

**Robin A. Kemper, P.E., LEED AP, F.SEI, F.ASCE**  
**ASCE President 2019**

Robin A. Kemper, PE, LEED AP, F.SEI, F.ASCE has over 35 years of diverse and extensive structural engineering experience in design, analysis, and forensics, focused mainly on buildings. Robin currently is a risk engineer with Zurich North America. She works for both the Professional Liability and Construction Properties Risk Engineering Groups providing technical support to construction project policies, developing best practices, and investigating losses on construction projects. She has a passion for engineering ethics, and since 2011, in her spare time, she has given over 20 presentations to various engineering groups.

Robin is a licensed professional engineer in six jurisdictions, and a fellow of both ASCE and the ASCE Structural Engineering Institute. She has been active in ASCE since college, was president of both the Central Jersey Branch and the New Jersey Section of ASCE and was District 1/Region 1 director on the Society's Board of Direction. Robin also served on the Board of Direction of Engineers Without Borders, and the Civil Engineering Industrial Advisory Board of Rensselaer Polytechnic Institute, her alma mater. She is currently a member of the Civil Engineering Industrial Advisory Boards for Rutgers University and the College of New Jersey.

Robin has been recognized for her service to ASCE throughout her career. Her most recent recognitions are the 2013 William H. Wisely American Civil Engineer Award (a National award), and the 2015 ASCE New Jersey Section Civil Engineer of the Year.

Personally, Robin loves travel, seaside vacations, and her family. She and Chris have been married for 37 years. They have two wonderful daughters and two great sons-in-law, and Robin loves playing with the newest member of the family, grandson Jonah.
