Trump just said that if he hadn't fired FBI Director Comey, he'd be in "big trouble" now, because Comey was coming after him.

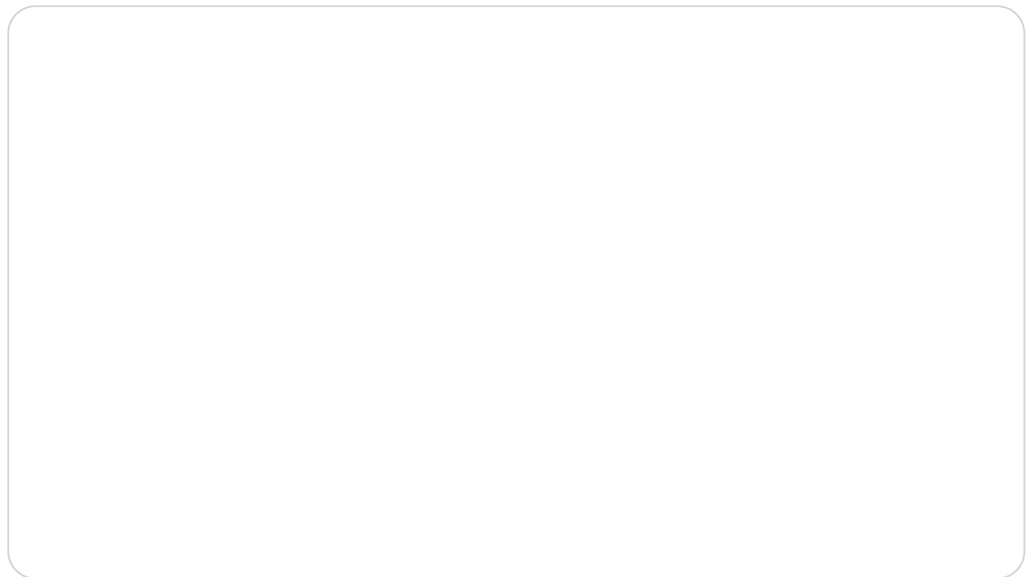

That description will give ammunition to those arguing an obstruction of justice case.

2016 Trump Supporters: "We love him because he says what he means. He literally tells us exactly what he is feeling, no double speak".

2019 Trump Supporters: "That's not what he really means. You are trying to pick apart a joke. Don't take him literally" ❤️ 694

This bothers me to no end. Are his supporters so misguided about their own intelligence that they are completely unable to admit they were WRONG, no matter what the evidence?

With, like, evidence of crimes?

Amazing what Trump says and does the day after he thinks he got away with something. See: Mueller testifies (July 24), Trump threatens Zelensky (July 25). Imagine, should he win re-election, what he will do on Wednesday, Nov 4.
