Dan Nicholson
General Motors Vice President
Global Propulsion Systems

Dan Nicholson has held the position of General Motors Vice President of Global Propulsion Systems since December of 2014. As Vice President, Dan holds global responsibility for propulsion system design, development, and testing of gasoline and diesel engines, transmissions, and electrified propulsion systems for General Motors. Dan has held several leadership roles at General Motors including Executive Director for Powertrain Embedded Controls, Vice President of Powertrain Europe, and Vice President of Global Quality. Nicholson holds a bachelor of science degree in mechanical engineering from General Motors Institute (now Kettering University), a master of science degree in mechanical engineering from Texas A&M University, and a master of business administration degree from Stanford University. Nicholson is the President of FISITA, a trustee of the SAE Foundation and a director of the Engineering Society of Detroit.
