

**AMENDMENT TO THE COMMITTEE ON THE JUDICIARY AUTHORIZATION AND
OVERSIGHT PLAN FOR THE 119TH CONGRESS**

Offered by Ms. Scanlon

On page 8, strike “the FBI’s purge of conservative agents from within its ranks and whistleblower retaliation” and replace it with “the Trump Administration’s directive, in a memorandum titled ‘Terminations,’ to compile a list of thousands of veteran agents and FBI employees who helped to identify and arrest individuals who attacked the United States Capitol Building on January 6, 2021, and the effect of that politically-motivated threat on morale and effectiveness at the FBI.”
