**Committee on Oversight and Accountability  
Field Hearing on Assessing the Federal Government's Response  
to the 2023 Maui Wildfires**

We want to hear your story. Below please provide your comments regarding your experiences or thoughts on the federal response and recovery to the Lahaina wildfires. Your response will help inform the Committee's oversight and any recommendations for future congressional action.

As Chair of the Maui County Republican Party I have witnessed a complete and total failure of our public officials. Gov Green & Mayor Bissen are Ghosts, have no office to visit, are completely dictators without any care. Gov't grants are not being given even though approved and the people are growing tired of the word salad. In my opinion this panel has reported all is well and no negatives, you've spent Billions yet only to corporations, nothing for the people. 50 Billion to Ghana yet only 700 to property owners, nothing for tenants affected. I grade efforts as an F.
