

## **Amendment offered by Rep. Rodney Davis of Illinois**

### **Summary**

This amendment expands Section 1006(b)(6) of the Committee Print to include any entities eligible to receive funds under a capacity and infrastructure program as referenced in the Department of Reorganization Act of 1994.

While the current language may be suitable for States with 1890s, there are States without 1890s with socially disadvantaged farmers and ranchers, therefore this amendment would expand the efforts in research, education, and extension to capacity-eligible universities.
