

TIMOTHY W. MANNING

Alexandria, Virginia 22307 ▪ 505-263-7780 ▪ tim.w.manning@gmail.com

Key Professional Experience

President, Berglind-Manning L.C., Alexandria, VA, January 2017 to January 2021; June 2022 to present.

- An international strategic policy and government affairs consultancy focusing on resilience, national and homeland security, risk, and emergency management issues, based in the Washington, DC region. Served a wide range of clients from government agencies to Wall Street firms on forging strategic foresight, public-sector market intelligence, and effective program design.

Research Professor, Center for Global Health Science and Security; Lecturer and Member Board of Advisors, Georgetown University, Disaster and Emergency Management Graduate Program, SCS, Washington D.C. February 2017 to January 2021; October 2022 to present

- Research and curriculum development focusing on pandemic preparedness, response, and global public health industrial policy.
- Developed and delivered innovative courses of instruction in a wide variety of subjects, and mentored graduate students as a thesis advisor, in the most recent U.S. and international practices of homeland security, terrorism, public policy, disaster and emergency management and hazard sciences.

Senior Advisor, PDC Global, Kihei, HI; June 2022 to present; Director of Washington D.C. Operations, February 2017 to January 2021; June 2022 to present

- Serve as Senior Advisor and global disaster management subject matter expert within the Pacific Disaster Center, an applied research center with a global presence, focused on crisis and disaster risk reduction and emergency management through research and science-based solutions.
- Lead long-term, applied geographic and data collection research projects throughout the world, including Sierra Leone, Cape Verde, Trinidad and Tobago, Panama, Belize, Bahamas, Bosnia, North Macedonia, Albania, Kosovo, and others.
- Provide leadership and operational advice to further the center's mission of assisting international partners, US Government, local, national, and international agencies in building capacity in disaster preparedness, humanitarian affairs and disaster risk reduction, and serve as chief of party for key international engagements.

White House COVID19 Supply Coordinator, Executive Office of the President, Washington D.C. January 2021 to June 2022.

- Appointed by President Biden to oversee support to the US and global industrial base and national supply chain for vaccine, therapeutic drug and essential medicines manufacturing, testing and diagnostics, personal protective equipment, and the wider medical and non-medical industries impacted by the COVID response. Lead the US Government's global logistics and industrial mobilization efforts to respond to the COVID19 pandemic.
- Coordinated the use of the Defense Production Act by the US Government to build, sustain, and support critical supply chains and manufacturing, and other extraordinary authorities to

ensure adequate manufacturing capacity existing, make investments where it did not, and prioritize and allocate efforts, actions, and resources to ensure materials were directed where needed in response to the pandemic.

- Worked directly with CEOs and across the leadership of major global manufacturers in the medical space and wider industry, including small molecule APIs, biologics, vaccine and therapeutic production, medical devices, testing and diagnostics and PPE as well as semiconductors and other supply chain challenges and industrial policy such as port congestion, trade policy, and bilateral and multilateral relations regarding export restrictions and cooperative industrial de-risking investments.
- Lead the whole of the US Government's efforts in the acquisition and distribution of over a billion rapid antigen tests, and in the space of two weeks, designed, launched, and oversaw COVIDtests.gov, creating a multibillion-dollar operation of multiple US Government agencies offering home delivery with next or second day fulfillment in most cases.
- Responsible for the conceptual design, creation and implementation of large-scale Community Vaccination Centers, involving multiple agencies and thousands of DoD resources, vaccinating millions of Americans., and coordinated the investment of more than five billion of dollars in the expansion of major US-based manufacturing efforts and investments abroad.
- Managed the daily operation of more than a dozen federal agencies and scores of teams focused on real-time solutions to daily supply chain shocks.

National Security and Foreign Policy Core Policy team; Departments of Defense, Homeland Security, and Health and Human Services Agency Review teams, Biden-Harris Presidential Transition, Washington D.C. September 2020 to January 2021.

Senior Fellow, The Atlantic Council – Adrienne Arsht Center for Resilience, 2018 to 2020

Senior Instructor/Lecturer - Institute for Security Governance and the Center for Homeland Defense and Security, Naval Postgraduate School, Monterey, California 2006 – 2009; 2017 - 2020

- Developed and taught innovative sessions on disaster response and humanitarian affairs, national security, counter terrorism policy, and advanced thinking in Homeland Defense and Security to senior government officials from across the country and international partners as contract faculty.

Deputy Administrator for Protection and National Preparedness, Federal Emergency Management Agency (FEMA). U.S. Department of Homeland Security, Washington D.C. May 2009- January 2017

- Appointed by President Barack Obama and confirmed by the United States Senate to lead the Nation in building the capabilities to respond to, recover from and mitigate all forms of emergencies and disasters and to prevent and protect against acts of terrorism while coordinating the response to national emergencies and disasters and executing a range of programs providing direct support to the Executive Office of the President and a wide range of efforts through the National Security Council.
- Directly managed an organization of thousands of personnel and an annual budget of nearly three billion dollars with more than 20 billion dollars under management in awarded grants.
- Lead and coordinated the governance of procurement, information technologies, human capital/human resources, central finance and performance-based budgeting, and program prioritization.

- Provided wide ranging oversight and management as part of the Homeland Security Intelligence Council, the Counter-terrorism Advisory Board, and numerous department-wide management boards, including the Deputies Management Advisory Group and the Homeland Security Procurement Council.
- Lead a large national and international partnership of federal agencies, state and local-level governments, nonprofit and nongovernmental organizations, community groups, large to small private sector businesses, foreign governments, defense and military organizations, and international multilateral bodies through the development of a series of reforms and new policies aimed at effective, collaborative and inclusive regime of community resilience, governance, disaster risk reduction and response, cyber security, and terrorism preparedness.
- Lead classified programs in support of national security goals and served as the key intelligence official, overseeing the agency's intelligence related programs and coordination with the intelligence community.
- Represented the United States in formal international fora at the ministerial-level Senior Disaster Management Officials Forum of the Asia-Pacific Economic Cooperative, the NATO senior Civil Emergency Preparedness Committee, and the United Nations' Global Conference on Disaster Reduction in Sendai, Japan, as well as many others. Represented the agency in numerous formal bilateral international engagements. Established and maintained enduring fruitful partnerships and professional contacts with ministerial-level and professional colleagues across the globe.

Secretary of the Department of Homeland Security and Emergency Management, Homeland Security Advisor to the Governor, State of New Mexico, 2004 - 2009

- Appointed by Governor Bill Richardson to serve as both his senior advisor on homeland security and counter terrorism, and as a member of the Cabinet as the first Director, and later Secretary, of the Department of Homeland Security and Emergency Management, leading the response to emergencies and disasters across the State of New Mexico and the US.
- Advanced all aspects of homeland security for the State. Created and managed a state-level border security coordination program, established the state intelligence fusion center, established the first state level radiation portal monitoring system in the Nation, coordinated the response to multiple Presidentially declared disasters and countless state-wide emergency and disasters. and worked closely with all aspects of the Department of Homeland Security.

Deputy Cabinet Secretary, Department of Public Safety, State of New Mexico 2004 - 2007

State Director of Emergency Management; Bureau Chief, Emergency Operations; Hazardous Materials Coordinator; Office of Emergency Management, Department of Public Safety, State of New Mexico 2001 - 2004

- Progressed through a sequence of positions of increasing responsibility, from entry level to the State Director to Deputy Secretary, overseeing a complex organization and multiple business lines, reforming and advancing the organization's management and business processes.
- Coordinated the State's response to emergencies and disasters, including large urban interface wildfires, blizzards, severe storms, the explosion of the Space Shuttle Columbia, the State's response to the September 11th attacks, the anthrax attacks the following October, EMAC contributions to the response to Hurricane Katrina among others.

Geologist, John Shomaker & Associates, Inc., Albuquerque, New Mexico, 1994 – 2001.

- Designed, conducted, evaluated and oversaw complex geological investigations, groundwater resource exploration projects, and environmental remediation projects throughout New Mexico, including multi-year longitudinal data-collection and analysis projects.

Rescue Mountaineer, Rescue Operations Leader, Council President, Albuquerque Mountain Rescue 1996 - 2004
Firefighter/EMT – Lieutenant, Bernalillo County Fire Department, New Mexico 1994-1999; Village of Tijeras Fire Department, 2001-2003
Electrician, Manning Electrical Systems (IBEW Local 134 Chicago), South Holland, IL, 1984-1994

Education
