H. R. 2507

To amend the Public Health Service Act to reauthorize certain programs under part A of title XI of such Act relating to genetic diseases, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MAY 2, 2019

Ms. Roybal-Allard (for herself, Mr. Simpson, Ms. Clark of Massachusetts, and Ms. Herrera Beutler) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To amend the Public Health Service Act to reauthorize certain programs under part A of title XI of such Act relating to genetic diseases, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Newborn Screening Saves Lives Reauthorization Act of 2019”.

SEC. 2. IMPROVED NEWBORN AND CHILD SCREENING AND FOLLOW-UP FOR HERITABLE DISORDERS.

Section 1109(a)(3) of the Public Health Service Act (42 U.S.C. 300b–8(a)(3)) is amended to read as follows:
“(3) to develop and deliver educational programs (at appropriate literacy levels) about newborn screening counseling, testing, follow-up, treatment, specialty services, and long-term care to parents, families, and patient advocacy and support groups that assess the target audience’s current knowledge, incorporate health communications strategies, and measure impact;”.

SEC. 3. ADVISORY COMMITTEE ON HERITABLE DISORDERS IN NEWBORNS AND CHILDREN.

Section 1111 of the Public Health Service Act (42 U.S.C. 300b–10) is amended—

(1) in subsection (b)—

(A) in paragraph (7) by striking “and” at the end;

(B) by redesignating paragraph (8) as paragraph (9); and

(C) by inserting after paragraph (7) the following:

“(8) develop, maintain, and publish on a publicly accessible website consumer-friendly materials detailing—

“(A) the uniform screening panel nomination process, including data requirements,
standards, and the use of international data in
nomination submissions; and

“(B) the process for obtaining technical as-
sistance for submitting nominations to the uni-
form screening panel and detailing the in-
stances in which the provision of technical as-
sistance would introduce a conflict of interest
for members of the Advisory Committee; and”;

and

(2) in subsection (g)—

(A) in paragraph (1) by striking “2019”
and inserting “2024”; and

(B) in paragraph (2) by striking “2019”
and inserting “2024”.

SEC. 4. CLEARINGHOUSE OF NEWBORN SCREENING INFOR-
MATION.

Section 1112(c) of the Public Health Service Act (42
U.S.C. 300b–11(c)) is amended by striking “and supple-
ment, not supplant, existing information sharing efforts”
and inserting “and complement other Federal newborn
screening information sharing activities”.

SEC. 5. LABORATORY QUALITY AND SURVEILLANCE.

Section 1113 of the Public Health Service Act (42
U.S.C. 300b–12) is amended—

(1) in subsection (a)—
(A) in paragraph (1)—

(i) by striking “performance evaluation services,” and inserting “development of new screening tests,”; and

(ii) by striking “and” at the end;

(B) in paragraph (2)—

(i) by striking “performance test materials” and inserting “test performance materials”; and

(ii) by striking the period at the end and inserting “; and”; and

(C) by adding at the end the following:

“(3) performance evaluation services to enhance disease detection, including the development of tools, resources, and infrastructure to improve data analysis, test result interpretation, data harmonization, and dissemination of laboratory best practices.”; and

(2) in subsection (b) to read as follows:

“(b) SURVEILLANCE ACTIVITIES.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention, and taking into consideration the expertise of the Advisory Committee on Heritable Disorders in Newborns and Children established under section 1111, shall provide for the coordination of national surveillance activities, including—
“(1) standardizing data collection and reporting through the use of electronic and other forms of health records to achieve real-time data for tracking and monitoring the newborn screening system, from the initial positive screen through diagnosis and long-term care management; and

“(2) by promoting data sharing linkages between State newborn screening programs and State-based birth defects and developmental disabilities surveillance programs to help families connect with services to assist in evaluating long-term outcomes.”.

SEC. 6. HUNTER KELLY RESEARCH PROGRAM.

Section 1116 of the Public Health Service Act (42 U.S.C. 300b–15) is amended—

(1) in subsection (a)(1)—

(A) by striking “may” and inserting “shall”; and

(B) in subparagraph (D)—

(i) by inserting “, or with a high probability of being recommended by,” after “recommended by”; and

(ii) by striking “that screenings are ready for nationwide implementation” and inserting “that reliable newborn screening
 technologies are evaluated and ready for use”; and

(2) in subsection (b) to read as follows:

“(b) FUNDING.—In carrying out the research program under this section, the Secretary and the Director—

“(1) shall ensure that entities receiving funding through the program will provide assurances, as practicable, that such entities will work in consultation with the appropriate State departments of health; and

“(2) may accept, use, and dispose of donations and bequests from private for-profit and non-profit entities, in accordance with Federal law.”.

SEC. 7. AUTHORIZATION OF APPROPRIATIONS FOR NEWBORN SCREENING PROGRAMS AND ACTIVITIES.

Section 1117 of the Public Health Service Act (42 U.S.C. 300b–16) is amended—

(1) in paragraph (1)—

(A) by striking “$11,900,000” and inserting “$31,000,000”;

(B) by striking “2015” and inserting “2020”; and

(C) by striking “2019” and inserting “2024”; and
(2) in paragraph (2)—

(A) by striking “$8,000,000” and inserting “$29,650,000”;

(B) by striking “2015” and inserting “2020”; and

(C) by striking “2019” and inserting “2024”.

SEC. 8. INSTITUTIONAL REVIEW BOARDS; ETHICS GUIDANCE PROGRAM.

Section 12 of the Newborn Screening Saves Lives Reauthorization Act of 2014 (42 U.S.C. 289 note) is amended to read as follows:

“SEC. 12. INSTITUTIONAL REVIEW BOARDS; ETHICS GUIDANCE PROGRAM.

“Research on nonidentified newborn dried blood spots shall be considered secondary research (as that term is defined in part 4 of section 46.104 of title 45, Code of Federal Regulations) with nonidentified biospecimens for purposes of federally funded research conducted pursuant to the Public Health Service Act (42 U.S.C. 200 et seq.).”.

SEC. 9. NAM REPORT ON THE MODERNIZATION OF NEWBORN SCREENING.

(a) STUDY.—Not later than 60 days after the date of the enactment of this Act, the Secretary of Health and Human Services shall seek to enter into an agreement
with the National Academy of Medicine (in this section referred to as “NAM”) (or if NAM declines to enter into such an agreement, another appropriate entity) under which NAM, or such other appropriate entity, agrees to conduct a study on the following:

(1) The uniform screening panel review and recommendation processes to identify factors that impact decisions to add new conditions to the uniform screening panel, to describe challenges posed by newly nominated conditions, including low-incidence diseases, late onset variants, and new treatments without long-term efficacy data.

(2) The barriers that preclude States from adding new uniform screening panel conditions to their State screening panels with recommendations on resources needed to help States implement uniform screening panel recommendations.

(3) The current state of federally and privately funded newborn screening research with recommendations for optimizing the capacity of this research, including piloting multiple prospective conditions at once and addressing rare disease questions.

(4) New and emerging technologies that would permit screening for new categories of disorders, or
would make current screening more effective, more efficient, or less expensive.

(5) Technological and other infrastructure needs to improve timeliness of diagnosis and short- and long-term follow-up for infants identified through newborn screening and improve public health surveillance.

(6) Current and future communication and educational needs for priority stakeholders and the public to promote understanding and knowledge of a modernized newborn screening system with an emphasis on evolving communication channels and messaging.

(7) The extent to which newborn screening yields better data on the disease prevalence for screened conditions and improves long-term outcomes for those identified through newborn screening, including existing systems supporting such data collection and recommendations for systems that would allow for improved data collection.

(b) REPORT.—Not later than 18 months after the effective date of the agreement under subsection (a), such agreement shall require NAM, or such other appropriate entity, to submit to the Secretary of Health and Human
Services and the appropriate committees of jurisdiction of Congress a report containing—

(1) the results of the study conducted under subsection (a);

(2) recommendations to modernize the processes described in subsection (a)(1); and

(3) recommendations for such legislative and administrative action as NAM, or such other appropriate entity, determines appropriate.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $2,000,000 for the period of fiscal years 2020 and 2021 to carry out this section.
