PROFESSIONAL EXPERIENCE

2008 - Present   Intel Corporation
Director, Global Cybersecurity and Internet Governance Policy
- Develop and lead Intel's global policy strategy and engagements on security and privacy policy topics including cybersecurity, product security assurance and supply chain security, critical infrastructure protection, and cryptography.
- Develop and lead Intel's Intel's Internet governance strategy including engagement with governance organizations, participation in the Internet Governance Forum (IGF) and participation on delegations to ITU meetings.
- Lead global team with staff in seven countries.
- Work with Intel's business unit and product teams to meet policy objectives in the design and manufacture of Intel products.
- Provide leadership to a select team of experts who integrate privacy and security processes and objectives into Intel's product development cycle.
- Represent Intel at external conferences and speaking engagements and chair global security committees in industry organizations including Business Action for the Information Society (BASIS), Business and Industry Advisory Council to the OECD (BIAC), the Information Technology Industry Council (ITIC).

2008   Independent Consultant

- Information Technology Association of America (ITAA - now TechAmerica) – Acting Vice President for Information Security and Global Public Policy.
  - Managed ITAA engagement in information security efforts both domestically and internationally and ITAA engagement in multilateral and international forums on security and policy issues.
  - Represented ITAA global public policy and information security interests at the Organisation of Economic Cooperation and Development (OECD) Ministerial Meeting, Seoul, Korea (June 2008).
- Department of Homeland Security contracted through Booz Allen Hamilton – Australian liaison to the Cyber Storm II international cybersecurity coordination exercise.

2007   Organisation of Economic Cooperation and Development (OECD)
Official

- Conducted research and policy analysis on information security issues including malware and the protection of critical information infrastructures in OECD member countries.
- Primary author of an *Analytical Report on Malicious Software*.
- Co-authored a series of comparative policy analyses of critical information infrastructure protection and a recommendation to the OECD Council.
- Developed the "Confidence" theme for the 2008 OECD Ministerial on The Future of the Internet Economy.
- Served as liaison between the OECD and other international organizations including the Asia Pacific Economic Cooperation (APEC) and the International Telecommunications Union (ITU).
- Developed and coordinated the OECD Open Forum on Malware at the 2007 IGF.
- Represented the OECD at external events and speaking engagements.

2006   Booz Allen Hamilton
Associate

- Represented National Cyber Security Division (NCSD) policy positions by leading engagements in multilateral and international organizations addressing cyber security, counterterrorism and critical infrastructure protection. Partners included the OECD, APEC, the Organization of American States (OAS), the United Nations (UN) and the Group of 8 (G8).
- Primary author of US input to the OECD Working Party on Information Security and Privacy's policy analysis on the protection of critical information infrastructures.

- Worked to build information sharing relationships for cyber security and watch, warning and incident response with key international partners.
- Managed a team of five people and a budget of over $300k.

2003 – 2006   Booz Allen Hamilton
Consultant and Senior Consultant

- Provided full time, on-site program management support to the US DHS NCSD International Affairs Program.
- Authored programmatic briefs and strategic issue papers for NCSD engagement in bilateral meetings with key international partners, major, multilateral international organizations, and regional economic and security cooperation forums.
- Managed international participation in the NCSD cyber exercise program including the first ever US national cybersecurity coordination exercise, Cyber Storm.
- Engaged in Booz Allen team leadership, management and business development activities including contract management and proposal writing.

2002 – 2003   Kaye Scholer, LLP
Legal Assistant

- Responsible for case management including establishing new case files, daily maintenance of files, and organization of pertinent documents such as transcripts, exhibits, pleadings and correspondence.
- Supported firm attorneys in all aspects of legal practice including researching and investigating legal precedent, preparing complex litigation issues, legal documents and ongoing cases, and translating documents from French to English.
- Conducted legislative and corporate research for business development purposes.
