

September 29, 2015

The Honorable Representative Bob Latta  
1323 Longworth House Office Building  
Washington DC 20515

Dear Representative Latta:

Delta Faucet Company appreciates your support of the voluntary EPA WaterSense program. Delta is a proud participant in the program and provides our customers with the reassurance that the products they are buying are both water efficient and at peak performance. While Delta strongly supports the voluntary nature of the WaterSense program, we believe that having congressional authorization will help ensure the program's continuance.

Delta appreciates your support and that of Representative McNerny, and the hard work by your staff and the staff of the House Energy & Commerce Committee to ensure a WaterSense authorization amendment is included in the Manager's Amendment of HR 8, the North American Energy Security and Infrastructure Act of 2015. We strongly support the WaterSense language in the Latta Amendment and its inclusion in the Manager's Amendment of HR 8.

Sincerely

A handwritten signature in black ink, appearing to read "P. Patton", with a horizontal line underneath.

Paul Patton  
Sr R & D/Regulatory Manager
