ONE HUNDRED FOURTEENTH CONGRESS

Congress of the United States

House of Representatives

COMMITTEE ON ENERGY AND COMMERCE

2125 RAYBURN HOUSE OFFICE BUILDING Washington, DC 20515-6115

> Majority (202) 225-2927 Minority (202) 225-3641

> > April 4, 2016

Dr. Nicole Lurie Assistant Secretary for Preparedness and Response U.S. Department of Health and Human Services 200 Independence Avenue, S.W. Washington, DC 20201

Dear Dr. Lurie:

Thank you for appearing before the Subcommittee on Oversight and Investigations on Wednesday, March 2, 2016, to testify at the hearing entitled "Examining the U.S. Public Health Response to the Zika Virus."

Pursuant to the Rules of the Committee on Energy and Commerce, the hearing record remains open for ten business days to permit Members to submit additional questions for the record, which are attached. The format of your responses to these questions should be as follows: (1) the name of the Member whose question you are addressing, (2) the complete text of the question you are addressing in bold, and (3) your answer to that question in plain text.

To facilitate the printing of the hearing record, please respond to these questions with a transmittal letter by the close of business on Monday, April 18, 2016. Your responses should be mailed to Giulia Giannangeli, Legislative Clerk, Committee on Energy and Commerce, 2125 Rayburn House Office Building, Washington, D.C. 20515 and e-mailed in Word format to Giulia.Giannangeli@mail.house.gov.

Thank you again for your time and effort preparing and delivering testimony before the Subcommittee.

Sincerely.

Chairman

Subcommittee on Oversight and Investigations

cc: Diana DeGette, Ranking Member, Subcommittee on Oversight and Investigations

Attachment

Attachment-Additional Questions for the Record

The Honorable Michael C. Burgess, M.D.

1. Is the Office of Refugee Resettlement screening unaccompanied alien children for Zika virus? If so, what are the procedures, including those for treatment and reporting, when a child tests positive for Zika virus? If not, why? Are there plans to develop procedures?
