Timor Sea Maritime Developments

The committee recognizes the strategic importance of the Indo-Asia-Pacific region and has a strong interest in ensuring processes to resolve territorial and maritime disputes are done fairly and peacefully in accordance with international law. Given the growing and complex regional maritime security issues in the Pacific, the committee believes that negotiations between Australia and Timor-Leste to establish permanent maritime boundaries sends a positive signal to other states in the region regarding adherence to a rules-based international order. A mutually agreed upon resolution could serve as an example for resolving other disputes peacefully and have benefits to cooperative maritime efforts in the region. The committee directs the Secretary of Defense, in coordination with the Secretary of State, to provide a briefing to the House Committee on Armed Services, not later than September 30, 2017, on the potential security benefits that may result from the Australia-Timor-Leste conciliation process and how a peaceful resolution to the dispute might affect overall U.S. defense and security interests in the region.
