## Amendment to H.R. 4909

### National Defense Authorization Act for Fiscal Year 2017

#### Offered by Congressmen Tim Walz and Walter B. Jones

In the appropriate place in the report to accompany H.R. 4909 insert the following new Directive Report Language:

##### Special Operations Forces Education Briefing

The committee remains concerned that high operational tempo and dwell times may not afford U.S. Special Operations Forces appropriate time for enrollment in Department of Defense (DoD) education programs such as the Tuition Assistance Program (TAP) and the Post 9-11 GI Bill. Therefore, the Committee on Armed Services of the House of Representatives directs a briefing from the Commander, U.S. Special Operations Command, not later than September 16, 2016, on the following:

1. The number of U.S. Special Operations Forces active and reserve personnel currently enrolled in TAP and the Post 9-11 GI Bill;
2. The number of SOF active and reserve enrolled in these programs over the past five years;
3. Percentage of SOF personnel active and reserve enrolled in these programs as compared to general purpose forces.
4. Any additional elements the Commander deems relevant.
