Sandra B. Dunphy

Director, Energy Compliance Services

Sandra Dunphy has more than 30 years of experience working with energy companies in North and South America, Europe and Asia and is nationally recognized as a Renewable Identification Number expert within the United States renewable fuels industry. With a practice specialization in Environmental Protection Agency (EPA) compliance and fuels consulting, Sandra brings extensive technical experience and knowledge to each of her clients. In addition, Sandra developed a premiere EPA fuel credit trading business in the United States, coordinating hundreds of transactions per year. She is experienced in industrial energy conservation strategies and energy distribution networks, has extensive contract negotiation experience in electricity, natural gas, and liquid fuels, as well as having managed financial hedging strategies for energy producers and purchasers.

Sandra is a member of the fuels subcommittee for the National Petrochemical and Refiners Association and is also a member of the Advanced Biofuels Association and the National Biodiesel Board. She graduated with a bachelor's degree in civil engineering from the University of Delaware.

Professional Experience

- More than 30 years of experience working with energy companies in North and South America, Europe and Asia
- Specializes in EPA compliance and fuels consulting for the petroleum and renewable fuel industries
- Nationally recognized as an RFS Renewable Identification Number expert in the U.S. renewable fuels industry
- A much sought-after speaker at conferences related to renewable fuels
- Developed a premiere EPA fuel credit trading business in the U.S., coordinating hundreds of transactions per year, with a total value of over \$200 million
