

Diversity and Inclusion in the Intelligence Community  
Ranking Member Devin Nunes  
23 May 2019

Thank you, Mr. Chairman.

I'd like to thank our witnesses, Kari Bingen, Harry Coker, and Rita Sampson for appearing before the Committee today.

The ODNI 2019 National Intelligence Strategy highlights diversity in one of its seven enterprise objectives in order to provide the foundation for integrated, effective, and efficient management of mission capabilities across the Intelligence Community.

The IC competes to employ the brightest individuals from diverse backgrounds, experiences, and intellectual perspectives.

I thank the witnesses and yield back the balance of my time.
