

Dr. Lee Kindberg

**Head of Environment and Sustainability,
North America**

Maersk
Charlotte NC

Lee Kindberg is Head of Environment and Sustainability for Maersk in North America, responsible for vessel compliance and initiatives, stakeholder outreach and customer support on supply chain sustainability in North America.

Dr. Kindberg currently serves on the Marine Board of the U.S. National Academies of Science, Engineering and Medicine. She served on the US Environmental Protection Agency's Clean Air Act Advisory Committee and Mobile Source Technical Review Subcommittee and co-chaired the EPA Ports Workgroup from 2014-2016. She is also active in Business for Social Responsibility's Clean Cargo Group, a global group dedicated to assessing and improving the environmental impact of shipping.

Dr. Kindberg received a B.S. in Chemistry from the University of Alabama and a Doctorate in Chemistry from the University of South Carolina. She has an extensive background in the chemical industry, where she was Director of Government Relations & Environmental Science for the Hoechst Celanese Fibers & Specialty Chemicals Groups. She was active in national and state industry groups and served on the Boards of several state chemical and industry associations. She joined Maersk in 2005.

About Maersk

Maersk is an integrated container logistics company, connecting and simplifying trade to help our customers grow and thrive. With a dedicated team of over 76,000 colleagues, operating in 130 countries; we go all the way to enable global trade for a growing world. The business includes Maersk, Safmarine, SeaLand – A Maersk Company, Svitzer, APM Terminals, Hamburg Sud, and the most recent acquisition in 2019 of Vandegrift, a U.S. Based Customs and House Brokerage company.
