

**AMENDMENT TO HOMELAND SECURITY  
APPROPRIATIONS BILL  
OFFERED BY MR. MOOLENAAR OF MICHIGAN**

On Page 27 of the report, before the heading “Homeland Security Investigations” insert the following:

The Committee notes with concern the detention of members of religious minorities from Iraq, particularly the Iraqi Chaldean Christian community, by Immigration and Customs Enforcement for possible deportation. Congress and the Department of State have recognized that a genocide has been committed against Chaldeans and other religious minorities in Iraq. The Committee recommends that ICE refrain from prioritizing the deportation of people who will be subject to violent persecution and death in their countries of origin.
