Amendment Offered by Mrs. Cammack of Florida

Brief Summary

The recent reevaluation of the thrifty food plan was done by the current Administration using faulty, inaccurate data meant to achieve a predetermined outcome that would further expand benefits. This amendment would:

- Require the Government Accountability Office (GAO) to complete an investigation into the process by which the thrifty food plan was reevaluated.

- Prevent any changes to SNAP benefit allotments based on the reevaluated thrifty food plan until the GAO's investigation is completed.
