

Dr. Timothy Richardson, M.D.
Director of Advanced Prostate Cancer

Dr. Richardson is a native of south central Kansas. He attended medical school at The University of Kansas from 1998-2002 and completed his urological surgery residency at The University of Nebraska Medical Center, 2002-2008. He is a full partner at Wichita Urology, serving as director of advanced prostate cancer, co-director of clinic trials and director of radiopharmaceutical infusions. He is board certified by the ABU and is a member of the AUA, AACU and SUO-CTC. He currently serves on the board of directors for LUGPA, chair of LUGPA membership committee and serves on the programs committee. Dr Richardson has served as a consultant and speaker for numerous pharma companies regarding prostate and bladder cancer, is co-author on various journal publications and has presented/participated at numerous national meetings. Outside of work, he enjoys golf, running, snow skiing and hunting/fishing.
