

Amendment from Representative Chris Jacobs

Description: Adds research to eliminate or minimize the spread of the spotted lanternfly and its harmful effects on the environment as a priority for the funding allocated to the Agricultural Research Service to carry out research related to climate change.

**AMENDMENT TO THE COMMITTEE PRINT
OFFERED BY MR. JACOBS OF NEW YORK**

Page 41, line 18, insert “research to eliminate or minimize the spread of the spotted lanternfly and its harmful effects on the environment,” after “data collection,”.
