The Judiciary is further directed to report to the Committee on Judicial Conduct and Disability (JC&D) Act orders that result in a finding of misconduct for any judge no later than 30 days after an order of the relevant judicial council becomes final or, for those orders where review by the Judicial Conference's Committee on Judicial Conduct and Disability (JC&D Committee) has been requested, no later than 30 days after the JC&D Committee's review has been completed. The Committee looks forward to the Judiciary's compliance with the Courthouse Ethics and Transparency Act."

The Committee understands part of the problem is the lack of a system to track ownership of CBUs, which would help determine who is responsible for CBU maintenance. The Committee directs USPS to develop strategies to improve the customer experience and service as it relates to CBUs, including a method to track ownership of USPS owned CBUs, and report to the Committee no later than 180 days enactment of this Act.”.

On page 87 of the report, after the paragraph titled “AI Data Analytics”, insert the following new paragraph:

Rep. Case
FY 2026 FSGG
Amendment #2

AMENDMENT TO FINANCIAL SERVICES AND GENERAL GOVERNMENT APPROPRIATIONS BILL
OFFERED BY MR. CASE

In the report:

At the appropriate place insert the following:

Protecting Taxpayer Dollars.—The Committee reaffirms that Congress’s control over spending is one of its most fundamental and consequential constitutional responsibilities. While existing statutes governing budget execution, such as the Antideficiency Act and related provisions, were designed to protect Congress’s power of the purse by promoting fiscal discipline and orderly execution of appropriations, these frameworks were created more than a century ago and may not fully reflect the needs and structure of today’s government. The Committee therefore needs to examine modern budget execution processes and consider whether current structures require modernization and adequately protect Congress’s prerogatives under Article I.

Accordingly, the Committee directs the Government Accountability Office (GAO) to conduct a comprehensive review of budget execution law and practice of the Executive Branch to assess how well current frameworks safeguard Congress’s constitutional role, and to identify potential improvements or reforms that could strengthen accountability, transparency, and compliance with appropriations laws, or any other appropriate modernization reforms that will improve the ability of agencies to execute appropriations in a timely and predictable manner. This review should consider a range of statutory and structural options and analyze the tradeoffs associated with different approaches, with particular attention to their implications for separation of powers, fiscal stewardship, and compliance with appropriations law.

GAO shall report its findings, including legislative options and any other recommendations for congressional consideration, to the Committee on Appropriations of the House of Representatives and Senate not later than one year after the date of enactment of this Act.
