

Sandra M. Lewis serves her nation as the Tribal Council Recorder for the Little River Band of Ottawa Indians. Prior to her service on Council, she served her nation as an employee of the Tribal Government for more than fifteen years. She was a valuable staff member to our Health Clinic and worked on the front line addressing the daily concerns of our citizens. Her commitment to the Tribe makes her an ideal witness and we are honored to have her speak to US House of Representatives on the proposed FY 2019 budget.
