

**Rob Giannetta**  
**Chief Information Officer**  
**US Investigations Services, LLC**

Rob Giannetta joined USIS as Chief Information Officer in August 2013. Until August 2014, USIS's primary business was providing background investigation services to the federal government. USIS later exited the background investigations services business, and its other business units were sold. USIS is owned by Altegrity, Inc., which is in turn owned by Providence Equity Partners.

Prior to joining USIS, Mr. Giannetta worked for two years as Business Technology Officer (Division CIO) for BAE Systems in Herndon, VA. Prior to taking that role, he worked for BAE as Vice President for Information Technology and App Development. From 1999 to 2009, Mr. Giannetta worked for Nextel in a variety of information technology roles, and from 1997 to 1999, he worked for MCI (now Verizon).

Mr. Giannetta holds several certifications, including ITIL and CMMI, as well as a CIO Certificate in Federal Executive Competencies. He is a veteran of the U.S. Navy, and he holds a Bachelors of Science (Business Administration) from George Mason University and a Masters of Science (Information Systems Technology) from George Washington University.
