Skills

Board Certified Pediatrician with over 12 years high volume outpatient and inpatient experience. Board eligible to take Pediatric Hospital Medicine Boards in 2022.

Experience

Encina Pediatrics & Primary Care- outpatient Pediatrician, owner
Nov 2011 - Current , Uvalde, Tx

Owner and provider of a very busy and fast paced rural clinic where I am the sole Pediatrician in a rural area of over 50,000 people. Serve as a proctor site and adjunct professor for many mid-level trainees for multiple masters degree programs as well as associate professor for a medical school.

Texas Inpatient Pediatric Services- Pediatric Hospitalist.

March 2020 - March 2021. San Antonio , Texas

Inpatient Pediatric hospitalist group where we provide coverage to five large tertiary care centers in both nursery and inpatient settings. Provide care to critically ill children of all ages and coordinate transfer of care to IMC and PICU from outside hospitals and rural hospitals.

Val Verde Regional Medical Center- Chairman of Pediatrics.

March 2018 - March 2020, Del Rio , Tx

Outpatient and inpatient Pediatrician in a very busy rural health clinic and hospital. At the hospital level I developed and coordinated the establishment of a Pediatric inpatient unit along with implementing evidence based inpatient protocols.

Children's Hospital of San Antonio & Baylor College of Medicine

Assistant Professor of Pediatrics

November 2014 - December 2017, San Antonio, Tx

Provide inpatient coverage in both med-surg and IMC services for very medically complex children while managing a team of medical students, residents and fellows.

Uvalde Memorial Hospital & Firefly Pediatrics - outpatient and inpatient Pediatrician

October 2010 - November 2011, Uvalde, Tx

Provided comprehensive outpatient care while also admitting children to

the local hospital for low acuity care. Also consisted of ER and newborn nursery coverage as well as stabilization of critically-ill children awaiting transport to higher level of care in San Antonio.
