

John is the CEO of Raven, the first and only 501(c)4 group focused on child exploitation in the United States, John works with lawmakers, advocates, agencies, and organizations who are willing to challenge the status quo and fight to protect our most vulnerable citizens. Prior to that John spent 25 years in the New Jersey State police where John had spent his last six years as The Internet Crimes Against Children Commander where he led a team of 200 investigators. In that capacity John served as Chair of the Outreach Committee, and US representative to INTERPOL. John developed a penchant for neuroscience, understanding social engineering and how criminals lured their victims and in return used those same techniques to lure criminals out of the shadows. John made it is mission to protect the innocent and leveraging partners skillsets in order to accomplish that. John's Task force arrested over 1500 individuals that preyed on the innocent. John has developed and teaches classes on Cognitive Interviewing. John speaks frequently regarding leading and managing large scale investigations, leadership, online grooming, child exploitation, Human trafficking, social engineering, and how technology has impacted society and their behavior. John has written framework for other countries to develop their own investigative units with best practices. John Pizzuro is certified as a Master Neuro Linguistic Practitioner and has an M.A. in Human Resource Development and Training
