

1 (4) Any barriers related to the secure trans-
2 mission of data from a 9–1–1 disability alerting sys-
3 tem to public safety answering points.

4 (5) Any barriers related to the secure trans-
5 mission of such data from public safety answering
6 points to first responders.

7 (6) Recommendations on how to overcome any
8 barriers identified under paragraph (3), (4), or (5),
9 including any necessary Federal or State legislation.

10 (7) Recommendations on how best to inform
11 households with which an individual with a disability
12 is associated of the registration and data collection
13 process for a 9–1–1 disability alerting system.

14 (8) An estimated timeline and cost for imple-
15 mentation of the registration and data collection
16 process for a 9–1–1 disability alerting system.

17 (9) An estimated timeline for nationwide imple-
18 mentation of a 9–1–1 disability alerting system.

19 (b) TRANSMISSION TO CONGRESS.—Not later than 3
20 days after receiving the report required by subsection (a),
21 the Commission shall transmit the report to the Com-
22 mittee on Energy and Commerce of the House of Rep-
23 resentatives and the Committee on Commerce, Science,
24 and Transportation of the Senate.

25 (c) DEFINITIONS.—In this section:

1 (1) 9–1–1 DISABILITY ALERTING SYSTEM.—The
2 term “9–1–1 disability alerting system” means a
3 system that, in the case of a 9–1–1 call that is
4 placed from a household with which an individual
5 with a disability is associated, transmits to the pub-
6 lic safety answering point that receives the call infor-
7 mation in the profile of the individual created during
8 the registration and data collection process in order
9 to enable the public safety answering point to trans-
10 mit the information to the first responders respond-
11 ing to the call.

12 (2) ADDITIONAL DATA REPOSITORY OR INTER-
13 FACE.—The term “additional data repository or
14 interface” means an additional data repository or
15 interface described in the publication of the National
16 Emergency Number Association titled “NENA
17 Standard for NG9-1-1 Additional Data” and dated
18 December 21, 2017 (or any successor publication).

19 (3) COMMISSION.—The term “Commission”
20 means the Federal Communications Commission.

21 (4) FIRST RESPONDER.—The term “first re-
22 sponder” means a firefighter, emergency medical
23 services technician, or police officer.

24 (5) PUBLIC SAFETY ANSWERING POINT.—The
25 term “public safety answering point” has the mean-

1 ing given such term in section 222 of the Commu-
2 nications Act of 1934 (47 U.S.C. 222).

3 (6) REGISTRATION AND DATA COLLECTION
4 PROCESS.—The term “registration and data collec-
5 tion process” means a process that allows an indi-
6 vidual to create, within a 9–1–1 disability alerting
7 system, a profile associated with an individual with
8 a disability, which shall include information with re-
9 spect to whether—

10 (A) the individual is a wandering risk;

11 (B) the individual is nonverbal;

12 (C) the individual will not respond to
13 verbal instructions;

14 (D) the individual can be combative under
15 stress or anxiety;

16 (E) the individual is physically limited and
17 cannot exit the home unassisted; or

18 (F) potential access issues exist within the
19 home, such as locked doors or windows.
