

Chairman Charlie Dent

*Subcommittee on Military Construction and Veterans Affairs
House Committee on Appropriations*

Member Hearing Day

April 17, 2018 @ 1:30pm

2358-A Rayburn (T-HUD hearing room)

Good afternoon. I want to welcome everyone to today's Member Day Hearing for Military Construction, Veterans Affairs, and Related Agencies. Chairman Frelinghuysen asked all subcommittees to hold these hearings to ensure all Members have an opportunity to provide input in the Appropriations for fiscal year 2019. We're pleased that we have six members here to discuss a variety of military construction and veterans programs.

I would like to recognize Ms. Wasserman Schultz for any remarks she would like to make.

Without objection, your written statements will be entered into the record. Please feel free to summarize your remarks in five minutes.
