

Eric Allison Bio

Eric Allison

Head of Aviation, Uber

Eric Allison is the Head of Aviation Programs at Uber. Previously, Eric spent eight years at Zee Aero leading the development of the Cora vehicle, a two-place self-piloted air taxi. He was part of the founding team at Zee, and served as CEO from 2015 to 2018. Eric received his B.S. in mechanical engineering from Milwaukee School of Engineering and his M.S. and Ph.D. from the Department of Aeronautics and Astronautics at Stanford University, studying under a Stanford Graduate Fellowship. Eric lives with his wife and young daughter in Mountain View, CA and enjoys hiking and re-discovering the area through the eyes of his child.
