000,000 for the National Science Foundation (NSF).

#### RESEARCH AND RELATED ACTIVITIES

The agreement includes \$7,176,500,000 for Research and Related Activities (R&RA). In developing the spending plan, the agreement encourages NSF to equitably distribute funding to support all basic research directorates within R&RA, as well as the Technology, Innovation and Partnerships Directorate.

*Artificial Intelligence (AI).*—In lieu of the AI funding level in the Senate report, the agreement supports AI related grants and interdisciplinary research initiatives to maintain leadership in AI. Senate language on “Transparency, Interpretability, and Explainability of AI” is adopted, and the agreement reiterates the encouragement for NSF to invest in research to better understand how and why models arrive at their outputs. Further, the agreement supports the National Artificial Intelligence Research Resource pilot to increase access to the compute resources needed for AI research.

*Quantum Science.*—In lieu of the funding level in the Senate report, the agreement provides up to the budget request for quantum information science research to support basic interdisciplinary quantum information science and engineering research and encourages NSF to support National Quantum Information Science Research Centers as authorized in section 302 of the National Quantum Initiative Act (Public Law 115–368).

*Astronomy and Astrophysics Decadal Survey Priority Facilities.*—The agreement adopts the Senate direction and funding regarding “Astronomy”. Additionally, the agreement directs NSF to present the U.S. Extremely Large Telescope (USELT) Program to the National Science Board (NSB) at their next meeting for consideration for inclusion in the Major Research Equipment and Facilities Construction (MREFC) account. The agreement strongly encourages the NSB to ensure that the USELT Program includes a two-observatory footprint with a mechanism to guarantee robust community access. The agreement directs NSF to regularly brief the Committees on the status of the USELT program.

*Sustainable Chemistry Research.*—The agreement supports the Sustainable Chemistry Basic Research program and encourages NSF to continue coordinating with OSTP to implement provisions in subtitle E of title II of Public Law 116–283. The agreement directs NSF to report, no later than 180 days after the enactment of this act, on its activities for this program.

*Established Program to Stimulate Competitive Research.*—The agreement provides \$250,000,000 for the EPSCoR program and reiterates direction in the Senate report regarding supporting projects in EPSCoR states across all initiatives and centers. Additionally, the agreement encourages NSF to increase investment in statewide research capacity development through the EPSCoR Collaborations for Optimizing Research Ecosystems Research Infrastructure Improvement (E-CORE RII) program.

*Regional Innovation Engines (NSF Engines).*—In lieu of the funding specified in the Senate report, the agreement supports the NSF Engines and notes the recent award of the first Type-2 projects.

*Daniel K. Inouye Solar Telescope (DKIST).*—The agreement adopts Senate direction regarding DKIST and provides up to the request level for the telescope operations.

*Green Bank Observatory (GBO).*—The agreement provides up to the fiscal year 2023 enacted level to support operations and maintenance at GBO through multi-agency plans, or directly through the Foundation.

*Mid-scale Research Infrastructure.*—In lieu of the funding level in the Senate report, the agreement supports the Mid-scale Research Infrastructure program.

*Immersive Technology.*—The agreement encourages NSF to support interdisciplinary research related to immersive technology.

*National Center for Science and Engineering Statistics (NCSES).*—The agreement supports the work of the NCSES, and encourages the NCSES to identify, compile, and analyze existing nationwide data and conduct survey research to better understand the national cyber workforce and to support additional NCSES personnel to ensure adequate staffing for this research.

*Reducing Reliance on Chinese-made Plastics.*—The agreement encourages NSF to support research exploring domestically grown hemp as a robust plastic alternative to reduce the domestic reliance on Chinese-made plastics and directs NSF to report to the Committees on best practices for facilitating the cost-efficient use of plastic alternatives in government produced or funded materials.

*Wildfire Research.*—The agreement encourages NSF to increase support for air quality and wildfire research.

*Arecibo Observatory (AO).*—The Senate language regarding the “Arecibo Observatory” is adopted. In addition, the agreement encourages NSF to retain the scientific mission of the AO facility.

*Harmful Algal Blooms (HABs).*—The agreement supports the work of the Oceans and Human Health program to support research into the human health impacts of HABs in marine coastal regions, the Great Lakes Basin, and freshwater systems. The agreement further encourages research to better understand how the influx of nutrients, including dissolved nitrogen and phosphorous, contribute to HAB outbreaks.

*Dyslexia.*—The agreement encourages NSF to support research on learning disabilities, including dyslexia. The agreement recognizes the critical importance of research on the early identification of dyslexia, professional development for teachers and administrators of students with dyslexia, curricula and educational tools needed for children with dyslexia, and implementation and scaling of successful models for dyslexia intervention.

*International Ocean Discovery Program (IODP).*—The agreement supports up to the budget request level for IODP and directs NSF to support, at minimum, a full three JOIDES Resolution expeditions in fiscal year 2024. Given the growing threat from China and the national security importance of retaining U.S. leadership in this space, the agreement directs NSF to provide, within 180 days of enactment of this act, a comprehensive plan that provides, at a minimum, timelines, milestones, and funding requirements for the future of U.S. scientific ocean drilling, and NSF’s plan to maintain U.S. leadership in scientific ocean drilling and minimize the gap in scientific drilling capabilities.

*Secure Computing Enclaves Pilot Program.*—The agreement supports the secure computing enclave pilot program to protect sensitive Federally funded research, as authorized by section 10374 of Public Law 117–167.

#### MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

The agreement provides \$234,000,000 for Major Research Equipment and Facilities Construction to support the Vera C. Rubin Observatory, the High Luminosity-Large Hadron Collider Upgrade, the Antarctic Infrastructure Recapitalization, the Leadership Class Computing Facility, and Mid-scale Research Infrastructure.

#### STEM EDUCATION

The agreement includes \$1,172,000,000 for STEM Education. In lieu of the funding amounts specified in the Senate report, NSF is directed to continue support for STEM Education programs at no less than the fiscal year 2021 enacted amounts.

*STEM Workforce.*—The agreement supports investments in STEM education in regions of the country that have historically faced challenges, including lower educational attainment and higher rates of poverty, recognizing that STEM education can contribute to the economic development of such regions by fostering a skilled workforce and diversifying the economies of

the region. The agreement encourages NSF to support funding for programs that create partnerships between NSF and local community colleges to promote STEM education.

*National STEM Teacher Corps.*—The agreement adopts Senate direction and funding under the heading “National STEM Teacher Corps”.

CREATING HELPFUL INCENTIVES TO PRODUCE SEMICONDUCTORS (CHIPS) FOR AMERICA  
WORKFORCE AND EDUCATION FUND

Division A of Public Law 117–167 established the CHIPS for America Workforce and Education Fund. The agreement allocates the funds according to the amounts listed in the following table:

NATIONAL SCIENCE FOUNDATION ALLOCATION OF FUNDS:  
CHIPS ACT FISCAL YEAR 2024  
(IN THOUSANDS OF DOLLARS)

Account – Project and Activity	Amount (\$000)
Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America	
Workforce and Education Fund.....	\$25,000
Research and Related Activities .....	(12,500)
STEM Education .....	(12,500)
Total .....	\$25,000

AGENCY OPERATIONS AND AWARD MANAGEMENT

The agreement includes \$448,000,000 for Agency Operations and Award Management.

OFFICE OF THE NATIONAL SCIENCE BOARD

The agreement includes \$5,090,000 for the National Science Board.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$24,410,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS  
(INCLUDING TRANSFER OF FUNDS)

The agreement includes two administrative provisions. The first establishes thresholds for the transfer of funds. The second provision is regarding notification prior to acquisition or disposal of certain assets.

## TITLE IV

### RELATED AGENCIES

#### COMMISSION ON CIVIL RIGHTS

##### SALARIES AND EXPENSES

The agreement includes \$14,350,000 for the Commission on Civil Rights.

#### EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

##### SALARIES AND EXPENSES

The agreement includes \$455,000,000 for the Equal Employment Opportunity Commission (EEOC).

*Use of Advanced Technology.*—In addition to the directive in the Senate report under the heading “Artificial Intelligence and Algorithmic Fairness,” the agreement directs the EEOC to include in its report to the Committees on instances the EEOC consults with artificial intelligence experts and its plans for the issuance of any technical assistance to employers.

#### INTERNATIONAL TRADE COMMISSION

##### SALARIES AND EXPENSES

The agreement includes \$122,000,000 for the International Trade Commission (ITC). The Senate report language is not adopted.

*Litigation Transparency.*—The agreement directs the ITC to brief the Committees, within 60 days of the enactment of this act, on investigations undertaken by the ITC regarding real parties in interest, current disclosure requirements, remedial measures available, and any recommendations to address such concerns without overburdening litigants or creating unintended consequences.

#### LEGAL SERVICES CORPORATION

##### PAYMENT TO THE LEGAL SERVICES CORPORATION

The agreement includes \$560,000,000 for the Legal Services Corporation (LSC).

#### ADMINISTRATIVE PROVISION

The bill includes language permitting LSC grantees to operate with boards of directors composed of no less than 33 percent attorneys without requiring appointment by bar associations.

#### MARINE MAMMAL COMMISSION

##### SALARIES AND EXPENSES

The agreement includes \$4,500,000 for the Marine Mammal Commission.

#### OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

The agreement includes a total of \$74,000,000 for the Office of the U.S. Trade Representative (USTR). For fiscal year 2024, USTR is directed to continue following the requirements in the joint explanatory statement accompanying Public Law 117–103 under the heading “Quad Strategic Partnership.”

*Bilateral Trade Discussions.*—As USTR continues bilateral trade discussions on behalf of the United States with various countries, including China and India, the agreement encourages USTR to continue to prioritize key U.S. export markets to ensure U.S. exporters are treated fairly. The agreement urges USTR to continue to prioritize fair treatment for American companies and enforcement of all of our trading partners’ obligations.

*Section 301 Exclusion Processes.*—The agreement encourages USTR to increase transparency and consistency in its section 301 exclusion process and to make the process less cumbersome to navigate, especially for small- and medium-sized businesses.

##### SALARIES AND EXPENSES

The agreement includes \$59,000,000 for the salaries and expenses of USTR.

#### TRADE ENFORCEMENT TRUST FUND

##### (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities and transfers authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

## STATE JUSTICE INSTITUTE

### SALARIES AND EXPENSES

The agreement includes \$7,640,000 for the State Justice Institute.

## TITLE V

### GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

The agreement includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in this act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects, or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or

activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a "Made in America" label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this act. The section further provides that to the extent practicable, with respect to purchases of promotional items, funds made available under this act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this act resulting from, or to prevent, personnel actions taken in response to funding reductions in this act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 stipulates the obligations of certain receipts deposited into the Crime Victims Fund.

Section 511 prohibits the use of DOJ funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in this agreement to any department, agency, or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this agreement or any other appropriations act.

Section 513 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the

National Science Foundation and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this act.

Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds to include certain language in trade agreements.

Section 517 prohibits the use of funds in this act to authorize or issue a National Security Letter (NSL) in contravention of certain laws authorizing the FBI to issue NSLs.

Section 518 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation, or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of 10 percent or more.

Section 519 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2024.

Section 520 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has no unpaid Federal tax assessment.

(RESCISSIONS)

Section 521 provides for rescissions of unobligated balances. Subsection (d) requires the Departments of Commerce and Justice to submit a report on the amount of each rescission. These reports shall include the distribution of such rescissions among decision units, or, in the case of rescissions from grant accounts, the distribution of such rescissions among specific grant programs, and whether such rescissions were taken from recoveries and deobligations, or from funds that were never obligated.

Section 522 prohibits the use of funds in this act for the purchase of first class or premium air travel in contravention of the Code of Federal Regulations.

Section 523 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees, who are stationed in the United States, at any single conference outside the United States, unless the conference is: (1) a law enforcement training or operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States; (2) a scientific conference for which the department or agency head has notified the House and Senate Committees on Appropriations that such attendance is in the national interest, along with the basis for such determination.

Section 524 requires any department, agency, or instrumentality of the United States Government receiving funds appropriated under this act to track and report on undisbursed balances in expired grant accounts.

Section 525 requires, when practicable, the use of funds in this act to purchase light bulbs that have the “Energy Star” or “Federal Energy Management Program” designation.

Section 526 prohibits the use of funds by NASA, OSTP, or the National Space Council (NSC) to engage in bilateral activities with China or a Chinese-owned company or effectuate the hosting of official Chinese visitors at certain facilities unless the activities are authorized by subsequent legislation or NASA, OSTP, or NSC have made a certification pursuant to subsections (c) and (d) of this section.

Section 527 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement and victim assistance purposes.

Section 528 requires the departments and agencies funded in this act to submit spending plans.

Section 529 prohibits funds to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract. The heads of executive branch departments, agencies, boards, and commissions funded by this act are directed to require that all contracts within their purview that provide award fees link such fees to successful acquisition outcomes, specifying the terms of cost, schedule, and performance.

Section 530 prohibits the use of funds by DOJ or DEA in contravention of a certain section of the Agricultural Act of 2014.

Section 531 prohibits DOJ from preventing certain states from implementing state laws regarding the use of medical marijuana.

Section 532 requires quarterly reports from the Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation of travel to China.

Section 533 requires 10 percent of the funds for certain programs be allocated for assistance in persistent poverty counties.

Section 534 prohibits the use of funds in this act to require certain export licenses.

Section 535 prohibits the use of funds in this act to deny certain import applications regarding “curios or relics” firearms, parts, or ammunition.

Section 536 prohibits funds from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 537 prohibits the use of funds to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

Section 538 includes language regarding detainees held at Guantanamo Bay.

Section 539 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Section 540 extends the availability of certain funds.

Section 541 provides that the Department of Commerce and FBI may utilize funding to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020.

Section 542 is a new provision regarding administrative resources for Department of Commerce broadband programs.

Section 543 prohibits the use of funds made available by this act to move a Bureau of Alcohol, Tobacco, Firearms and Explosives facility.

Section 544 amends section 1001 of title X of division FF of Public Law 116–260.

Section 545 makes amendments to the Trafficking Victims Protection Act of 2000.

Section 546 sets certain requirements for the allocations of funds related to the CHIPS Act of 2022 (Public Law 117–167).

CREATING HELPFUL INCENTIVES TO PRODUCE SEMICONDUCTORS (CHIPS) FOR  
AMERICA FUND

Division A of Public Law 117-167 established the CHIPS for America Fund. The agreement allocates the funds according to the amounts listed in the following table.

*Periodic Briefings.*— Beginning in June, and quarterly thereafter, the Department of Commerce, Department of Defense and the Office of the Director of National Intelligence, shall provide briefings to the congressional defense and intelligence committees, the Senate Committee on Commerce, Science, and Transportation, the House Energy and Commerce Committee, the House Committee on Science, Space, and Technology, the majority leader of the Senate, the minority leader of the Senate, the Speaker of the House of Representatives, and the minority leader of the House of Representatives on Secure Enclave. Such briefings shall include updates on cost, schedule and performance and any other matters deemed appropriate by the congressional oversight committees listed above.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
