SEC. 3. BUDGET CONTROL.

The amounts authorized to be appropriated under this Act for the National Science Foundation, the National Institute of Standards and Technology, and Department of Energy civilian research and development activities for fiscal years 2016 and 2017 are consistent with the applicable limits for discretionary, nonsecurity purposes contained in section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985. If such limits are repealed, replaced, or modified to account for increased allocations, any such increases shall be allocated among the accounts for those agencies and activities in a manner proportional to the authorization levels in this act.
