

As a person who researches the abuse of native Americans in the boarding schools and all i ask is you all give me the chance to tell you more at a later date.

The US Government used MKUltra mind control to abuse students.

They also tested the students on ESP this abuse must be fully understood and Please do not allow anyone to not hear my words., Mind Control abuse was from the 1940-1973 era and the abused live in our lives today often drugged or a drunk. Give them hope do not allow the abuse they got to go unknown. Thank you
