

OBJECTIVE ANALYSIS. EFFECTIVE SOLUTIONS.

Caolionn O'Connell

Senior Physical Scientist; Professor, Pardee RAND Graduate School

Santa Monica Office

Education

Ph.D. in physics, Stanford University; B.A. in physics, Harvard University

Caolionn (pronounced KEY-lin) O'Connell is a senior physical scientist at the RAND Corporation. She primarily works in the national security sector, with a focus on cyber warfare and resource management. Her recent work has focused on supply chain issues.

Prior to joining RAND, she worked as a research staff member at the Institute for Defense Analyses (IDA) and as a government civilian in the Office of Cost Assessment and Program Evaluation in the Office of the Secretary of Defense. She holds a Ph.D. from Stanford and a B.A. from Harvard, both in physics.

The RAND Corporation is a research organization that develops solutions to public policy challenges to help make communities throughout the world safer and more secure, healthier and more prosperous. Visit us on the Web at www.rand.org.
