

## **Department of Veterans Affairs**

### **Senior Executive Biography**

#### **Edward A. Litvin, PE, CHFM**

##### **Deputy to the Assistant Under Secretary for Health for Support Veterans Health Administration**

As Deputy to the Assistant Under Secretary for Health for Support, Mr. Litvin leads the engineering, construction, safety, and facilities management of the built environment for the Veterans Health Administration (VHA) through the Office of Healthcare Environment and Facilities Programs. Prior to being appointed to this position, Mr. Litvin was Director of VHA Office of Capital Asset Management Engineering and Support where he managed engineering and capital programs that included more than \$2 Billion in annual construction funding. He has been actively involved in modernization initiatives for real property, construction, and facilities management focused on improving VHA facility infrastructure. This includes VHA facility infrastructure readiness for Electronic Health Record Modernization (EHRM).

Mr. Litvin began his VA career in 1986 as a safety engineer and has since held a variety of positions in VHA engineering. Mr. Litvin served on the VHA Chief Engineers Advisory Board and is a graduate of the VHA Health Care Leadership Development Program Class of 2012. He is a licensed Professional Engineer in the State of Maryland. Mr. Litvin holds certification as a Certified Healthcare Facility Manager through the American Hospital Association. He is a member of the Chesapeake Area Society of Healthcare Engineering and is also a member of the National Fire Protection Association NFPA 99 Technical Committee on Piping Systems.
