Attachment—Additional Questions for the Record

The Honorable Gregg Harper

1. Throughout the Committee's investigation, we've seen facilities suggest that out of state treatment may have higher success rates than staying local. Is there any evidence that would suggest that is accurate? If so, please explain.
2. Is there anything else that you'd like to add, clarify, or correct for the record?

The Honorable Gus Bilirakis

1. What entity is responsible for auditing your facilities? Since opening your doors, how many times have you been audited, and is your experience unique or common in the industry?
