Mike Sicilia
Co-Chief Executive Officer
Oracle Corporation
2300 Oracle Way
Austin, TX 78741

Dear Mr. Ellison and Mr. Sicilia:

Pursuant to Rule X of the House of Representatives, the Committee on Veteran's Affairs general oversight authorities, we write today to request Oracle produce and preserve all documents and communications between Oracle Corporation and the White House and the Department of Veterans Affairs (VA) concerning the VA Electronic Health Record Modernization (EHRM) program.

We continue to have serious questions about the circumstances that led to a nearly three-fold increase in the EHRM contract ceiling from $10 billion to $27 billion, despite persistent implementation challenges and system deficiencies that remain unresolved. Considering Mr. Ellison's relationship with President Trump and Oracle's significant lobbying expenditures, we request these documents and communications to fully understand the extent of Oracle's engagement with the White House and VA and whether the company or its officers sought to influence Trump administration decisions concerning the EHRM program, and other contracts with the federal government that include work performed at or involving VA.

Accordingly, we request that Oracle produce all documents and communications with any employee or contractor of the White House or VA, including emails, text messages, memoranda,

meeting notes, presentations, briefing materials, calendar invitations, call logs, activity logs, diary entries, audit trails, audit logs, notes from meetings, or other communication or any portion of any such communication created, edited, modified, saved, or received by any former or current employee of Oracle regarding all matters pertaining to Oracle's contractual relationship with VA and contractual agreements with federal agencies that include work performed at or with VA. For the purposes of this request, the relevant time period is January 20, 2025, through the date of production. This request extends to all communications between Oracle, including any employee, contractor, or board member, and the President, Vice President, White House Chief of Staff, Deputy Chiefs of Staff, VA Secretary, VA Deputy Secretary, senior White House advisors, VA political appointees and any other White House or VA personnel concerning any aspect of VA's EHRM program.

Please include records regardless of whether they were created, transmitted, or maintained through official government or corporate accounts, personal accounts or numbers, text messages, messaging applications, or other electronic communication platforms, encrypted or otherwise, used to conduct business. This request also extends to communications involving intermediaries, contractors, or third parties, including, but not limited to lobbyists, acting on behalf of Oracle, Federal Agency, or White House officials.

We further request that Oracle preserve all potentially responsive documents and communications, including electronically stored information and associated metadata, and take all necessary steps to prevent the destruction, relocation, alteration, mutilation, or deletion of such records. To the extent that Oracle uses any auto-delete functions, those should be immediately suspended.

Please produce the requested materials on a rolling basis, with full production no later than 5:00 p.m., EST on **December 4, 2026**, so that they can be fully reviewed prior to Mr. Ellison's testimony before the Committee. If Oracle contends that any responsive materials are being withheld, please identify the records withheld and the basis for withholding them.

Thank you for your attention to this request. Please send all official correspondence and information related to this request to HVAC.Clerk@mail.house.gov. We look forward to your response.

Sincerely,

Mark Takano
