Attachment—Additional Questions for the Record

The Honorable Fred Upton

1. In response to Order 719, the RTOs and ISOs established a range of programs and functions to comply with FERC's consumer-focused reforms. For example, PJM now has a Consumer Advocate liaison on staff and the other RTOs have other ways to receive feedback from consumer interests.
 - a. Has FERC Order 719 increased the responsiveness of RTOs and ISOs to customers and stakeholders?
 - b. Does FERC need to undertake additional steps to represent consumer interests? What steps?
