**Self-Employed Tax Collection.**— The Committee is concerned a shift towards self-employed and independent contracting within an increasingly gig-based economy will correspondingly increase underpayment and underreporting of self-employed taxes. advertising. The committee expects the CPSC to maintain the fiscal year 2018
levels for the "Pool Safely" campaign.”

Page 47, after last paragraph, insert:

Engagement in the political process is one of the hallmarks of our democracy.
Americans are increasingly turning to social media platforms, such as Facebook,
Instagram, and Twitter to engage in the political process. Indeed, spending on digital
political advertising reached a record $1.4 billion in the 2016 election cycle. Yet, our
campaign finance laws do not require any meaningful transparency about who is behind
political advertisements run on digital platforms. Therefore, the Committee directs the
Commission to report, within 90 days, on how the Commission plans to address the
disparity in disclosure requirements for broadcast advertisements and online political
advertisements.

Cooperative Purchasing and Multiple Award Schedule (MAS) Agreements. – The Committee is aware that federal agencies and state and local governments are increasingly utilizing cooperative purchasing and MAS agreements to procure goods and services, including services rendered for construction and renovation projects that involve federal funds. The Committee supports efforts to ensure proper transparency and oversight of such construction projects, which are often complex and site-specific. The Committee directs GSA to enforce any existing federal regulations that require independent design professionals be consulted on new construction and renovation projects. The Committee encourages GSA to work with state and local governments so that cooperative purchasing and MAS agreements that involve federal funding is in the best interest of the government.
