

**ANNE K. REYNOLDS**  
**ALLIANCE FOR CLEAN ENERGY NEW YORK**

---

**WORK EXPERIENCE**

---

**ALLIANCE FOR CLEAN ENERGY NEW YORK (ACE NY)**

*Executive Director*, May 2014 – present

- Advocate for strengthened and improved clean energy policy improvements in New York State on behalf of diverse renewable energy technologies and energy efficiency companies;
- Provide executive management of membership-based, non-profit clean energy advocacy organization;
- Participate in relevant proceedings before the New York State Public Service Commission;
- Represent ACE NY to media, in coalitions, and in appearances before NYSERDA and Governor's Office;
- Oversee legislative program; develop annual priorities and strategies for ACE NY legislative consultant; and
- Manage membership recruitment and retention activities, annual conference planning, and Board activities.

**NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION**

*Deputy Commissioner for Administration*, September 2011 — May 2015

- Provided executive management of Division of Management and Budget Services; oversee budget allocations and fiscal systems with annual budget > \$900 million.
- Directed human resources management, internal controls process, and IT planning for staff of 2,900+
- Provide executive management for Division of Operations, with staff of ~400, which manages and maintains 52 campgrounds, hundreds of recreational and natural resource facilities, four residential environmental camps, four education centers, fish hatcheries, research facilities, laboratories, and offices.
- Developed and oversaw implementation of annual Capital Plan (\$20M) and New York Works (\$180M).
- Directed DEC's implementation of the Environmental Protection Fund (~\$80 million/year) including allocating funds to projects, tracking progress, and overseeing contracting processes.
- Provided leadership for the creative problem solving necessary to address numerous, daily, fiscal and operational issues facing a large, diverse, and controversial state agency.
- Served as Commissioner's designee on Green Jobs/Green NY Advisory Board; Build Smart Executive Steering Committee (EO 88); and Natural Heritage Trust Board of Directors.

*Assistant Commissioner for Policy and Planning*, December 2008 — September 2011

- Served as principal policy advisor to Commissioner and Executive Deputy; created annual process to develop program priorities with Executive Team and Division Directors.
- Provided executive management responsibility for Office of Legislative Affairs, including tracking of state & federal legislative issues; annual development and promotion of departmental and program bills; annual development of Article VII budget proposals; delivery of statutorily required reports; and ensuring responsiveness to elected officials. Continued to direct Commissioner's Policy Office, as described below.

*Director, Commissioner's Policy Office*, May 2007 — December 2008

- Managed activities and staff of the Policy Office; supervised and supported diverse projects, including:
  - Developing Commissioner Policy on climate change action and DEC activities
  - Developing Commissioner Policy on integrating energy use and greenhouse gas emission into SEQR; supporting rulemaking to issue redesigned Environmental Assessment Form for SEQR
  - Coordinating inter-agency efforts to develop "No Discharge Zone" applications to U.S. EPA
  - Designing and launching *Be Green* organic lawn care licensure program
  - Developing State Solid Waste Management Plan; promotion of product stewardship models
  - Development and implementation of EO 4, Agency Sustainability and Green Procurement
- Served on the Governor's Smart Growth Cabinet; liaison to EFC on smart growth & energy efficiency initiative; liaison to Technical Work Group for NYS's Interim Climate Action Report (under EO 24).

**UNION COLLEGE**, Schenectady, NY, March 2006 — May 2007

- Visiting Lecturer in the Political Science Department. Presented three courses: *Politics of Energy and the Environment* (Spring 2006 and Fall 2006); *The Politics of Global Warming* (Spring 2007); and *Political Science Internship* (Fall 2007, Winter 2007, Spring 2007).

**TRIESTE ASSOCIATES**, Saratoga, New York, November 2005 – May 2007.

- Conducted coalition-building and community outreach activities to promote wind energy development projects
- Created communications products, e.g. opinion-editorials, editorial letters, web content, press releases
- Designed and scoped projects, created proposals, communicated with clients, presented project deliverables

**ENVIROMENTAL ADVOCATES OF NEW YORK**, Albany, New York

*Air and Energy Program Director and Programs Director*, October 2000 – November 2005

- Conducted media outreach, advocacy, lobbying, and coalition-building on air pollution and energy issues
- Successfully advocated for increased state investment in energy efficiency and renewable energy
- Researched and analyzed state-level energy policies, proposed legislation, and proposed regulations
- Promoted land-based and offshore wind power projects in New York; served as liaison to other environmental organizations on wind power policies and controversies concerning wind power impacts and siting
- Spearheaded Global Warming Project and represented EANY on Governor's Greenhouse Gas Task Force
- Directed the Clean Smokestacks Campaign to clean up fossil fueled power plants
- Promoted clean vehicles and tracked implementation of New York's low emission vehicle (LEV) program
- Managed three-person policy staff and served as liaison to Board's Policy Committee
- Directed strategic planning, selection of legislative priorities, and workplan development for policy staff
- Supervised EANY's workplan implementation, reviewed/edited all grant proposals and reports
- Presented at numerous venues, including: *Regional Greenhouse Gas Initiative*. State Climate Advocates Strategy Meeting, June 2004 ▪ *Renewable Energy Policies: the RPS and Net Metering*. New York State Bar Association Environmental Law Section, Annual Legislative Forum, April 2003 ▪ *State Level Climate Advocacy: The Carbon Cap Campaign*. National Wildlife Federation National Meeting, March 2003 ▪ *Capping Carbon in New York – A Campaign to Reduce Greenhouse Gas Pollution and Raise Awareness of Global Warming Solutions*. State Environmental Leadership Project Annual Conference, November 2002 ▪ *New York State and Global Warming Action: An Update from Albany*. Cool New York: A Global Warming Summit, November 2002.

**TELLUS INSTITUTE FOR ENERGY AND ENVIRONMENTAL STRATEGIES**, Boston, MA

*Associate Scientist, Risk Analysis Group*, June 1996 – August 2000

- Completed numerous research and consulting projects concerning watershed protection, the urban environment and environmental justice, and public participation in environmental decision-making
- Created and presented numerous lectures, training sessions, and technical assistance workshops
- Advised state agencies and non-governmental organizations on pollution prevention regulatory integration
- Applied skills in all aspects of project management, including developing teams, designing and scoping research, managing staff and budgets, communicating with clients, and presenting project deliverables
- Developed numerous successful grant applications to foundations and government agencies

**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY**, New York, New York

*Environmental Scientist, Water Management Division*, June 1991 - August 1994.

- Served as EPA Region II Stormwater Coordinator, including team writing of national general permits for stormwater discharges and public speaking and outreach on Clean Water Act and Stormwater Program;
- Wrote and issued NPDES wastewater discharge permits for industrial facilities in Puerto Rico
- Audited industrial pretreatment programs of sewage treatment plants in New York State

## EDUCATION

---

**Yale University**, School of Forestry and Environmental Studies, New Haven, CT

Masters of Environmental Studies, focus on Industrial Environmental Management, 1996.

**Tufts University**, Medford, MA, Bachelors of Science in Biology and Environmental Studies, 1990.
